ITU AbsorbTech is one of the largest **family-owned** industrial laundry service companies. We help facilities **eliminate waste streams & support safety goals** with reuse programs including towels, absorbents, garments, & industrial safety mats.

**ITU AbsorbTech**®  
*Cleaner, safer solutions for industry*

# Cleaner, safer solutions for industry

## The Genuine Service Excellence Team

Our full-service, team management approach will service your facility with cleaner, safer solutions. You will realize significant savings through a program that fits your budget and your facility's needs.

Our program stands out because of our exceptional people. Here's why:

- **Award-winning training program** - All employees become certified in Genuine Service Excellence or Production Excellence. Our training program was recently ranked with Coca Cola and UPS as one of the world's best.
- **Experienced and team-oriented** - Our service team boasts an average tenure of over 15 years. We have a culture of working as a team to service your account.
- **Safety first** - We follow strict adherence to your facility's safety requirements and take pride in our awards recognizing ITU AbsorbTech as a leader in safety.

# 5 reasons to use Sorblts® & Ultras™

*Pictured: Sorblts® SuperSocks™ and Sorblts® Natural Mats*

# Simple, hassle-free programs

*Pictured: Ultra™ Red Shop Towels*

## How it works

A Genuine Service Excellence team will monitor your budget and manage your program completely.

### You use Sorblts® Absorbents & Ultras™ Towels

Absorbs synthetic oils, hydraulic fluids, solvents, process fluids.

### You get a custom waste reduction report

We quantify your waste reduction to showcase your environmental achievement.

### We pick-up & deliver

We pick up soiled & deliver clean Sorblts® & Ultras™ to specific work stations or storage areas on a dependable schedule.

### We manage inventory

We recommend adjustments up or down with your written approval.

### We recycle oils and solvents

Sorblts® & Ultras™ are cleaned at our ISO 14001 facilities and recovered oils are reused in industry.

### You save time and money

Enjoy significant cost savings compared to alternatives & disposables.

SorbIts®

# Eliminate a solid waste stream

Sorblts® & Ultras™ are professionally laundered for reuse

Solid waste stream elimination and environmental reporting is an important part of corporate sustainability initiatives. Sorblts® & Ultra™ programs have a measurable impact in pounds of solid waste eliminated from landfill. Through the use of Sorblts®, & Ultra™ solutions, your facility will:

- Divert tons of non-hazardous fluids from landfills and the sewer system annually.
- Support ISO 14001 and other sustainability objectives by conserving water, air, and utilization of raw materials.
- Eliminate the need for costly solid waste disposal, manifesting and incineration.

Our **Environmental Engineer, Jodi Drew**, is available as a resource for waste stream elimination, solvent recovery and compliance questions.

## Achievement in Waste Reduction

SorbIts®

### UNITED STATES ARMY RESERVE

is recognized for its corporate environmental initiatives to reduce solid waste in support of ISO 14001 objectives from January 1 through December 31, 2016. By utilizing the Sorblts® System including launderable, reusable textiles and managed service programs, your company eliminated the following solid waste

- 2,500 lbs. of industrial wiping towels
- 2,500 lbs. of waste oil absorbents
- 1,000 lbs. of restroom hand towels
- 1,000 lbs. of mop heads
- 500 lbs. of filter bags

AbsorbTech®  
Cleaner, safer solutions for industry

SorbIts®, Ultra™ Towel, Cotton Roll Towel, Mop and Filter Bag programs are Zero to Landfill Solutions supporting our customers' sustainability and waste stream elimination goals.

## Significant cost savings compared to alternatives

Customers save **15%-30%** over disposable absorbents & towels by switching to reusable program. Here's how:

- ✓ Sorblits® & Ultras™ last longer and absorb more than than disposable absorbents.
- ✓ No disposal or incineration costs. Sorblits® & Ultras™ are professionally laundered for reuse.
- ✓ Sorblits® & Ultras™ reduce soft labor costs. No ordering, storing, or manifesting required.

Pay-by-the-drum reusable absorbent & towel programs cost **40%-60%** more than our programs. Here's why:

- ✓ Our cleaning standards are unmatched so you need less product to do the job. Sorblits® & Ultras™ are processed in our ISO 14001 certified facilities.
- ✓ We manage your inventory so you have enough product to do the job but not too much to create unnecessary cost. We do not charge by the drum.
- ✓ With our StraightUp!™ billing practices, there are no hidden fees. Invoices are straightforward with no surprises.

# Managed First Aid Program

## How our managed first aid program works

Our certified First Aid Specialists provide first aid cabinet restocking services and regular, scheduled visits to ensure products are up-to-date.

We are 100% committed to helping you comply with OSHA and ANSI first aid workplace requirements. We will only stock your cabinets with products that you authorize.

You will never be charged for our manage service visits. We deliver Genuine Service Excellence through straightforward, honest and reliable service.

ITU First Aid is the best choice:

- Regular four week scheduled visits
- ANSI & OSHA approved individual packaging
- Routine monitoring of expiration dates
- Organized cabinets
- Cabinets sanitized and disinfected during service visits

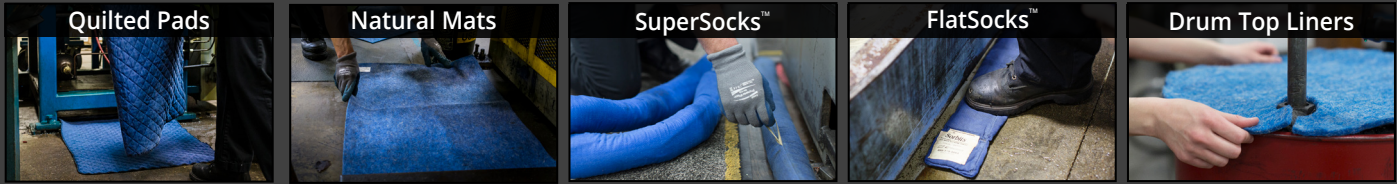

### Your dedicated ITU AbsorbTech First Aid Specialist will:

- ✓ **Install** → Install new first aid cabinets that meet ANSI/ISEA Z308.1-2005 requirements
- ✓ **Clean** → Check & clean first aid stations to ensure function and compliance with regulations
- ✓ **Update** → Remove and discard out-of-date products at all first aid stations
- ✓ **Replenish** → First aid station will be replenished on a regular bases with authorized products
- ✓ **Be Safe** → Comply with safety & personal protection equipment requirements while on site
- ✓ **Check In** → Meet with a designated employee each time first aid stations are serviced
- ✓ **Comply** → Ensure first aid stations meet ANSI's five major areas of first aid needs
- ✓ **Train** → Train employees on effective use of first aid products

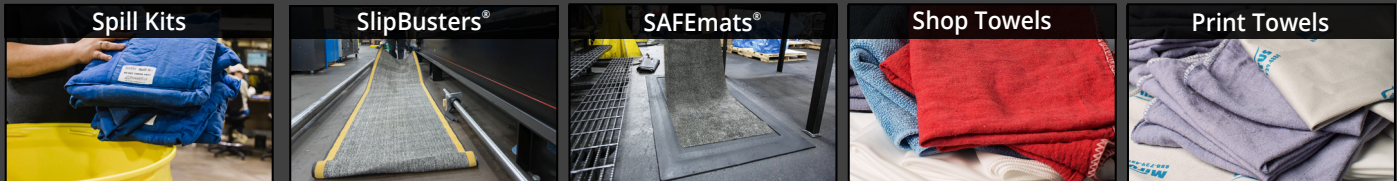

Compare our products, processing and service to alternatives.  
We are confident you'll find our programs the **best** in the industry.
