What are Sorblts®?

- Sorblts® are absorbent **mats, socks, pads and towels** professionally laundered for reuse.
- Sorblts® are NOT disposable absorbents. The waste free system **supports waste reduction goals**.
- Sorblts® are more absorbent and durable than disposable absorbents.
- Sorblts® keep your workplace safe and help you perform your job more efficiently.

How the program works

- Our team will deliver clean Sorblts® on a regular delivery schedule every four weeks.
- Clean product will be in designated storage area labeled as **clean**
- Deposit soiled product in the drums labeled as **soiled**
- Our team will pick up soiled Sorblts® the same day we deliver the clean.
