General Information

Service Applications, Changes and Discontinuances

Application for new service, changes, additions and discontinuances of service should be handled with our business office. A telephone call will enable you, in almost every case, to transact business promptly and satisfactorily.

Service Policy

Our policy is to render a service that will be satisfactory to all our customers. We realize that difficulties may sometimes occur, notwithstanding all our efforts to avoid them, and shall appreciate your comments and suggestions for the betterment of the service of our relations with the public at any time.

Bills and Payments

Bills are rendered monthly and upon presentation are payable by mail. They cover local access charges and long distance charges for a one month period. Prompt payment of bills is requested. If bills become delinquent, service may be denied. When service is denied because of non-payment, a \$10.00 charge is applicable for restoration of service.

SUBSCRIBERS ARE RESPONSIBLE FOR ALL TOLL CHARGES INCURRED FROM THEIR TELEPHONE.

No Charge to Disconnect Service

There is no charge to disconnect service. Call your service representative to disconnect your phone.

Service Interruption

The telephone company does not guarantee the uninterrupted working of lines or instruments. No adjustments will be made for interruption unless same has continued for more than 24 hours and notice is given in the form of a trouble report.

Errors in This Directory

No liability shall attach to or be assumed by the Company for any errors or omissions in the compiling, printing or distribution of its directories. In order that the directory record may contain correct listings at all times, notification of changes or errors should be given at once to the Business Office of the Company.

Property Rights

The customer has no property right in the telephone number assigned. The telephone number remains the property of the Telephone Company, and we reserve the right to make such telephone number changes as may be necessary in the conduct of our business. Telephone directories furnished to subscribers are and remain the property of the

Company and shall be surrendered upon request or destroyed upon delivery of each later issue. Every precaution is taken to prevent errors and omission of directory listings but they may occur and the Telephone Company will assume no liability for damages caused to a subscriber because of such errors or omissions. Please notify us of any errors or omissions.

No binder, holder or auxiliary cover of an advertising nature shall be used in connection with this telephone directory.

“Beep” Tone

A short high “beep” tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation. This signal is provided for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine.

The signal stops when the recorder is disconnected. Use of a recorder without this signal is unlawful.

Tariff Provisions

The communication services furnished by Chickasaw Telephone Company are public utility services which are offered by the Company subject to the rules, regulations and charges set forth in its tariffs. The Company’s tariffs are subject to change and are made available for inspection at Company business offices during office hours.

A Deposit May Be Required

A deposit may be required if you have no source of income, if you have no established credit with any telephone company, or if your past payment record indicates the need for a deposit. The amount of the deposit is based on two months of service and one month of long distance charges. You also have the option of providing a person willing to guarantee payment of your bills if the person has established credit.

Deposits Earn Interest

The Company shall pay interest on deposits according to an annual rate established by the Corporation Commission. The Company shall not pay interest on deposits held for less than thirty days or after discontinuance of service.

IT IS THE RESPONSIBILITY OF THE SUBSCRIBER TO REPORT TROUBLE ON THEIR TELEPHONE

Long Distance Calling

Types of Long Distance Calls

Information about the types of calls available outside Chickasaw Telephone Company's service area can be obtained by contacting your selected long distance company.

Operator Assisted Calls

Information about the types of calls available can be obtained by contacting your selected long distance company.

Toll Free Telephone Numbers

Long distance calls can be made without charge when calling those businesses and people who have TOLL FREE numbers. They offer this service to customers calling from specific locations.

Before making a long distance call to a business in another town, check in your local directory to see if there is a TOLL FREE number listed.

Long Distance Dialing Instructions

The following dialing instructions apply to long distance calls: Contact the long distance company you have selected to confirm dialing instructions.

Long Distance Calling

Long Distance Service

If you place a 1+ call to the area code call, it must be handled by the long distance carrier you have selected. If you are placing a long distance call from a pay phone, you can use the long distance company preselected to service that phone OR dial the necessary codes to access the carrier of your choice. (The long distance company serving each pay phone should be clearly noted on the outside of the phone. You may want to ask that company about rates and billing procedures before placing a long distance call.)

Oklahoma Area Codes

- Oklahoma is divided into long distance calling areas called Local Access Transport Areas (LATA).
- Your Calling Zone (LATA) is Oklahoma City. Your Area Code is 405 or 580.

Long Distance & International Calling

1+Area Code “Equal Access Dialing”

You may access the long distance company you have selected by dialing 1 + or 0 + the area code and the telephone number. A list of long distance companies that are available to Chickasaw Telephone Company customers may be obtained by contacting our business office. Questions regarding these companies’ rates and services can be obtained by contacting the long distance companies directly.

You may also make calls using a long distance company other than the one you have selected to handle your 1 + calls by dialing the appropriate seven digit access code (1010XXX) for that company. You will need to establish an account with each long distance company you wish to use. Each long distance company can provide you with their seven digit access code.

International Calling

If you have selected a company to provide your international long distance service, please follow the dialing instructions they have provided you.

If you have not selected an international long distance company, these instructions may help you complete your international call. (Additional charges may apply.) To place a direct-dialed international call in areas where 1 + dialing is available:

Dial 011 + country code + city code + local number.

Tip: After dialing any international call, please allow at least 45 seconds for the ringing to begin.

Operator Assistance

Our Chickasaw Telephone Company Operators are available 24 hours a day, 365 days a year, to help you with your long distance and local calling needs. (Charges may apply.)

Reaching the Right Operator

Dial 0 or Dial 0 + Ten-Digit

number if you will be placing an Operator-assisted call.

Dial 00 or Dial 0 +

Area Code + Seven-Digit-Number

to reach your selected long distance company.

Types of Operator-Assisted Calls

Collect Call:

A long distance call in which the person or firm you're calling agrees to pay the charges associated with that call.

Conference Call:

A call that lets you talk with several people in different places, either local or long distance, at the same time.

Person-To-Person Call:

Choose this type of long distance call when you want to speak to only one specific person or extension number. Charges apply only if that person is reached.

Calling Card Call:

A telephone calling card is a convenient way of making long distance calls when away from home. To apply for a calling card, call our business office.

Third-Number-Billed Call:

A long distance call placed away from your home or office but still billed to that phone number, or another phone number if the party agrees to pay for the call. (The operator may verify the third number charge before advancing your call.) When a third-number call is placed from a public (coin) telephone, the operator must verify the third number charge before completing the call.

Coin Call:

From a coin telephone, see the instruction card on or near the telephone, or dial "OPERATOR."

Time & Charges:

Customers, when placing calls, may request from the "OPERATOR" the amount of time charged to the call and the costs associated with the call.

Repair Service

Chickasaw Telephone is responsible for maintenance and repair of the telephone lines to your home. If you need repair, try to determine if the problem is in your wiring or our telephone lines.

If we make a service call and determine the problem is caused by your telephone set or inside wiring and not by our facilities, you will be billed for a service call.

First make sure your receiver is on the hook. If we discover your receiver is off the hook, you may be billed for a service call even if someone else reported the trouble.

Unplug each telephone and test each one by plugging into each wall jack, checking for a dial tone as you go. The telephone that causes the line to go dead is the bad one. Leave the bad telephone unplugged and contact the company that sold it to you for repair or replacement.

If you have just one telephone, unplug it and borrow some-

one else's. If the borrowed telephone works, then the problem is in your telephone set.

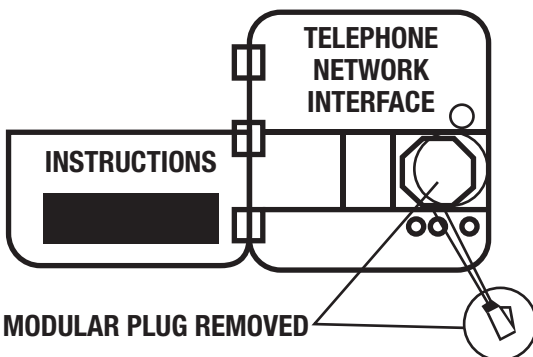

If all telephones appear to be working, take one to the NETWORK INTERFACE BOX on the outside of your home and plug it in. It has a test jack to help locate trouble in the telephone lines. If you are having the same trouble at the NETWORK INTERFACE BOX with a good phone, then the trouble is in Chickasaw Telephone lines and you should call our repair service.

If you have reported that you are unable to make or receive calls and your line is out of order for 24 hours or more from the time of the report you are entitled to a credit on your next bill for part of the local service charges.

If the adjustment does not appear on your next bill call the business office.

REPAIR MAINTENANCE PROGRAM

To protect you from service call charges, our repair maintenance program covers the cost of our trip to your home to repair inside wiring and jacks. It also covers the cost of the trip to determine if the problem is in your telephone set.

REPAIR SERVICE NUMBER
1-800-344-3401

Hearing and Speech Impaired

Welcome To Relay Oklahoma For The Hearing & Speech Impaired

If you live or work in Oklahoma, you can take advantage of the state's new relay communications service, offered by Sprint. Known as Relay Oklahoma, the service will be provided 24 hours every day, with no restrictions on the length or number of calls placed.

To Access Relay Oklahoma, Callers Can Dial Either Toll-Free Number:

(The center can be reached from anywhere in the state using either number.)

1 800 722 0353 (TTY/Voice)

1 800 522 8506 (TTY/Voice) or dial 711

What You Need To Know

• Relay Oklahoma is Strictly Confidential

All calls will be kept private, and no records or conversations will be maintained. Relay customers agents will not share information regarding the contents of any relay call, unless they are required to do so by state or federal law.

• What To Do In An Emergency

In case of emergency, please call the TTY-equipped 9-1-1 center or emergency services center in your Oklahoma community. You will need to verify the phone number for emergency TTY calls in your area. Remember: Calls placed directly and immediately to the local TTY emergency number can save valuable time in urgent situations.

• Your Communications Options

If you ask, Relay Oklahoma offers you different ways for your calls to be handled. Here are your options:

Ask the relay agent to type and speak exactly what is said.

(Result: The agent will reproduce the exact conversation.)

Ask the agent not to announce your call.

(Result: The agent will not initially ask the calling party if he or she has ever received a relay call, and will not explain the service.)

Ask the agent to use voice or hearing carry-over.

(Result: This provides direct communication when callers who are deaf, hard-of-hearing, or speech disabled use their own voice or hearing.)

• Using Directory Assistance

Please refer to your local directory for the directory assistance number.

• Relay Oklahoma Billing Procedures

- There are no fees or charges for using the relay service within your local calling area.

- Long distance calls made through Relay Oklahoma will be billed at a reduced rate. This discount is given to compensate for the additional time needed to place a call through the relay service. Rates are available.

- Direct dial, collect calls, third-party calls, credit card and calling cards are welcome through the relay service. Simply identify your billing method.

• State-To-State/International Calling

Relay Oklahoma lets you place calls to and receive calls from anywhere in the continental United States. In addition, Relay Oklahoma enables you to make international calls to anywhere in the world.

• Computer Call Processing

You may access Relay Oklahoma with your computer by dialing either 1-800-722-0353 or 1-800-522-8506. Set your communications software to the following protocol at speeds ranging from 300 to 2400:

a. 8 bit **b.** No Parity **c.** 1 Stop Bit **d.** Full Duplex

When calling at a rate of 300 or below, follow the above settings using Half Duplex. (Note: It may be helpful to set your "time out" to 100 seconds.)

If you need more information on Relay Oklahoma, please feel free to call our Customer Service Center:

1-800-676-3777 (TTY/Voice)
Relay Oklahoma c/o Sprint
P.O. Box 7910
Shawnee Mission, KS 66207

Helpful Facts

Fraudulent Charges

It is illegal to charge any calls to another person's telephone number or use a calling card without his/her permission.

Persons placing such calls are subject to prosecution and, if convicted, are subject to a fine and/or imprisonment.

Harassing Calls

State and federal laws make it a crime to place obscene or harassing calls. The penalty is a fine and/or imprisonment.

Obscene or Annoying Calls

We hope it does not happen, but if you should receive obscene, abusive, or threatening calls, here are some guidelines to follow:

- Just remember, you control your phone, not the caller. So, hang up at the first obscene word. Also, hang up if the caller remains silent after the second time you say hello.
- Do not give your name or address until the caller has been properly identified.
- Advise your children or guests not to give out any information about who is at home when you are away. Simply ask the Caller to leave a message or to call back.
- If unwanted calls persist, call Chickasaw Telephone Company at 1-800-344-3401.

Unlawful Wiretapping

It is a crime under federal and state laws to wiretap or otherwise intercept a phone call unless the consent of one or both of the parties actually participating in the call has been obtained. (The exceptions are properly authorized law enforcement offices, acting under court order, according to state and federal laws.) The penalty for illegal wiretapping can be a fine and/or imprisonment.

Phone Safety Tips

Your telephone is one of the safest appliances in your home or office. All the same, there are a few precautions you can take:

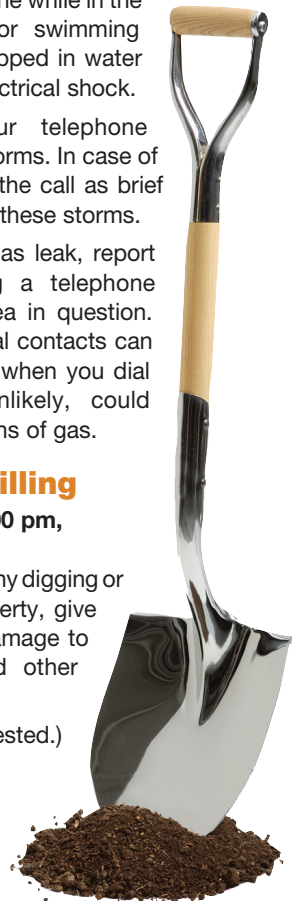

- Do not use the phone while in the bathtub, shower or swimming pool. A phone dropped in water could cause an electrical shock.
- Avoid using your telephone during electrical storms. In case of emergency, make the call as brief as possible during these storms.
- If you suspect a gas leak, report it at once, using a telephone away from the area in question. A phone's electrical contacts can create tiny sparks when you dial that, although unlikely, could ignite concentrations of gas.

Digging or Drilling

**Hours 7:30 am – 5:00 pm,
Monday-Friday**

Before you attempt any digging or drilling on your property, give us a call to avoid damage to your telephone and other underground lines.

(48-hour notice requested.)
1-800-522-6543

Billing Rights

Dear Chickasaw Telephone Company Customers,

The Federal Communications Commission has made several new rulings regarding 900 pay-per-call service. Because of these rulings, the long distance companies for which we do the billing have requested that we give you the following information.

Statement of 900 Billing Error Rights

The following document outlines your rights regarding telephone-billed purchases made using interstate 900 pay-per-call services that are billed to you through your local telephone company.

Your rights, the rights of your telephone company, and those of your local telephone company of a billing error and the steps that we or your long distance company must take in response to your notice:

You may provide notice of a billing error to your local telephone company in writing. You should include the following in your written notice:

- (1)** Give us your name or the customer's name and telephone number to which the change was billed.
- (2)** Tell us the date and amount of the error, and the type of error you believe occurred: and
- (3)** Tell us why you believe it was an error.

You should contact your local telephone company first, since we have an agreement to receive billing error notifications from customers. You may, however, contact your long distance company if you wish.

You have the right to withhold payment of any disputed amount (relating to 900 billing) pending completion of our billing review, and any action to collect that disputed amount will be suspended pending completion of the billing review. You should not be billed for pay-per-call services not offered in compliance with Federal laws and regulations.

If it is determined that no billing error occurred, your rights and obligations are as follows:

We will transmit to you an explanation setting forth the reasons why it has been determined that there was no error.

If there was an error—even a partial error or an error different than what you asserted—your account will be adjusted appropriately. If you request, we will provide a written explanation and copies of any documentary evidence of the customer indebtedness.

This action will be taken within two months after your notice is received. If you sent your notice to your long distance company, there may be an additional time of up to fifteen days to complete the necessary responsive action.

Your long distance company will notify the provider of the service of the disposition of the billing error investigation and the reasons for that disposition.

Your local telephone company will notify you in writing, normally within your billing statement, of the time when payment is due of that portion of the disputed amount that is determined not to be in error. Payment must be made in the normal course of billing or as otherwise provided, but not less than ten days after the request for payment is made.

Once your local telephone company and your long distance company have complied with FTC rule #308.7 (d) regarding a claim you make of billing error, there is no further responsibility under that section if you continue to make substantially to same claim.

You cannot be charged for a billing review.

Failure to pay the amount determined not to have been the result of a billing error may subject you to a collection action. If either we, or your billing entity, or your long distance company, as a billing entity, fail to follow the billing and collection procedures prescribed by # 308.7 of the Federal Trade Commission rule implementing the Federal Telephone Disclosure and Dispute Resolution Act, we are obligated to forfeit any disputed amount, up to \$50.00 per transaction.

Custom Calling Features

Call Waiting

How It Works:

Call Waiting lets you know someone is trying to call you while you're using the telephone. You can put the first caller on hold and answer the second call.

To Use Call Waiting:

1. When you're on a call, you'll hear a special beep or tone signaling that someone else is trying to reach you.
2. To take the incoming call, press the telephone "switch hook" for one second. This also puts the first call on hold.
3. Press the "switch hook" again to switch between calls.

Call Forwarding

Call Forwarding lets important calls to your number follow you when you can't be near your phone.

To Use Call Forwarding:

1. Dial 72#

Customers without touch-tone service should dial 1172 or dial 72 and wait four seconds.

2. Dial the number to where you want calls forwarded*. If the call is **not** answered, or if it is busy, calls are **not** forwarded. **Repeating** steps 1 and 2 automatically will forward your calls. If the call is answered, Call Forwarding is in effect.

To Cancel Call Forwarding:

1. **Dial 73#.** Listen for two short tones followed by the dial tone. Call Forwarding has now been canceled.

Customers without touch-tone service should dial 1173 and wait four seconds.

* You will be charged for any calls forwarded to a long distance number.

Three-Way Calling

How It Works:

Three-Way Calling lets you talk to two people at two different locations at the same time. Or, you can put one caller on hold while placing a second call.

To Use Three-Way Calling:

1. Dial the first person you're calling and put him or her on hold by pressing the "switch hook" one second.
2. Wait for the dial tone and then dial the telephone number of the person you want to add to the conversation. When that person answers, you can talk privately before adding the first person back into the conversation.
3. Press the "switch hook" for one second to add the first person. Now all three people will be on the line at one time.
4. To disconnect either call, ask one person to hang up. You can then continue the conversation with the remaining person.
5. When you hang up, all callers will be disconnected.

Custom Calling Features

Speed Calling (8 or 30)

How It Works:

Speed Calling lets you dial frequently called numbers with one or two digits. It provides quick calling at your fingertips.

To Set Up Speed Calling 8:

1. Write down the name and the phone number of each person that you want to set up for speed calling. Choose a separate Speed Calling code (from 2 to 9) for each phone number.
2. **Dial 74#**
Customers without touch-tone service should dial 74 and wait four seconds.
3. Wait for the dial tone and dial a Speed Calling code (from 2 to 9).
4. Now, dial the phone number for the Speed Calling code (including a “1” and the area code if it’s a long distance number). Several short tones will confirm your entry.
5. Hang up, then repeat steps 2-4 for each new number.

Note: The numbers 1 and 0 are not Speed Calling codes because 1 is used to place long distance calls and 0 is used for reaching the Operator.

Tip: Jot down the complete numbers associated with your Speed Calling codes. This is helpful when you’re away from home and need to place calls to these numbers.

To Set Up Speed Calling 30:

1. Write down the name and the phone number of each person that you want to set up for speed calling. Choose a separate Speed Calling code (from 20 to 49) for each phone number.
2. **Dial 75#**
Customers without touch-tone service should dial 75 and wait four seconds.
3. Wait for the dial tone and dial a Speed Calling code (from 20 to 49).
4. Now, dial the phone number for that Speed Calling Code (including a “1” and the area code if it’s a long distance number.) Several short tones will confirm your entry.
5. Hang up, then repeat steps 2-4 for each new number.

To Use Speed Calling:

1. Simply dial the Speed Calling Code.
Customers without Touch-tone service should dial the Speed Calling code and wait four seconds.

Note: If you have a touch-tone telephone, you can press the # button to eliminate the usual four second pause after dialing your Speed Calling code.

Note: To reprogram a Speed Calling code, follow steps 1-4 for each code changed.

Voice Mail User Guide

Mailbox Setup

Five Options In Mailbox Setup Menu:

- a. **Press 1:** Greeting options. (You can disregard this step if you choose to use the default greeting).
- b. **Press 2:** Change password.
- c. **Press 3:** Notification Options.
- d. **Press 4:** Disable/Enable Auto-Login.
- e. **Press *:** Return to main menu, new number.

To Change Or Record Your Greeting:

1. **Press 1** - Greeting options.
2. **Press 4** - Record your greeting.
3. **Press #** - End recording function.
4. **Press 1** - Listen to greeting.
5. **Press 2** - Save Greeting. Greeting must be saved to be activated.
6. **Press 3** - Delete Greeting.
7. **Press 4** - Re-record greeting. Then follow steps 3-5 again.
8. **Press *** - Return to mailbox set-up.

Accessing Your Mailbox

How It Works:

1. Dial ____ - ____ - Mail (6245)

Then Either

- a. **Press #** if calling from the phone your voice mail is assigned to **OR**
 - b. If using **Auto Login** and accessing from your home phone no entry is required **OR**
 - c. **Enter your telephone number** if calling from a remote phone.
2. If requested, **enter your password followed by the # key.** Your password will be a default code of "0000" until you change it.
 3. Main Menu:
 - Press 1** to retrieve messages.
 - Press 3** to send.
 - Press 7** for current date and time.
 - Press 9** for mailbox setup.

Voice Mail User Guide

Accessing Your Sub-Mailbox

How It Works:

1. Dial ____-____- **Mail** (6245)
2. If you are the Group Administrator and wish to record a group greeting, **Press *** to access the Group Greeting Menu. A voice prompt will guide you through those steps.

OR

Enter your sub-mailbox number, then press the * key while the greeting is playing to access your voice mailbox.

3. If requested, **enter your password, followed by the # key.** Your password will be a default code of "0000" until you change it.

 - Press 1** to retrieve messages.
 - Press 5** to hear which sub-mailboxes have new messages.
 - Press 9** for mailbox setup.

To Retrieve Messages

How It Works:

Three Options In Message Retrieval Menu:

- a. **Press 1:** New messages.
- b. **Press 2:** Saved messages.
- c. **Press *:** Return to main menu.

Listen To Messages:

1. **Press 1** - Play or re-play message.
2. **Press 2** - Save message and go to next.
3. **Press 3** - Delete message and go to next.
4. **Press 4** - Save message as new.
5. **Press 5** - Replay to message (optional feature).
6. **Press 6** - Forward message (optional feature).
7. **Press 7** - Skip back three seconds.
8. **Press 8** - Pause or continue message.
9. **Press 9** - Skip forward three seconds.
10. **Press *** - Return to main menu.

Chickasaw Telephone Company

CLASS Features

**For More Information Call:
580-622-2111 or 800-344-3401**

Caller ID/Calling Name and Number

Allows you to view the calling party's phone number after the first ring. A special display telephone or call display unit is required to view the calling number.

Call Blocking (*67)

Prevents your phone number from being displayed to the person you are calling. The number is replaced by a "P" (for private) on the called party's display unit.

Automatic Recall (*69)

Redials your last caller even if you couldn't answer in time.

Automatic Callback (*66)

Keeps redialing busy numbers and tells you when the line is free.

Selective Call Forwarding (*63)

Lets you forward preselected incoming calls.

Selective Call Acceptance (*64)

Gives you control over which calls you take.

Distinctive Ringing/Call Waiting (*61)

Announces important calls with a special ring.

Customer Originated Trace (*57)

Allows a customer to automatically initiate a trace of the last incoming call. Special rules apply. Call customer service for details.

Ask About Multi-Feature Discounts!

Calling Features

Calling Name & Number

How To Use:

1. When you receive a call, wait until your telephone completes the first ringing signal.
2. The telephone number calling you—and the name associated with that number in telephone company records—will automatically appear on your display screen.
3. If you choose to answer the call, the name and number will remain on the screen until you or the caller hangs up.

Notes:

- Subscription to Calling Name and Number service requires the lease or purchase of a display telephone or an add-on display unit.
- If a letter “P” or “Private” appears on your display after the first ring, the caller may have blocked the display of their name and number by **pressing *67** (or dialing 1167 on a rotary phone) before placing the call. You can choose whether or not to answer the call.
- If “unknown name,” “unknown number,” “out of area” or “0” appears, the caller is in an area that does not support Calling Numbers services.

Automatic Callback

1. When you hear a busy signal, press and release the “switch hook.” Listen for a special tone.
2. If you’ve already hung up, lift the handset and listen for a normal dial tone.
3. **Press *66** (On a rotary phone, dial 1166.)
4. If the line is still busy, hang up. Your phone will check the number for up to 30 minutes.
5. A special callback ring alerts you if the line becomes free (some phones ring normally).
6. Lift the handset to automatically place the call.

To Cancel Your Callback Request:

1. Depress the “switch hook” and release. Listen for a special dial tone.
2. If you’ve already hung up, lift the handset and listen for a normal dial tone.

3. **Press *86.** (On a rotary phone, dial 1186.)

4. Listen for the confirmation tone or announcement. Hang up.

Per-Call Blocking

How To Use:

1. Lift the handset and listen for the dial tone.
2. **Press *67** (On a rotary phone, dial 1167.)
3. Dial the number you’re calling as usual.
4. The person you’ve called will not be able to see your number displayed on their telephone display screen, instead a “P” or “Private” will be displayed.

Notes:

- You must **dial *67** before each call you place. Otherwise your phone number will be released to the person receiving your call.
- If you have requested Per-Line Blocking from your telephone company, you do not need to dial a code to block your number each time. Your number will always appear as “Private.” To override Per-Line Blocking (allowing your number to be displayed) on an individual call, **dial *67** before placing the call.

Automatic Recall

1. Lift the handset and listen for a normal dial tone.
2. If you were already on the phone and ignored a call waiting tone, press and quickly release the “switch hook.”
3. **Press *69** (On a rotary phone, dial 1169.) Your call will go through like a normal call.

If The Line Is Busy:

4. Hang up. Your phone will keep trying the line for up to 30 minutes.
5. A special callback ring alerts you if the line becomes free. (Some phones ring normally.)
6. Lift the handset to automatically place the call.

To Cancel Your Automatic Recall Request:

1. **Press *89.** (On a rotary phone, dial 1189.)
2. Listen for the confirmation tone or announcement. Hang up.

Calling Features

Selective Call Rejection

How To Use:

1. Lift the handset and listen for the dial tone.
2. **Press *60** (on a rotary phone, dial 1201.)
3. Listen for an announcement telling you whether the feature is currently on or off. The recorded voice will then tell you how many (if any) numbers are currently stored in your rejection list.
4. Follow the voice instructions and dial 3 to turn the feature ON (if it is currently off), or turn the feature OFF (if it is currently on).

To Add the Last Caller To Your Rejection List:

1. **Press #01#** (on a rotary phone dial 1201).

To Hear The Phone Numbers on Your List:

1. **Dial 1.**
2. After the list is read, voice instructions will follow.

To Add The Number To Your List:

1. **Press #.** (On a rotary phone, dial 12.)
2. Follow the voice instructions you'll hear. You can store up to 31 phone numbers in your rejection list.

To Remove A Number From Your List:

1. **Press *.** (On a rotary phone, dial 11.)
2. Follow the voice instructions to remove any or all of those numbers from your rejection list.

To Hear Instructions Again:

1. **Dial 0.**

Note:

- You will not be notified when or how many calls have been rejected.
- You may press 1, 0, # or * at any time rather than waiting for the voice instructions.
- The list you create here is separate from any other lists you may be using for Distinctive Ringing/Call Waiting, Selective Call Acceptance, Selective Call Forwarding and similar services.

Selective Call Forwarding

How To Use:

1. Lift the handset and listen for the dial tone.
2. **Press *63** (on a rotary phone dial 1163.)
3. Listen for an announcement telling you whether the feature is currently stored in your forward list.
4. Follow the voice instructions and dial 3 to turn the feature ON (if it is currently off), or turn the feature OFF (if it is currently on).

To Add the Last Caller To Your Forward List:

1. **Press #01#** (on a rotary phone, dial 1201.)

To Enter Your "Forward-To" Number:

1. The first time you turn on the service, you'll be asked to enter the number you'd like your special calls forwarded to. From then on, the system will simply remind you of the current "forward-to" number.
2. If the current number is correct, **dial 1.**
3. If you wish to change the current "forward-to" number, **dial 0** and then follow the voice instructions.

To Hear The Phone Numbers On Your List:

1. **Dial 1.**
2. After the list is read, voice instructions will follow.

To Add A Number On Your List:

1. **Press #.** (On a rotary phone, dial 12.)
2. Follow the voice instructions you'll hear. You can store up to 31 phone numbers on your forward list.

To Remove A Number From Your List:

1. **Press *.** (On a rotary phone, dial 11.)
2. Follow the voice instructions to remove any or all of those numbers from your forward list.

To Hear Instructions Again:

1. **Dial 0.**

Calling Features

Selective Call Acceptance

To “Turn On” The Service:

1. Lift the handset and listen for the dial tone.
2. **Press *64** (on a rotary phone, dial 1164.)
3. Listen for an announcement telling you whether the feature is currently on or off. The recorded voice will then tell you how many (if any) numbers are currently stored in your acceptance list.
4. Follow the voice instructions and dial 3 to turn the feature ON (if it is currently off), or turn the feature OFF (if it is currently on).

To Add The Last Caller To Your Acceptance List:

1. **Press #01#** (on a rotary phone, dial 1201.)

To Hear The Phone Numbers On Your List:

1. **Dial 1.**
2. After the list is read, voice instructions will follow.

To Add A Number To Your List:

1. **Press #.** (On a rotary phone, dial 12.)
2. Follow the voice instructions you’ll hear. You can store up to 31 phone numbers on your list.

To Remove A Number From Your List:

1. **Press *.** (On a rotary phone, dial 11.)
2. Follow the voice instructions to remove any or all of those numbers.

To Hear Instructions Again:

1. **Press 0.**

Note:

- You may press 1, 0, # or * at any time rather than waiting for the voice instructions.
- The list you create here is separate from any other lists you may be using for Distinctive Ringing/Call Waiting, Selective Call Forwarding, Selective Call Rejection and similar services.

Distinctive Ring/Call Waiting

To “Turn On” The Service:

1. Lift the handset and listen for the dial tone.
2. **Press *61** (on a rotary phone, dial 1161.)
3. Listen for an announcement telling you whether the feature is currently on or off. The recorded voice will then tell you how many (if any) numbers are currently stored in your acceptance list.
4. Follow the voice instructions and dial 3 to turn the feature ON (if it is currently off), or turn the feature OFF (if it is currently on).

To Add The Last Caller To Your Acceptance List:

1. **Press #01#** (on a rotary phone, dial 1201.)

To Hear the Phone Numbers on Your List:

1. **Dial 1.**
2. After the list is read, voice instructions will follow.

To Add a Number To Your List:

1. **Press #.** (On a rotary phone, dial 12.)
2. Follow the voice instructions you’ll hear. You can store up to 31 phone numbers on your list.

To Remove A Number From Your List:

1. **Press *.** (On a rotary phone, dial 11.)
2. Follow the voice instructions to remove any or all of those numbers.

To Hear Instructions Again:

1. **Press 0.**

Note:

- You may press 1, 0, # or * at any time rather than waiting for the voice instructions.
- The list you create here is separate from any other lists you may be using for Selective Call Acceptance, Selective Call Forwarding and similar services.

Calling Features

Customer Originated Trace

How To Use:

1. When you get a nuisance call, press and quickly release the “switch hook.” Listen for a special dial tone.
2. If you’ve already hung up, just lift the handset again and listen for a normal dial tone.
3. **Press *57.** (On a rotary phone, dial 1157.)
4. Listen for a confirmation tone or announcement that the last call has been traced.
5. Hang up.
6. The number you traced will be recorded at the phone company. If you decide to follow up on the matter, we’ll provide that number to the local authorities.

Note:

- The “switch hook” is the button the handset pushes down when you hang up the phone. Some telephones have a Link or Flash key you can press instead.
- Customer Originated Trace must be used immediately after you hang up on the call you want traced. If you get another call, or hear a Call Waiting tone first, you will trace the wrong call.
- In some areas, after you **dial *57**, you’ll hear an announcement that the call can be traced. Just follow the voice instructions to dial an additional code, and the call will be traced.

Anonymous Call Rejection *77

When you have Caller ID, this service will route any incoming call, that has its telephone number blocked, to a recording. Your phone will not ring.

To Use:

1. Listen for dial tone.
2. **Press *77** (1177 for rotary or pulse phones).
3. Listen for confirmation tone or announcement, then hang up.

Callers will hear a message telling them that you are not accepting calls that are blocked i.e.: “Please remove the block and call again.”

To Cancel:

1. **Press *87** (1187 for rotary or pulse phones), then listen for announcement.

Encourage Your Kid’s Habit

Kids need something better to do than drugs. Like sports, dance, or music. Because good things can be habit-forming, too.

So get them into a good habit today, or they may get into a very bad one.

If you drop a can of soda
or it gets shaken up,
to keep it from exploding
when you pop the top, use your thumb
and middle finger to thump up and
down the side of the can as you
rotate it for about 20 seconds.
Then you can pop the top and enjoy.

To remove stains from your
 dishwasher...allow your empty machine to
 fill for a wash. Then, add a package of
 orange crystals, (the kind you make
 orange drinks from) then
 let the washer complete the wash
 and rinse cycle.

To clean your microwave oven...
put a wet dishcloth in the center of the
oven. Turn the oven on high
and "cook" for 30 to 40 seconds.

The steam created will help loosen any
hardened spills. Use the
heated cloth to finish the job...
careful, it will be hot.

Musty suitcases can be
freshened by balling up
some newspapers and placing
inside the suitcase for a few days
or until you use it again.

After you remove the
newspaper, put some fabric
softener sheets inside the
suitcase to keep it smelling nice.

Got a scratch on your car?
Cover it with a matching crayon.
Find a crayon the same color
as your car and rub the
crayon over the scratched place.
Buff off any wax residue
with a soft cloth.
This will even work
on keyed scratches.

If you have pots that have blackened
because you boiled water in them,
fill the pots with water and
add 2 denture tablets. Let them
soak overnight. The pot should be clean
in the morning. Wash before using.

Catnip repels roachbugs as effectively as DEET, the ingredient in most bug sprays. It is more environmentally friendly, too. Catnip will not kill roaches; it only repels them.

I've missed more than 9000 shots in my career. I've lost almost 300 games. 26 times, I've been trusted to take the game winning shot and missed. I've failed over and over and over again in my life. And that is why I succeed.

Punch a few holes on the rim of the paint can to stop paint from dripping on the outside of the can. When the brush is wiped on the edge, the paint goes back into the can. Once the lid is put back on, it will cover the holes to prevent it from drying.

Put a damp hand towel in the microwave oven and let it run on high for 2 minutes. It will create enough hot steam to wipe down the oven. The towel will be very hot so be careful if you use it to clean with. Wear oven mitts so you don't get burned.

To clean and sharpen your
garbage disposal...
make ice cubes using equal
parts water and vinegar.

When frozen,
drop them into the disposer
when it is running.

Follow up with a couple of
slices of lemon, then rinse well.

Why is a phone call like a pet dog?
Because it will follow you anywhere.

Call Forwarding

If you have Call Forwarding, it lets you send your calls to wherever you're going. You're no longer leashed to the telephone waiting for it to ring. To learn more, call your local telephone company.
