## Anatomy of an Award

Front

Threaded aluminum cap nuts hold the award components together using screws inserted through the piece at final construction. There are also spacers for added depth.

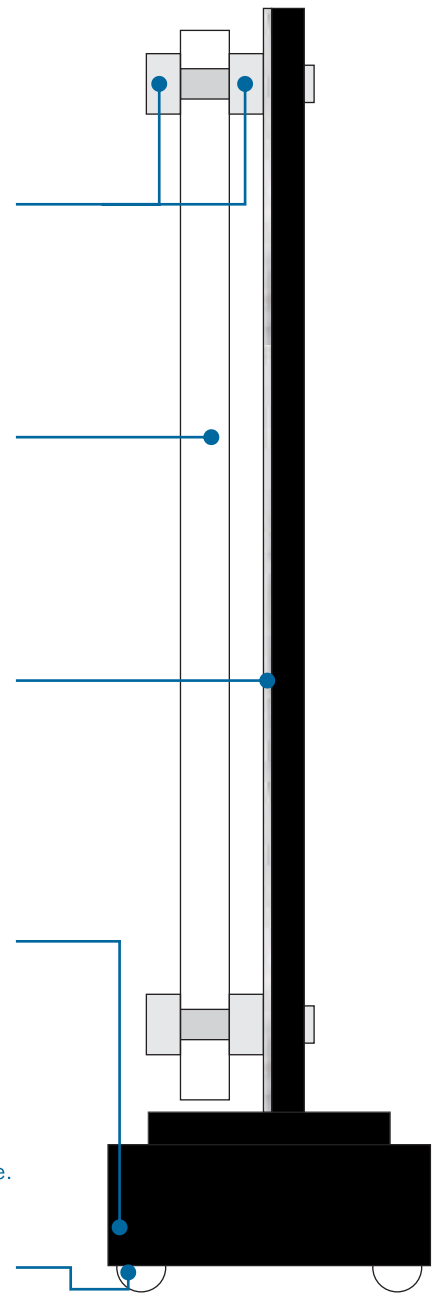

Clear acrylic with a full color print on the under surface of the part creates a dimensional look.

Swirled aluminum accents can be used effectively to compliment a number of different aesthetic ideals. This is also mounted on black acrylic for thickness and structural integrity.

Tiered base of black acrylic adds to the prominence of the award and varying Award sizes; The glue seam for mounting goes on the upper most base surface

Personalization options, in this example, is a sublimated plate mounted to the base. In other situations, personalization can be achieved via either laser engraving or full color printing. Non-Slip rubber feet are also added to the base.

# DECADE AWARDS

## IMPRINTING

Full color printing, laser engraving and screen printing available. Vector art must be submitted per the specifications below under Art Specifications. Personalization can be done on most awards by laser engraving, full color print or sublimated metal plate. Set up charges will apply for each art file submitted.

## ART SPECIFICATIONS

Vector art required for all logos and text. Photo art to be 300 DPI at print size. If art submitted is not suitable for printing, art charges may be applied. The quality of the art will be confirmed upon receipt.

## PACKAGING

Individually poly-bagged or shrink wrapped and shipped with foam-in-place packaging. Individual boxes and gift boxes available for an extra charge.

## LIABILITY

All orders placed are subject to approval and are not binding until accepted by our factory. All orders submitted by email or fax should be confirmed via

phone by the person placing the order. Our factory reserves the right to refuse any order at any time. All orders are subject to availability of materials and component parts and the factory shall not be held liable for the inability to ship an order due to material or parts shortages.

## ORDERS

All orders, changes in orders, or required delivery dates given by telephone must be confirmed in writing with a PO#. Our factory will not accept responsibility for correctness of imprint, changes, or delivery dates without a written confirmation.

## TRADEMARK USAGE

All copy or other materials submitted by the customer for use by the factory on producing the items ordered will be accepted by the factory as being submitted in full compliance with all applicable laws regarding trademark, copyright, etc. Copy and trademarks illustrated in this catalog are used to demonstrate product imprinting. This does not imply endorsement by any company of our products. The logos pictured are the property of their respective companies.

## PRODUCTION TIME

Normal production time for imprinted products is 10 working days. Logocut products require more time due to design and approval process
