Kärcher K2 Deluxe Bundle

Kärcher K2 Domestic Pressure Washer

A small, lightweight pressure washer that's easy to carry and is ideal for all cleaning tasks around the home and garden.

Suitable for cleaning dirt, oil and grease from bicycles, cars, garden furniture and small areas around the house, the Kärcher K2 features a dirtblaster lance which provides up to 50% greater cleaning power than a standard high pressure lance. Also included is a 1-way lance for versatility when tackling those awkward jobs.

The portable washer has 1400W of power with 110 maximum bar pressure. An impact-resistant, recyclable plastic casing effectively prevents dirt particles from damaging the motor and pump.

The hose is 4m long and the K2 Compact has automatic

stop and start functions with detergent suction tube, pressure hose and onboard storage giving a water flow rate of 360 litres per hour.

Kärcher Car Accessory Kit

Kärcher's car cleaning accessory kit is a comprehensive package for all car, van or caravan owners.

Featuring an FJ10 Connect 'n' Clean Foam Nozzle & Ultra Foam Kit offering an extra foam boost for the quick & easy removal of stubborn dirt & organic deposits, this kit makes vehicle cleaning much less time consuming.

Also included is an additional bottle of ultra-foam cleaner which provides extremely effective cleaning foam & a WB 50 wash brush with soft surface protecting fibres for the thorough cleaning of all surfaces.

The Kärcher Car Cleaning Accessory Kit now comes inclusive with

- 500ml of wheel cleaner gel which gently removes brake dust, winter grit & other road dirt from all types of steel, light metal & alloy wheels
- 500ml of Insect Cleaner gently removing insects from paintwork & plastic surfaces, radiator grilles, wing mirrors & windows

The K2 pressure washer normally sells for £99.99 and the Car Accessory Kit for £79.99.

① ISSE Tribologic Textile Snow Chains

ISSE Textile Snow Chains provide excellent winter traction on icy or snow covered roads. Also called “snow socks” because of the way they easily slip over your drive-wheel tyres. Install them anywhere. No special tools or skills are required for fitting. Can be left on even when not on snow or ice so no need to stop and start a journey, saving time and keeping the driver clean. Ideal for commercial use. Made of a special (and incredibly durable) fabric, they fold flat for easy storage in your boot, so you can carry them all the time for added peace of mind. Machine washable. Textile Snow Chains run quiet, and will not damage wheels, tyres, your driveway or garage floor. Each kit is packaged in a clear plastic carry case that includes two Textile Snow Chains and utility gloves. Purchase two kits for four wheel drive vehicles. Available in sizes to fit all tyres.

PER PAIR FOR ALL SIZES FROM **£69.99**

② AutoSock Snow Socks

AutoSock are textile “socks” which you slip over the driving wheels when you need extra grip on ice and snow. Available to fit most car, van and truck sizes. There is only one possible way to fit them so no practice is needed.

AutoSock are reusable and take up minimal space. They work well in all snow conditions, including wet snow, and are therefore particularly appropriate in the UK where snowfall is sporadic and very few people use winter tyres.

PAIR FROM ONLY **£49.99**

③ Snow Chains

Every day chain for small, medium and large cars. The curved shaped chain gives maximum strength whilst keeping the wheel as low profile as possible. Constructed from flexible thick galvanised steel cable. The diamond cross directional pattern provides maximum traction, excellent control and shorter braking distances particularly on steep terrain. Packed in a reusable hard wearing material bag, ready for use season after season.

PAIR ALL SIZES FROM **£19.99**

3 Easy Steps to Choosing the Right Snow Chains or Socks

Snow chains or socks are an extremely useful product if conditions become too extreme to drive on the roads, but making the right choice can be overwhelming. Here at Euro Car Parts we've simplified the process for you.

1. Check the tyre size written on your vehicles tyre sidewalls. The first number indicates tyre width, the second gives you the tyre height ratio and the third denotes the diameter of the wheel, expressed in inches.
2. Visit www.eurocarparts.com and using the selector below identify the correct sized snow chains for your vehicle.
3. A list of snow chains suitable for your car will be displayed – choose the one that applies to your vehicle, job done!

Gift ideas, must-haves

Gift ideas, must-haves

Foliatec Wheel Spray Film

The Spray Film has been designed to offer a straightforward solution to changing the colour of your wheels, ideal as a winter wheel coating, which also provides protection to the original wheel.

The Spray Film, once dried, can be removed by 'peeling' off, which is a lot easier than sanding down and respraying and leaves no residue.

The Spray Film can also be used for almost any use around your car (check spray compatibility with materials prior to use) where you wish to improve the look but perhaps only on a temporary basis.

£39.99

Toxic Green Spray Film Gloss: 993 99 8161

Black Spray Film Gloss: 993 99 8181

Black Spray Film Matt: 993 99 8271

Other colours available.

Milwaukee Heated Gear

**Milwaukee®
M12™ Heated Jacket**

Powered by M12™ REDLITHIUM™ Battery Technology, Milwaukee® M12™ Heated Jackets integrate five carbon fibre heating elements and advanced fabric-layering technology to distribute and maintain heat across core body areas and front pockets. Wind and water resistant, the versatile soft shell construction keeps weather out while high-loft insulation and a thermal fleece lining hold heat in to maximize warmth and reduce the number of layers needed in cold weather conditions.

Milwaukee Heated Jackets are also available in High Vis.

Wipers Got You Confused?

Poor visibility is one of winter's biggest challenges, with 20% of collisions being caused by poor visibility, it's important to make sure your window wipers are in tip-top shape.

Visit www.eurocarparts.com and check our huge range of high quality wiper blades from the leading manufacturers including Bosch, Valeo and Vista Pro. Buying the right wiper blades for your car can make the difference between driving safely and calling for help from the bottom of a ditch.

3 Easy Steps to Find the Right Wiper Blades for Your Car

1. Go to www.eurocarparts.com
2. Enter your registration number into the box provided or select your vehicle from a list
3. We'll look up the details and show you a list of wiper blades suitable for your car. Simply choose the one you like from the list provided!

It is fast, secure and very handy. You can be sure you'll get the right size, the right kind of wiper blades, and that the wipers have the right connector to easily attach to your car.

Not Sure How to Fit Them?

Check out the Euro Car Parts channel on YouTube (**EurocarpartsOfficial**) where you will find easy to follow videos showing how to fit your new wiper blades.

Examples of the many wiper blade connector types available.

Automotive Batteries

Batteries Got You Confused?

Visit www.eurocarparts.com and check our huge range of batteries from the leading manufacturers including Bosch, Exide, Duracell and Lion. Buying the right battery for your car is very important, if the replacement battery has considerably less capacity than the OE battery, it may not crank the engine adequately at cold temperatures.

Finding the best battery for your car can be confusing; we've created our vehicle registration lookup tool to help you find the right battery for your car.

3 Easy Steps to Find the Right Battery for Your Car

1. Go to www.eurocarparts.com
2. Enter your registration number into the box provided or select your vehicle from a list
3. We'll select a list of batteries that are right for your car. Choose the one that fits your driving conditions and power up your vehicle!
