UA INNOVATION LABS

CORE TECHNOLOGIES

Under Armour® products augment your training and capabilities with the following roster of proprietary performance-enhancing technologies.

PERFORMANCE DNA

Every Under Armour® product is doing something for you: it's making you better. Following are the core pieces of DNA that deliver on this promise. The building blocks of performance.

	FIRE RETARDANT Incorporates fabrics that resist vertical flames, flashfires, and have non-melt properties for extreme conditions.		WIND AND WATER RESISTANT Blocks wind from penetrating the body. Helps regulate core body temperature.
	STRATEGIC VENTILATION Strategic venting built into garment at key points where the body dumps heat. Keeps the athlete cool in hot conditions.		ARMOURGRIP® Locks gear in place using a tactified compound that prevents slippage.
	4-WAY STRETCH Lightweight fabrics with built-in 4-way stretch improve mobility and accelerate dry time.		FLATLOCK SEAMING Specialized seaming that feels smooth against the skin and prevents chafing.
	MOISTURE TRANSPORT Wicks moisture from the body, keeping the athlete dry.		QUICK DRY Provides superior moisture transport to keep you cool, dry, and comfortable.
	WATER RESISTANT DWR finished garments resist rain/water, keeping the body protected and dry.		WINDPROOF Blocks wind from penetrating the body.
	ARMOURBLOCK® Fabric treated with antimicrobial agents.		TOUCHSCREEN Gloves constructed with touch screen compatible fingertips.
	UPF Ultraviolet protection shields your skin from the sun's harmful rays and inhibits premature aging.		COLDGEAR® INFRARED Ceramic coating on the inner layer of your garment absorbs and retains body heat, so you stay warmer longer.
	UA STORM Wear it to be warmer, drier, and more comfortable than ever before.		ARMOURSTORM® A fully taped garment that keeps out all of the elements, and allows for vapor to escape, keeping you comfortable and dry.
	CHARGED COTTON® Fabric made from natural cotton for superior softness and comfort – with the added benefit of UA performance.		FIRE WARNING Flame-retardant, fire-retardant protection available only where the flame-retardant fabric covers the skin and is intended to supplement – not replace – standard flame-retardant or ballistic protective equipment.

BENEFITS OF COMPRESSION

Whether it's training or gameday, your UA Compression base layer makes you better and unleashes the power of your muscles.

INCREASED POWER & STAMINA: *STAY STRONGER FOR LONGER*

Reduces muscle vibration to lessen fatigue and maintain power output. Keeps muscles aligned correctly to increase repetitive muscle power.

ENHANCED PROPRIOCEPTION: *KNOW YOUR BODY'S PLACE IN SPACE*

Enhances proprioception - the body's recognition of muscle patterns and spatial awareness - to increase muscle efficiency.

FASTER RECOVERY: *GET YOUR MUSCLES BACK TO FULL STRENGTH FASTER*

Creates a healing environment around muscles and circulatory systems. Post-workout, reduces swelling, decreases soreness time and promotes muscle repair.

SUPERIOR COMFORT: *STAY COOL, DRY, AND LIGHT*

Wicks moisture to keep you 53% lighter than cotton after 60 minutes of athletic performance. Speeds evaporation to regulate your core temperature.

GEARLINES

Blistering heat to bitter cold. Whatever the climate, whatever the conditions, Under Armour® Performance keeps athletes comfortable, dry, and light with gearlines engineered to perform.

allseasongear®

AllSeasonGear® fabric flex with changing conditions to deliver core temperature regulation and maximum breathability.

heatgear®

HeatGear® fabric, the original 'second skin' layer, sparked the revolution of performance apparel and made cotton T-shirts obsolete.

coldgear®

ColdGear® fabric wicks moisture from the skin and circulates body heat, keeping athletes warm, without weighing them down.

SIZE AND FIT

Under Armour® Performance has already compensated in the design of its apparel to be consistent with normal (XS -XXXL) sizing. Please order the size you would wear in a non performance T-shirt or pant.

ULTRA-TIGHT, SECOND-SKIN FIT

These products fit snugly to the body providing a close, lean, and supportive fit.

CONTOURED TO THE BODY

Designed to fit very close to the body without the constriction of compression.

GENEROUS CUT, OVERSIZED FIT

Provides a full range motion, and a full, loose fit.

SEMI-FITTED

Not too tight. Not too loose. Cut close without being too clingy.

MEN'S SIZE CHART

	SM	MD	LG	XL	XXL	XXXL
Chest	34-36 in	38-40 in	42-44 in	46-48 in	50-52 in	54-56 in

- Armoursight® - Up to 20% enhanced vision edge to edge; Up to 10 times stronger than polycarbonate lenses.
- Armourfusion™ - Armourfusion™ frames flex and retain their shape through the toughest conditions. Combining the element Titanium, which has the highest strength-to-weight ratio of any metal known to man, with Grilamid, a durable cutting-edge thermoplastic, results in ultra-lightweight, impact-resistant sunglass frames.
- Three Point Grip - Ensures a comfortable and secure fit.
- Multiflection™ - Layers of protection guarding against scratches and smudges and is easy to clean.
- ANSI - Meeting and exceeding impact standards (ANSI Z87.1), these styles offer superior ANSI protection with an unrivaled balance of lightness and rugged construction. UA ANSI-rated sunglasses are the perfect piece of equipment on the water or during the hunt.

010100 - (ANSI) (WWP) Satin black frame with black rubber / Gray lens

ARMOUR® RETURN POLICY

Under Armour® stands behind its gear and EXPECTS nothing less than perfection. If you have received a defective product, an incorrect size, or an incorrect order, please contact us immediately for a return authorization number so that we can quickly process your return and ensure your satisfaction.

ALL RETURNS MUST BE COMPLETED WITHIN 30 DAYS OF RECEIPT AND MUST BE IN REASONABLE CONDITION. ALL RETURNS MUST HAVE THE RA# CLEARLY MARKED ON THE CARTON. ALL RETURNS ARE SUBJECT TO A 15% RESTOCKING FEE.

Should you need to return or exchange an item, you MUST include your RA#, a copy of your invoice, and an explanation in writing as to why you are returning the item. Send your return to the marked address on your pack list. If you are exchanging

merchandise, you are responsible for the cost of returning the product. Original shipping costs are non-refundable. All returned merchandise must be received in new, resalable condition.

UNDER ARMOUR® CANCELLATION POLICY

Any request for cancellation of an order for UA products must be made, in writing, through the customer's UA Sales Representative. A request to cancel an order must be made more than 30 days before the customer's original desired ship date. All cancellations are subject to UA approval.

SHIP DATES

All SS14 product featured in this catalog are available to ship beginning 7/1/2014.

PROTECT THIS HOUSE.®  **I WILL.**
