Repair Service

We are committed to providing you with the best possible service. **Please read this page** before you call for repairs to minimize the inconvenience and costs of a service outage.

BEFORE YOU CALL

Try to locate the problem before you call MTCO.

1. **Unplug all telephones**, (and other devices) from your **telephone line jacks**. Reinstall the equipment one piece at a time to determine which piece is creating the problem. If your phone equipment is the problem, contact the manufacturer or the store where you bought it.
2. **Plug in a single line phone** directly into the modular jack that's enclosed in the network interface device that is installed on the outside of your home. By plugging into this modular jack, you will remove any problems that could be caused from the internal wiring in your house.

If the trouble is in the premise wiring or jacks, MTCO will repair it if you cannot, but you will pay for the repair unless you have an MTCO "Home Guard Line Minder" Plan.

REPAIR CHARGES

You will not be charged if:

- the trouble is in an outside line.
- you have an MTCO Home Guard Line Minder Plan.

Otherwise, both residential and business customers will be charged:

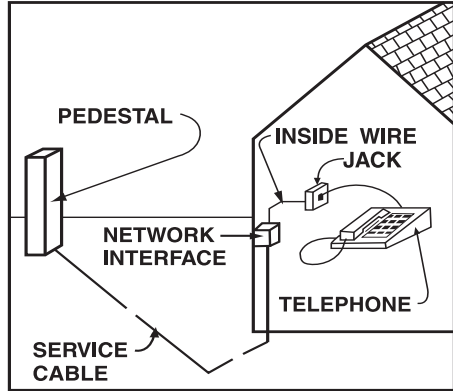

- \$40 service call charge.
- \$40 for each 1/2 hour or any part thereof.
- Material costs.

MTCO HOME GUARD LINE MINDER PLAN (Wire Maintenance)

Residential Customers \$2.00 per month, per line
To Order, Call 1-815-795-5161

MTCO EMERGENCY SERVICE

Toll Free "611" or 1-815-795-5165

WHO IS RESPONSIBLE FOR REPAIRS?

Customer	Phone Company
Inside Wire	Buried Phone Cable
Modular Jack	Pedestal
Telephone Device	Buried Service Cable
(Modem, Fax, Ans. Machine, etc.)	Network Interface

All telephone devices that also plug into A.C. power are especially susceptible to damage during an electrical storm. Please be sure to disconnect these devices from the telephone line jack before calling to report a line that is out of order. You will be charged for a service call if the problem is found to be in your customer-owned equipment.

FAIR RESOLUTION OF COMPLAINTS

We believe that our customers deserve to be treated with respect, courtesy and honesty. If you have a complaint or grievance about our telephone services, billing or other policies and procedures, **we want to hear from you** so that the matter can be settled fairly. Our service representatives and technicians have the responsibility to answer your questions in a professional manner. If you are not satisfied with the Company's position, you may contact the Illinois Commerce Commission at 800-524-0795, 1-800-858-9277 (TTY) or send your concerns in writing to:

Illinois Commerce Commission
Consumer Services Division
527 East Capitol Avenue
Springfield, IL 62701

Establishing Service

APPLICATIONS FOR SERVICE

A customer can initially establish service by coming to the Marseilles Telephone Company, 244 Lincoln Street in Marseilles during our normal business hours (8 a.m.-5 p.m., Mon.-Fri.). Requests for additional services can be made in person or by calling our office at 1-815-795-5161 during the same business hours.

TYPICAL INSTALLATION CHARGES

When you order service, you will learn which specific charges will apply to your order.

Minimum Installation Charge

Residence Order & Line Connection \$16.00
Business Order & Line Connection. \$19.00

Premise Phone Jack Wiring Charge

Residential or Business Jack Installation
(including service call charge)
For first jack \$120.00
For each additional jack \$80.00

ESTABLISHMENT OF CREDIT

MTCO, in order to assure the payment of its charges, will require applicants and customers to establish and maintain credit.

The establishment or reestablishment of credit shall not relieve the customer from responsibility for payments, and shall in no way modify the tariff provisions regarding disconnection and termination of service for failure to pay bills.

MTCO may refuse to furnish service to an applicant who has not established credit, or may require a security deposit or guaranty.

If a customer fails to keep current with his account as required by the Company, service may be discontinued after delivery of a written notice of intention to disconnect service.

If a deposit is required, it will be refunded with interest upon establishing a history of paying the monthly bill by the due date. If service is disconnected, the deposit (with interest) will be applied to the final bill.

Billing & Payments

UNDERSTANDING YOUR BILL

All charges for services, including local and long distance, are billed on a monthly basis. Your local service charge is billed one month in advance. Your long distance and other service charges will be billed for the past month.

Your "Billing Date" is shown at the top of page 1 along with the "Total" you owe and the "Past Due" date. A summary of your current charges is also printed on this page. On page 2 you will find the detailed description of your current long distance charges, unless these charges are billed by another long distance carrier.

PAYING YOUR BILL

You are responsible for the payment of all charges, including any calls originating from or accepted at your premises and billed to you through your calling card.

You may pay by mail or in person the total amount you owe before the "Past Due" date. Please note your Account Number on your check and return it with the top portion of your bill in the return envelope.

Any check returned due to insufficient funds will result in a non-sufficient fund fee.

SCHEDULE FOR PAYMENT

Your telephone bill will be mailed to you on the 1st day of each month. This bill is due when rendered and is past due by the 21st of each month and must be paid in full.

If payment in full is not made by the 21st, you will be assessed a late payment charge of 1.5% or \$5.00 whichever is greater on your unpaid balance. This charge will be added to your next month's statement. Also, failing to pay in full by the 21st may result in your service being disconnected for non-payment. You will receive a notice in the mail informing you of the situation.

If your service is disconnected for non-payment, you must pay your bill in full plus a \$10.00 restoral of service charge. MTCO may also require a security deposit in the amount of 2 times your average monthly bill before service can be re-established.

IF YOU CAN'T PAY ON TIME

Please call a service representative at 1-815-795-5161. We may be able to make payment arrangements. Late payments will impair your credit standing with us, and an additional deposit may be required. Repeated late payments may result in disconnection.

Rights & Responsibilities

FRAUD

For your protection, new equipment and procedures enable the Telephone Company to detect and investigate fraudulent calls. State law provides that no person shall defraud or attempt to defraud the Telephone Company of its lawful charges. Violators, upon conviction, are subject to imprisonment for up to one year, a fine of up to \$1000, or both.

Any person who charges services to your number or calling card without your permission are subject to prosecution for violating both federal and state laws.

OBSCENE & HARASSING CALLERS

It is a criminal offense for anyone to make an obscene, harassing or threatening phone call. Anyone convicted of such an offense is subject to a fine of up to \$500 or six months in prison or both. If you receive such a call:

- Hang up immediately. Nothing is gained by staying on the line after the first obscene word or if silence lasts past your second "hello."
- Give no personal information such as your name or address.
- Advise your children to give no information to strangers. If you're not at home, they should say "Mother/Father can't come to the phone right now."
- If the calls persist, contact the State's Attorney and/or MTCO to file a complaint.
- You may want to consider initiating a customer originated trace which will be needed if legal action is to be taken. Please contact our office for further information (see p. 17) about initiating this trace.

900 AND 976 CHARGES

Though 900 and 976 numbers do offer a wide variety of information, there is a charge for every call placed. In addition, some 800 numbers can lead to billable charges. Residence and business customers can block all 900 and 976 numbers through an optional service. For further information, please contact our business office.

UNLAWFUL WIRETAPPING

It is a criminal offense to intercept a phone conversation unless you get prior permission from one of the people participating in the call. Law enforcement officers with court orders can wiretap without prior consent.

RECORDING OF CONVERSATIONS

Recording a conversation is not legally permitted unless:

- All parties consent verbally or in writing, or
- A distinctive tone is heard every 15 seconds during the recording, or
- The party which is intending to record the conversation notifies the other party at the beginning of the conversation that the call is being recorded.

Law enforcement officers with court orders and broadcast stations who are recording for broadcast purpose are exempted from these restrictions.

CUSTOMER PROVIDED EQUIPMENT

Customers may connect customer-owned equipment to the Telephone Company's facilities under certain conditions specified by the Federal Commerce Commission. Generally, these conditions require that the connection be made through FCC approved jacks or other connecting arrangements.

The Telephone Company does not repair customer-provided equipment. The customer will be billed a service charge for each repair visit made by the Company, if it is determined that the service difficulty resulted from the use of customer-provided equipment.

BURIED CABLE LOCATIONS

Before you (or your contractors) do any digging, trenching or landscaping on or near your property, please call JULIE (Joint Utility Locating Information for Excavators) for cable locations in the area. You are legally responsible to call the JULIE toll free number 800-892-0123 to contact utility companies in the area. This call should be placed at least 48 hours before the digging begins, but even short notice is better than neglecting to call at all. Customers will be held responsible for the repair or replacement of damaged telephone cable and other MTCO property.

FAIR RESOLUTION OF COMPLAINTS

We believe that our customers deserve to be treated with respect, courtesy & honesty. If you have a complaint or grievance about our telephone services, billing or other policies and procedures, we want to hear from you so that the matter can be settled fairly. Our service representatives have the responsibility to answer your questions in a professional manner. If you're not satisfied with the Company's position, you may contact the Illinois Commerce Commission in Chicago at 800-524-0795.

Help With Basic Phone Service

Basic and enhanced telecommunication services are offered to all consumers in the Marseilles Telephone Company service territories at the rates, terms and conditions specified in the Company's price lists. Eligible low-income households can receive financial assistance with the cost of phone installation and basic local phone service.

One federal program and one state program provide funding for this type of assistance. The Illinois Universal Telephone Service Assistance Program (UTSAP) offers a one-time discount of \$16.00 off the cost of installing telephone service. The Federal Lifeline Program provides a \$9.25 monthly discount off the cost of basic local telephone or broadband internet service. If you have any questions regarding our services or these specified telephone/internet assistance programs, please contact the Marseilles Telephone Company at 800-227-5161 or visit our business office at 244 Lincoln Street in Marseilles, Illinois.

To qualify for assistance, households must participate in one of the following governmental programs: Public Housing Assistance (FPHA Section 8), Supplemental Nutrition Assistance Program (SNAP), Supplemental Security Income (SSI), Medicaid, or Veteran's Pension and Survivor Benefit.

Restricted Call Registry

Illinois law protects residents from certain unwanted telemarketing calls. For more information about the Restricted Call Registry and how to enroll, visit the Illinois Commerce Commission web site www.icc.illinois.gov, or call 888-382-1222 and for TTY access, 866-290-4326.

General Information

TELEPHONE DIRECTORIES

Telephone directories are annually distributed to our customers without charge. These directories provide the general information that we believe will help our customers to efficiently use our telecommunication services. We will gladly provide additional directories if needed.

DUAL LISTINGS (in Directory)

Dual listings are available to residential customers which will permit the given names of a couple to appear after the family surname in the following manner:

Brownfield Mark & Michelle

This option is available to any two residential customers with the same surname, address and telephone number.

DIRECTORY ERRORS OR OMISSIONS

We do our best to provide an accurate directory for the benefit of all our customers. On occasion, however, errors do occur and should be promptly reported to our business office at 1-815-795-5161.

Any errors, omissions or concerns about the Yellow Page advertising section of the directory should be reported directly to your representative at Directory Publishing Solutions, Inc. at 866-221-4300.

MTCO is not liable for any errors or omissions in the compiling, printing, or distribution of its directories.

TELEPHONE NUMBERS

MTCO reserves the right to assign telephone numbers and equipment, and to make any changes when necessary. Of course, we will always do our best to consider our customer's concerns in these matters.

TELEPHONE SAFETY

The telephone is one of the safest appliances in your business or home. In a few situations, however, a telephone user needs to exercise caution.

- Don't use your telephone when you are in a bathtub, shower or swimming pool.
- Avoid using your phone during electrical storms.
- Don't use a telephone near a suspected gas leak.

- In the event of a flood, tornado, or other disaster, avoid using your phone except for an emergency.

REPAIR SERVICES

We are committed to providing you with the best possible service. Please report any service needs promptly to our office at 1-815-795-5161.

If you are having trouble with your own line, be sure to read the information on page 2 before calling. If you're calling after business hours, clearly describe the difficulty and follow voice mail prompts so that we can effectively respond to emergencies.

If you notice damaged underground cable pedestals on or near your property, please contact us so that the inconveniences of a service outage can be avoided.

MAINTENANCE OF MTCO FACILITIES

Facilities furnished by MTCO remain the property of the Company until transferred or abandoned. Customers shall provide employees of the Company access to those facilities, at all reasonable times for the purpose of installing, repairing, maintaining or otherwise servicing the facilities.

USE OF RESIDENTIAL LINES FOR BUSINESS PURPOSES

Residential lines are installed with the understanding that they will be used for normal social or domestic purposes.

A residential line will be changed to a business service classification if used for business purposes, or if the residential number is advertised in connection with the sale of products or services.

TARIFFS

Detailed information concerning customer billing, due dates of bills, denial of service, restoral of service and security deposits can be found in the tariff filed on February 24, 1975 with the Illinois Commerce Commission.

CUSTOMER INFORMATION

Customer information which is maintained by MTCO is protected by law and can be released only through a court order.

Calling Information & Assistance

DIRECTORY ASSISTANCE

When you can't find a number or the listing is new, you can receive help through Directory Assistance. **Please note** that there will be a charge for numbers requested from Directory Assistance.

From numbers within area 815, dial **411**

For other numbers, dial. . . **1 + area code + 555-1212**

For 800 numbers, dial. **1 + 800 + 555-1212**

LOOK IN THE BOOK FIRST

Because this is an "area wide" directory it contains more information that covers a greater area than a typical local telephone directory. By using this directory, you should be able to find most of the numbers of friends and neighbors as well as businesses serving your area. Here are a few other ways to save:

- Look up numbers in your directory and jot down frequently called numbers.
- Provide the Directory Assistance Operator with complete information: full names, accurate spelling and exact addresses.
- If you need two numbers, ask for both of them at the same time. Directory Assistance will usually provide a second number at no additional charge.
- A new number reference is often provided by someone who has recently moved. Call the old number and you can frequently get a recorded message with the new listing.

DIALING INSTRUCTIONS

For all calls, dial **1 + area code + seven (7) digit number**

EXTENDED AREA SERVICE

Marseilles customers are able to call the following numbers without a toll charge:

Marseilles	1-815-500-xxxx
	1-815-746-xxxx
	1-815-750-xxxx
	1-815-795-xxxx

Ottawa	1-815-431-xxxx
	1-815-433-xxxx
	1-815-434-xxxx

OPERATOR ASSISTANCE

Service charges will apply when the Operator helps you to place a local or long distance call.

To make an Operator-assisted call, please dial "0" + the area code (if necessary) + seven digit number. When the Operator answers, state the type of call you want to make. For an additional charge, the Operator will help you to place the following calls:

- **Collect Call.** The person or business you are calling agrees to pay for the call.
- **International Call.** Though you can usually dial direct for less money, your Operator will handle the call or provide information for you.
- **Person-to-Person Call.** The Operator will complete the call only to the person or extension you request. If you do not reach the right person or extension, you will not be charged.
- **Third Number Billing.** You can arrange to bill the call to a phone number other than the one to which or from which you are calling.
- **Time and Charges Call.** Inform the Operator in advance that you want to know the length and cost of your call. Please stay on the line after talking.

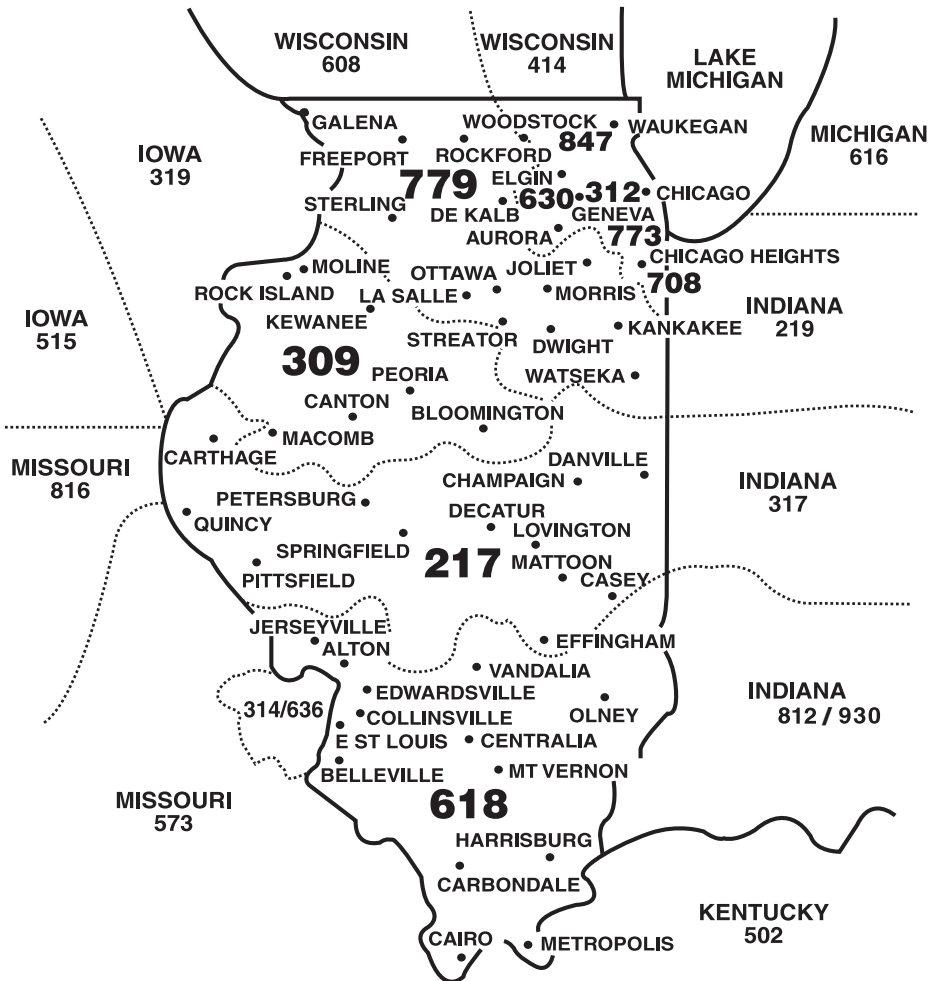

If you reach a wrong number, dial "0" immediately and tell the Operator what happened. You will receive credit for the toll charges on misdialed calls.

Area Codes

Regions throughout the U.S. and Canada have specific three-digit area codes. To place a call outside of your "815" region, dial1 + area code + 7 digit number.

A list of area codes for many communities appears on the next three pages. If you want to locate the area code for a city not listed, please dial "0" for the Operator.

International Calling

Placing Your Call

You can direct dial your international calls by following these simple steps:
Please wait at least 45 seconds for ringing to begin.

International + Country + City + Local + "#"
Access Code Code Code Number

Example 1: To call number in Berlin, Germany, dial:
011 + 49 + 30 + Local Number + "#"

Example 2: To call Fiji, (there is no city code), dial:
011 + 679 + Local Number + "#"

You save additional time by dialing the "#" button after dialing the entire number.

Additional Assistance

Calls to Canada, Puerto Rico, Bermuda, the Bahamas, the Virgin Islands, and the West Indies are considered long distance, not international calls. Simply dial "1" + the area code + the local number. Please check pages 7, 9 and 13.

To place person-to-person, collect, credit card and billed to a third party international calls, follow the given instructions, but use "01" for the international access code.

You can obtain other international codes not listed and any special instructions from your long distance company. Dial "00" (zero-zero) to reach your long distance carrier.

Before travelling overseas, be sure to contact your long distance company for information about calling home while you're away. By connecting with your carrier's direct U.S. Operators, you can avoid elevated rates and surcharges that are often charged to calls placed from hotels and pay phones. Plan ahead and avoid an unwelcome surprise on your return to the States.

Custom Calling Features (cont'd)

CALL TRANSFER

Easily transfer a call to another number, or add a 3rd person to a call before you bow out of the conversation.

To transfer a call:

1. Press and quickly release the “switchhook” to place the person you’re talking with on hold.
2. Listen for dial tone, then dial the third person’s phone number.
3. When the third person answers, you can talk privately before making it a three-way conversation.
4. Complete the transfer by pressing and releasing the switchhook, enabling you to talk with both people at the same time.
5. If you hang up, the other two people can continue their conversation.

To cancel the transfer:

1. You can cancel the transfer at any time if the 3rd person did not answer, you received a busy signal or recording, or you wish to cancel after talking with the 3rd person. Simply press and release the switchhook twice, and you’ll be reconnected to the person holding.

CALL WAITING

When you’re on the phone, a special tone alerts you to a waiting call. The person calling hears normal ringing.

To answer a waiting call:

1. A special tone tells you a second call is waiting.
2. Press and quickly release the switchhook to place the first caller on hold, while you connect with the second caller.
3. To return to the first call, press and release the switchhook again. You can alternate between the calls.

To end either call:

1. Hang up, and your phone will ring.
2. When you answer, you’ll be connected with the remaining caller.

To “Cancel Call Waiting” before making a call:

1. Lift the handset and listen for a dial tone.
2. Press “★70” (rotary phones, dial “1170”).
3. Listen for the confirmation tone.
4. Place your call, which will not be interrupted by the Call Waiting tone. Other callers will hear a busy signal.
5. After you hang up, Call Waiting will automatically turn on again.

To “Cancel Call Waiting” during a call:

1. Press and release the switchhook.
2. Press “★70” (rotary phone, dial “1170”).
3. Listen for the confirmation tone. You’ll automatically be reconnected to your call.
4. After you hang up, Call Waiting automatically turns on again.

2. Press "★75" (rotary phones dial "1175"). Wait for the dial tone.
3. Dial the two-digit speed code you wish to change.
4. Listen for the cancellation tone, then the dial tone. Follow steps 1-3 above to program your Speed Calling list.

TOLL RESTRICTION FEATURE

To Place a Call:

1. Dial the long distance number you are calling immediately followed by your 4-digit Security Code.
2. If you do not enter the 4-digit Security Code, or if it is entered incorrectly, you will hear a recorded message that says "This call is not permitted".

Steps 1 and 2 must be done before each toll call is made.

To Change Your Security Code:

1. Press "★" (star button) then "97".
2. Dial the **old** 4-digit code, then the **new** 4-digit code (the default setting is "0000").
3. Hang up. Wait 5 seconds.
4. Press "★97", dial the **old** 4-digit code, then the **new** 4-digit code.

You will hear a high pitch tone and that confirms your code change has been completed.

Note: Marseilles Customers (795 prefix) can dial the following numbers without the Security Code: 911, 795, 433, 434, 431, 357, 500, 746, 750, 794, & 415

CALL-HOME 800 NUMBER

Enjoy peace of mind by getting your own 800 number to share with family and friends so they can reach you at home quickly and easily.

Telemarketer Call Screening

Stop telemarketers from interrupting your daily routine!

The Telemarketer Call Screening (TCS) service intercepts calls that are delivered as "unknown" or "out of area" to the subscriber's line. The service plays an announcement stating that the party they have dialed does not accept calls from telemarketers, and that the party wishes for

their name to be added to the telemarketer's "Do Not Call" list.

Importantly, the announcement allows callers who are not telemarketers, but whose calling number information is not provided, to "dial 1 and stay on the line" to complete the call.

It's peace of mind every time your phone rings

To remove candle wax from carpeting...after the wax has hardened, scrape up what you can with a dull knife. Place a paper towel or clean white cloth over the affected area. Gently press the cloth with an iron on low (warm). As wax is lifted, move the cloth to a clean area and repeat as often as necessary.

I've missed more than 9000 shots in my career. I've lost almost 300 games. 26 times, I've been trusted to take the game winning shot and missed. I've failed over and over and over again in my life. And that is why I succeed.

*Savings amounts are averages based on information from The Hartford's AARP Auto Insurance Program customers who became new auto insurance policyholders between 7/1/14 and 6/30/15 and provided data regarding their savings. Your savings may vary. The AARP Automobile Insurance Program from The Hartford is underwritten by Hartford Fire Insurance Company and its affiliates, One Hartford Plaza, Hartford, CT 06155. The Hartford pays royalty fees to AARP for the use of its intellectual property. These fees are used for the general purposes of AARP. AARP membership is required for Program eligibility in most states. Features, credits and discounts may vary and may not be available in all states in accordance with state filings and applicable law. Applicants are individually underwritten and some may not qualify. 7/15-HP
