Grow • with Heutink

With over 100 years of experience in education Heutink provides the very best global educational brands, which are geared towards learning through play. Together with our team of education specialists, we design and develop innovative materials aimed at supporting play and development. Based on internationally proven curricula and standards to support educator goals, we extend the passion for our brands with training and support for parents, teachers and distributors.

Our assortment includes a special selection of superior quality brands. Furthermore, we believe in creative collaboration and provide a wide range of customizable Heutink educational products. We encourage you to partner with us in original equipment manufacturing (OEM) to create and customize solutions for your brand.

We are proud to present our brands.

www.heutink-usa.com

Children learn and develop through play. Educo materials are designed to help young children to acquire important skills in a natural way and to understand the world around them.
