NEW!

Specifically designed with
Recycling in mind!

YOU **have a choice to** make a real difference. ProEarth™ Laser Toner Cartridges are the first newly manufactured compatible toner cartridges offered in the United States designed to be 100% recycled. Not only are these cartridges made with the highest quality standards but they are environmentally friendly as well. The *Environmental Protection Agency* (EPA) estimates that up to 300 million ink and toner cartridges end up in our landfills every year. The EPA also considers toner cartridges as “focused material” requiring recycling just like a keyboard or used electronic device ... they’ve done their part ... now you can do yours!

- **The Premium Cartridge that Cares**
Each cartridge is registered and can be tracked back to a certified “R2” recycling center
- **Receive \$5 Voucher for Recycling**
On each ProEarth™ Toner Cartridge there is an identification number. This number is used to promote tracking and environmental responsibility. When you have fully used your cartridge, simply go on-line and initiate the recycling process. Upon arrival at the R2 center, your cartridge will be scanned and a credit voucher will be sent to you. ProEarth™ products, it pays to recycle!
- **We plant a tree in YOUR Name to say thanks!**
For every ProEarth™ Cartridge you recycle, a donation will be made in your name to plant a tree! Reforestation is one of the best ways to combat CO2 build up in our atmosphere

Recycle a Cartridge & Plant a Tree!

We guarantee that when returned to our R2 recycling center, that all reusable materials will be recycled and a donation will be made in your name to plant a tree. Recycling just makes sense. Make the right financial and environmental choice.

The Quality Alternative to OEM

NEW!

Certified

After leaving the factory, every toner cartridge is audited by an independent testing facility using U.S. military specifications for quality and yield.

ProEarth provides you with inexpensive, quality compatible toner cartridges that allow consumers to save money without sacrificing print quality. While we care greatly about our environment, we also want to see consumers find a toner product that provides affordability and reliability. ProEarth is committed to providing you with the long-term toner product for your business needs and you help prevent empty toner cartridges from multiplying in our landfills.

-Your Dedicated Arlington Team

HISTORY OF ARLINGTON

Arlington Industries started in 1972 as a small distributor of toner in the Chicago area. The company's first building was located in Arlington Heights, Illinois, and the company took its name from that location. The three original owners/ employees of the company served as the sales, purchasing, distribution, credit, and marketing departments. Although our roots are humble, the company grew quickly, and established relationships with the leading manufacturers of yesterday and today.

In the late 1980s, Arlington began selling limited quantities of compatible imaging supplies. Quality was always the top concern, and the company intentionally kept distribution low and the product SKUs limited. When compatible manufacturers began to apply scientific principles to the remanufacturing processes, quality improved dramatically. Arlington had the vision to see that the improved quality and significant savings in cost would eventually make compatibles the preferred alternative to OEM products. After strategically aligning ourselves with a few key remanufacturers, Arlington is now the leading full-line distributor of compatible imaging supplies in the United States.

In 1989, Arlington expanded to include a sales and distribution center in Atlanta, Georgia. Later, in 1991, a third location was added in Los Angeles, California and the company became a true nationwide distributor. During these years, we increased our focus on copiers, fax products and on highly trained and professional sales representatives. This focus paid off, and Arlington soon became a preferred supplier to many of the industry's largest dealers and resellers. In order to better serve our customers as a single-source supplier, Arlington also established direct relationships with all of the major printer manufacturers.

Today, Arlington serves the entire nation out of five distribution facilities. As always, we sell only to dealers, never to end-users. We focus on consumable supplies for copiers, fax machines and printers. As we have for the last 40 years, Arlington continues to be your high value source for imaging supplies.

Product Return Authorization Guidelines:

All product being returned, whether defective or otherwise, must have an approved Returns Authorization number (RA). Any product returned without an RA will be refused and no credit will be issued. Our returns team can be reached at 800-887-3040 option 6, or via email at returns@arli.com to assist you with any product issues that may arise.

All returns must be initiated within 30 days of your purchase date. Any items returned without a Return Authorization (RA) number will be refused.

Product Returns Procedure:

1. Please have your account number, order or invoice number, and information about the item(s) you are returning available when contacting Returns.
2. All returns or exchanges *must* be pre-approved, and assigned a RA number. A return authorization form can be emailed to you to complete and emailed back to us. Once we receive your completed form, and approve the return, an RA number is assigned. This RA number expires after 10 days, returned merchandise needs to be returned promptly. If the return request is denied, you will be notified.
3. Repackaging Product for Return: Once an RA number has been generated and communicated to you, the product should be packaged for return shipment. All products must be shipped in a protective outer box with suitable inner packaging to prevent the product from being damaged in transit, regardless of return reason. Product not returned in the above manner may be returned at the customer's expense without a credit being issued.
4. Please ensure the RA number is written down on the outer shipping carton. In the case of multiple cartons, write the RA number on each label and indicate the number of cartons (for example 1 of 3, 2 of 3, and 3 of 3) DO NOT write the RA number directly on the packaging of the item(s) you are returning. Defacing of the packaging will cause an automatic cancellation of the RA and no credit will be issued. The product must be in resalable condition to receive a credit for any non quality related return.
5. **All machine returns must be shipped to the location shown on the RA form and must be shipped freight prepaid by dealer. Please see your Return Authorization form for the correct ship-to address.**
6. An RA number does not guarantee a credit. It gives you authorization to return item(s) to us for inspection. Credits will be issued after product has been inspection and determined a credit is due.
7. Any package sent to us for any reason without an authorization number on the outside of the box will be refused. **Any unauthorized return, if accepted, will be subject to a 20% restocking charge, unless the value of the returned merchandise is less than \$50, in which case a flat \$10 processing fee will be charged. The return must be in the original sealed carton. No returns for opened boxes.**

Order Entry and Shipping Errors:

More than 99% of our orders are shipped accurately, and we apologize if we made an error with your shipment. We will correct any order entry and shipping errors as long as you contact us within 30 days of the original invoice date.

Customer Ordering Errors:

We will gladly take back and issue a credit for product ordered in error provided the product and packaging are returned in resalable condition. Product must be shipped back within 30 days of invoice data and freight prepaid at the dealers expense. Returned products are subject to a 20% restocking charge. Returns less than \$50 in value are subject to a flat \$10 processing fee.

Green Cartridge Recycling

Make a difference
Recycle your ink and toner cartridges today!

Contributing to
the landscape.
Not the landfill.

Why Recycle?

- Each laser cartridge adds 2.5 pounds of waste to our landfills.
- Cartridge waste will take as long as 1,000 years to decompose.
- More than 3 quarts of oil are used to produce each laser cartridge.
- CO2 emissions from the production of a new cartridge are almost 2.5 times that of a remanufactured cartridge.

How It Works

- Register. It's quick & easy.
- Collect empty inkjet and laser cartridges.
- Place cartridges into free shipping boxes.
- Arrange pick-up or drop off at your nearest UPS facility.
- Earn cash refunds for recycling your used ink and toner cartridges while helping to preserve our environment.

BREATHE EASY

Fine dust particles created by ordinary office equipment

WITH DAHLE CleanTEC®

DAHLE CleanTEC® is the world's only shredder with an integrated fine dust filter system. It's designed to capture irritating dust particles before they enter the air and cause the potential for discomfort. So breathe easy knowing your confidential documents are destroyed, and you've created a cleaner, healthier workplace.

STOP

SAFE TECHNOLOGY

DAHLE CleanTEC® shredders offer the most advanced safety features in the industry. The revolutionary Verbal and Contact Emergency Shutdown allows the user to say "Stop" or tap the top cover, and the shredder immediately stops. A steel reinforced feed opening with electronic sensors ensure your fingers stay in the "Safe" zone.

SMARTPOWER

DAHLE CleanTEC® shredders use the intuitive SmartPower Energy Management System. This multi-stage system reduces power consumption after ten minutes of sitting idle (sleep mode), and completely powers down after 20 minutes of inactivity. This makes DAHLE CleanTEC® the most energy efficient shredders on the market.

AUTOMATIC OILER

The Dahle EvenFlow Lubricator is the perfect solution and effectively eliminates the guesswork of "Who", "How Much", and "How Often" your shredder should be oiled. This automatic oiler provides slow, continuous lubrication across the entire cutting mechanism and ensures the shredder maintains peak performance.

WHEN PRECISION MATTERS...

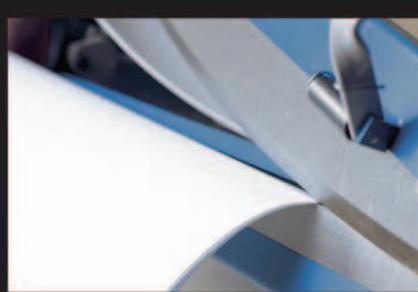

Professionals Choose Dahle

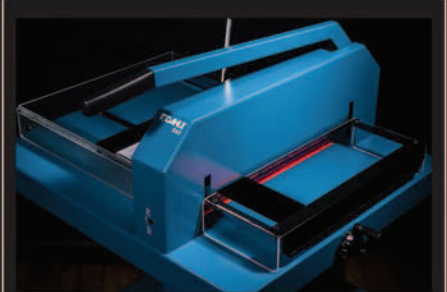

DAHLE PRECISION

Whether you are trimming a single sheet of paper or a stack of 700, Dahle professional cutters will exceed your demands for accuracy. Dahle's precision graduated blades give you the ability shave the tiniest sliver from your paper. Results of this caliber are made possible from over 80 years of cutting and sharpening experience.

DAHLE QUALITY

Engineered and developed in Germany, our products are factory tested before release and designed to meet the strictest safety standards for both personal and commercial grade products. In purchasing a Dahle product, you will have peace of mind knowing this precision item will provide many years of trouble free operation.

DAHLE SAFETY

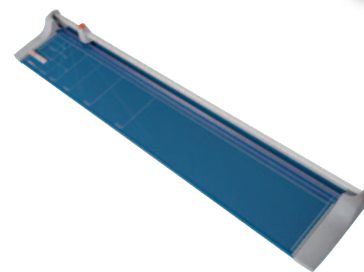

Safety is at the forefront of design with every Dahle product. From automatic rotary guards to acrylic safety shields, each product is developed with your personal protection in mind. Dahle Stack Cutters feature shields on both sides of the cutting blade. When the shields are up, the blade is locked. When they're down, cutting can resume.

Why ARLINGTON Premium Compatible Ink & Toner?

Selection

- Arlington carries the widest selection of Compatible Ink and Laser Cartridges in the industry! We stock thousands of SKUs in all five of our conveniently located distribution centers throughout the U.S.

Quality

- Arlington's Premium Compatible Inks and Toners are scientifically manufactured for use in OEM machines using only the highest quality components. Our Premium Compatible line is post-tested when applicable for density and coverage to meet or exceed OEM standards.

Reliability

- Whether at home printing cherished family photos for a scrapbook, school projects for your children or a twenty-five page full color presentation at the office, Arlington Premium Compatibles will deliver crisp, clear, monochrome and color documents consistently each and every time.

Guarantee

- Premium Brand Compatibles are 100% warranted for use in photocopiers, duplicators, faxes, and printers. Use of Premium Compatible Inks and Toners will not void your manufacturer's warranty. All Arlington Compatibles carry a 100% Warranty. If you are not satisfied with the quality or performance for any reason, simply return it for a full replacement.

Savings

- Arlington Premium Compatibles can reduce your printing costs by up to 50% when compared to their high-priced OEM counterpart. You are also saving the environment by reducing the number of ink and toner cartridges that end up in land-fills by using re-manufactured compatibles and recycling your empty cartridges.
