

RANGE ROVER EVOQUE

ABOVE AND BEYOND

RANGE ROVER EVOQUE NEW ADDITIONS FOR 2015

RANGE ROVER EVOQUE AUTOBIOGRAPHY

Ever since its inception, Range Rover Evoque has caused a stir. Beautifully poised with striking design cues, the new Autobiography model takes the plaudits further. New exterior features include a premium grille with bright surround and Atlas highlights on the front bumper. The distinctive exterior is complemented perfectly by the contemporary interior where a choice of eight colourways and premium standard equipment help create a stylish space.

SPECIFICATION

Page 24

With its striking lines, muscular shoulders and tapered roof, Range Rover Evoque sets itself apart from its contemporaries. Whether discovering hidden parts of town or being seen in all the right places, it's always ready for action.

Range Rover Evoque Coupé's profile is as dynamic and athletic as the drive itself. With Land Rover capability at its heart, the vehicle can tackle all terrains with ease, be it cobbled mews, sand or rocky tracks.

Innovative Xenon lighting with LED signature blazes a clear trail in all conditions and add to the vehicle's dramatic presence and look. Its sleek wing mirrors feature 'hidden-til-lit' side indicators.

The full-size panoramic roof lets light flood into the cabin and allows everybody inside to experience everything outside. The rear bench seat has ample space for three adults, ensuring the city is always fun to explore.

The five-door vehicle, with the same athletic design and with unparalleled accessibility, has all the form and capability of the Coupé but in a design to match your needs. It combines extra versatility and practicality for city life while remaining true to the original concept.

Range Rover Evoque was born to live. The optional Adaptive Dynamics system monitors your driving style 1,000 times per second to give a smoother ride no matter what the occasion. And its class-leading nine-speed automatic transmission delivers greater control with improved fuel economy.

The signature Land Rover Sports Command Driving Position ensures you benefit from a greater view of the road ahead. So whatever the city throws at you, you're in the right place to tackle it with confidence.

Mood lighting adds to the distinct ambiance, with a choice of five colors and a variety of brightness settings. No matter what the light is outside, it's always as you like it inside.

Surround yourself in contemporary, award-winning design. The quality of the materials is emphasised by the clean treatment of the interior surfaces: Range Rover Evoque features twin-stitch leather and highly finished dials, together with a range of finishers and special details to help create your own individual space.

Range Rover Evoque features a suite of up-to-the-minute technologies such as Meridian™ Surround Sound System, Hard Disk navigation and Dual View Touch-screen. Don't simply explore with confidence, stay entertained.

While the vehicle makes a big impact in the city, the impact on the planet is minimised. With 16kg of recycled plastic and 21kg of renewable and natural materials in each car, it's taking big steps to reduce its environmental footprint.

Lightweight downsized four-cylinder turbocharged engines offer a significantly improved fuel efficiency.

NOW IT'S TIME TO CHOOSE...

Range Rover Evoque offers you great options and flexibility to personalise your vehicle. The following pages take you through a logical series of steps to make it a true expression of your individuality. You have several choices: from selecting your model to exterior and interior colors, wheels, finishes and those detailed touches that define your style.

If you'd like to bring your options to life, go to our online configurator at landrover-me.com

RANGE ROVER EVOQUE ENGINE

DRIVELINE, ENGINE PERFORMANCE AND FUEL ECONOMY

The improved petrol engine uses the very latest powertrain. In fact, coupled with lightweight all-aluminium technology and the new nine-speed transmission it delivers greatly improved fuel efficiency.

However, nothing has been lost in performance. For instance, the 2.0 litre Si4 Petrol engine goes from 0-100kph in just 7.6 seconds.

2.0L Si4 PETROL

		LR-Si4 PETROL
Driveline		Four Wheel Drive (4WD)
Power (kW/PS)		177/240
Torque (Nm)		340
Maximum torque (rpm)		1,750
Capacity (cc)		1,999
No. of cylinders		4
Cylinder layout		Transverse
FUEL ECONOMY		AUTOMATIC
Combined (Coupé/five-door)	l/100km	7.8/7.8

The figures provided are as a result of official manufacturer's tests in accordance with EU legislation. A vehicle's actual fuel consumption may differ from that achieved in such tests and these figures are for comparative purposes only. Low fuel warning at 9 litres approximately.

Visit landrover-me.com for more information.

STEP 4 CHOOSE YOUR INTERIOR

PARTIAL GRAINED LEATHER

FULL GRAINED LEATHER

OXFORD LEATHER

Range Rover Evoque's contemporary interior combines sophisticated finishers, real metallic trims and distinctive colorways for a fresh, modern look and feel. And you can choose from a choice of partial or full Grained leather seats or the luxury of Oxford leather. Details include twin-needle stitching, where even the length and direction, thread color and strength are considered.

STEP 4 CHOOSE YOUR INTERIOR

The softest of leathers, the most meticulous of finishes

The interior is upholstered in the finest natural materials. The warmth of wood veneers, superb metal finishes and soft leathers combine to create a sense of home. The attention to detail is everywhere you look and in everything you touch. The type of leather is determined by model choice as outlined in the following pages.

STEP 4 CHOOSE YOUR INTERIOR – TRIM FINISHER AND VENEER CHOICES

STEP 4 CHOOSE YOUR INTERIOR – DYNAMIC PLUS PACK

For an even more distinctive look and feel, the optional Dynamic Plus interior package offers four sports-themed design variants. Unique sports seats or premium climate seat options are available in a full Oxford leather interior with electric driver and passenger adjustment. Height, tilt and lumbar support can all be easily fine-tuned to suit individual preferences.

PREMIUM SEAT

SPORT SEAT

STEP 4 CHOOSE YOUR INTERIOR – INTERIOR REAR SEAT OPTIONS

Bench seat

Sports orientated twin seats*

Range Rover Evoque models are all available with a rear bench seat on both Coupé and five-door options. Naturally, the rear seats and cabin space are thoughtfully planned to ensure a truly relaxed and comfortable ride and Range Rover Evoque Coupé offers the further option of sportier twin seats as standard.

*Available on Coupé only.

For specific colorway options please refer to page 52.
For specific combinations of veneers and headlining
for your model please refer to Optional Features.

KEY FEATURES

Blind Spot Monitor with Closing Vehicle Sensing

These systems are designed to see what you might miss. Using discrete sensors hidden in the side and the rear bumpers, Blind Spot Monitoring alerts you via an icon displayed in the appropriate door mirror when a vehicle enters a blind spot on either side of your vehicle.

If a vehicle approaches at speed from behind when changing lanes, the Closing Vehicle Sensing function will alert you to the potential dangers by flashing the icon in the door mirror.

Reverse Traffic Detection

Activated whilst reversing, this system works by informing the driver in the event of a vehicle approaching from either side which may present a hazard, with both audible and visual warnings.

Powered Tailgate

The tailgate can be opened using the key fob, a switch on the fascia or operated independently using a button on the tailgate itself. A button located inside the tailgate allows the tailgate to be closed automatically.

Parallel, Parking Exit and Perpendicular Parking

Parallel Park identifies suitable parking spaces and automatically steers into the space whilst you operate the pedals. Parking exit provides the same assistance to manoeuvre out of the space.

A new feature for this year, Perpendicular Park is an optional addition to the system. Truly useful in car parks and tight spaces, it automatically assesses whether the chosen space is wide enough before steering the vehicle centrally into place as the driver operates the pedals.

Nine-speed Automatic Transmission

Range Rover Evoque now features a class-leading nine-speed automatic transmission, 7.5kg lighter than the previous six-speed model. You will benefit from notable improvements in both fuel economy and CO₂ emissions as well as greater control in low-grip conditions or when towing through the specially-designed, ultra-low first gear.

Surround Camera System

Using five digital cameras mounted around the vehicle, this system provides an all-round view of your surroundings on the full-color Touch-screen, assisting in tight manoeuvring. When towing, it provides additional information to aid with reversing.

*When Adaptive Cruise Control is specified, the grille is always painted Santorini Black regardless of other trims.

KEY FEATURES

Interior Mood Lighting

With five colors and several brightness configurations to choose from, you can now select the interior lighting to suit your mood and create the perfect atmosphere.

Dual View Touch-Screen

This technology enables both the driver and front passenger to view independent display content via the Touch-screen. For example, while the driver is guided by the navigation system, the front seat passenger can watch a DVD.

Audio

The Meridian™ Audio System delivers superb acoustics and is noted for its excellent reproduction quality from all sources – radio, CD, iPod or USB. The optional Meridian Surround Sound System features 17 speakers including a subwoofer for full surround sound.

Climate Front Seats

For the ultimate comfort whatever the temperature, Climate Front Seats are now available. This option provides both heated and cooled ventilation through perforations in the Oxford Leather seats. Driver and passenger preferences can be independently controlled via the Touch-screen.

Rear Heated Seats

Heated rear seats are now available for the first time on Range Rover Evoque. Available with both the bench seat (outer seats heated) and the twin rear seats on Coupé, the system has three heating levels that can be set via switches on the rear of the centre console.

Sliding Centre Armrest

A sliding armrest improves comfort in the front of the vehicle and is now specified on all models. Beautifully finished and made from high quality materials to match the individual interior theme, the armrest slides forward 15cm whilst still providing access to the front cup holder.

ACCESSORIES

Roof Rails Silver Finish*
VPLVR0085

Maximum permissible load capacity 75kg.** Roof Trim finisher is required for fitment. Vehicle height when fitted: Coupé 1,609mm/five-door 1,640mm.

Roof Rails Black Finish*
VPLVR0086

Maximum permissible load capacity 75kg.** Roof Trim finisher is required for fitment. Vehicle height when fitted: Coupé 1,609mm/five-door 1,640mm. Crossbars not included.

Black Roof Trim Finisher
VPLVR0087 – Solid Roof
VPLVR0090 – Panoramic Roof

Crossbars*
VPLVR0073

Vehicle height when fitted: Range Rover Evoque 1,720mm /Range Rover Evoque Coupé 1,697mm. Adjustable position crossbars. Aerodynamic profile designed to minimise drag and noise. Lockable for security. Roof Rails not included. Maximum payload 71.8kg.**

Luggage Carrier*
LR006848 (also shown)

This flexible rack system offers up to a 75kg load carrying capacity.

Ski/Snowboard Holder*
LR006849

Carries four pairs of skis or two snowboards. Lockable for security. Incorporates slider rails for easy loading. Maximum payload 36kg.**

Luggage Box*
VPLVR0062

Gloss Black finish. Opens from both sides. Lockable for security. External dimensions: 1,750mm long, 820mm wide, 450mm high. Volume 410 litres. Maximum payload 68kg.**

Aqua Sports Carrier*
VPLGR0107

Carries one surfboard, sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry a mast, oars or paddles. Tilts to facilitate easy loading/unloading. Features lockable straps and rubber supports to maintain optimum weight distribution whilst protecting the kayak and vehicle from scratches/scuffs. Load capacity 45kg.

*Roof Rails and Crossbars or Sports Bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation system, if fitted.

**Maximum payload equals the load capacity of the roof mounted accessory.

†This accessory is not suitable for caravans, trailers or lighting boards fitted with rear mounted LED lamp kits.

‡13 Pin Towing Electrics must be fitted.

Roof Mounted Bike Carrier
VPLFR0091

Lockable bike carrier designed for holding a single bike.

Tow Bar Mounted Bike Carrier
VPLVR0067 – Two Bike Carrier
VPLVR0069 – Three Bike Carrier

This lockable quick release mechanism conveniently folds to ensure easy access to the tailgate. The carrier is manufactured from lightweight material and includes lighting and licence plate mount. Maximum load capacity 40kg for two bike carrier and 51kg for three bike carrier.

13 Pin Towing Electrics
VPLHT0061

Towing electrics, capable of supplying all trailer rear lighting and interior equipment power.

12N/12S Type Towing Electrics Adapter[†] (shown above)
VPLHT0060

12N Moulded Adapter[†]
VPLVT0064

Fixed Height Flanged Tow Bar
VPLVT0101

Range Rover Evoque bolt-on flanged tow ball system.

Fixed Height Swan Neck Tow Bar
VPLVT0102

Fixed position swan neck tow bar which can tow a trailer with a 2,000kg load capacity.

Quick Release Tow Bar
VPLVT0100

The quick release tow bar is lockable for security and easily removed.

JAGUAR LAND ROVER LIMITED
COVENTRY

IMPORTANT NOTICE: Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

All Land Rover Approved Accessories fitted by a Land Rover Dealer within one month or 1,600 kilometres/1,000 miles (which ever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Dealer who will be pleased to advise you on current specifications and any query you may have.

The colors reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any color finish without notice. Some of these colors may not be obtainable in your country. Please check availability of colors and current specifications with your Land Rover Dealer. Distributors and dealerships are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.

Castrol EDGE Professional exclusively recommended by Land Rover.
