

Absorbent Solutions

Sorblits[®] launderable, reusable mats, socks and pads

IT AbsorbTech[®]
Cleaner, safer solutions for industry

The Sorblts® Advantage

The Sorblts® System is a complete line of absorbent mats, socks and pads professionally laundered and delivered to your facility on a regular basis. This cost-effective program is a superior and sustainable alternative to disposable absorbents.

► **Hassle-Free**

Clean Sorblts® are delivered to your facility on a regular schedule. We pick up and launder soiled Sorblts® for reuse and manage your program completely.

► **Zero Waste to Landfill**

Sorblts® have an immediate impact on solid waste reduction. Our in-house, proprietary process recovers fluids for use in industry and soiled product is laundered for reuse. Program supports ISO 14001 objectives.

► **Solid Waste Tracking**

We track and report the pounds of waste Sorblts® eliminate from your facility.

► **Improves Safety**

Sorblts® provide superior protection against slips, trips and falls for a cleaner, safer work environment. Sorblts® are more durable and absorb 3-5 times more than disposables.

► **Cost Effective**

Customers save an average of 15% over disposables and up to 40% over pay-by-the-drum programs. Sorblts® last longer, absorb more, require less labor, and there are no disposal fees.

“It’s amazing how much oil Sorblts® can absorb. The service team monitors usage to make sure you never run out of product or have too much product that will make unnecessary costs.

I highly recommend ITU AbsorbTech service. It not only keeps you compliant, but it’s also convenient because you no longer deal with ordering product or disposal.”

Jack Hill, Manager
Consolidated Container

ITU AbsorbTech’s unique Sorblts® Waste Free Absorbent System is integral to sustainability philosophies that balance economic, environmental and social responsibilities.

vs.
disposable absorbents

Sorblts®

- ✓ Laundered for reuse
- ✓ No waste stream
- ✓ No manifest required
- ✓ Absorbs 3-5 times more than disposable absorbents
- ✓ Won't tear, shred, fray or stick to floor
- ✓ Program managed completely by ITU AbsorbTech

Disposable Absorbents

- ✗ One-time use
- ✗ Generates a waste stream
- ✗ Manifest required- must landfill or incinerate
- ✗ Absorbs far less than Sorblts®
- ✗ Easily tears, shreds and sticks to floor
- ✗ Customer responsible for managing inventory, ordering product
