Our Company

Brothers Jim and David Leef are committed to building upon the four principles and continuing the family tradition started over 80 years ago: delivering superior service, obtaining the newest technologies, innovating new products and processes, and remaining active in the community.

At ITU AbsorbTech, we define our sustainability as long-term prosperity for our people, our customers, our communities and our company always delivered through Genuine Service Excellence.

The Genuine Service Excellence Team

Our full-service, team management approach helps your company realize significant time savings through a program that fits your budget and needs. We'll pair you with a professional, certified and dedicated service team. Our program stands out because of our exceptional people. Here's why:

- **Award-winning Training Program** All employees become certified in Genuine Service Excellence or Production Excellence. Our training program was recently ranked with Coca Cola and UPS as one of the world's best.
- **Experienced and Team-oriented** Our service team boasts an average tenure of 15 years. We have a culture of working together as a team to service your account.
- **Safety First** We strictly follow your facility's safety requirements and take pride in our state awards recognizing ITU AbsorbTech as a leader in safety excellence.

Recent Awards and Recognition

Sorbits® - The Waste Free Absorbent System

The Sorbits® Advantage

Sorbits® are launderable, reusable mats, socks, pads and towels to keep your workplace safe and support your waste reduction goals.

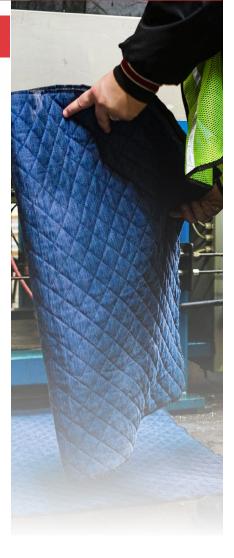

- **Hassle-Free** We will deliver clean SorbIts® to your facility on a regular schedule. We pick up and launder soiled SorbIts® for reuse and manage your program completely.
- **Cost Effective** Your company can save an average of 15% over disposables and up to 40% over "pay by the drum" programs. Sorblts® last longer, absorb more, require less labor, and there are no disposal fees.
- **Zero waste to landfill** SorbIts® have an immediate impact on solid waste reduction. In-house, proprietary process recovers fluids for use in industry and soiled product is laundered for reuse. Program supports ISO 14001 objectives.
- **Solid waste tracking** We track and report the pounds of waste our products eliminate from your facility.
- *Improves safety* SorbIts® oil absorbents provide superior protection against slips, trips and falls for a cleaner, safer work environment they are durable and absorb 3-5 times more than disposable alternatives.

It's amazing how much oil that these pads can absorb! The savings are huge - half the cost of purchasing and hazardous waste disposal. The service team monitors usage to make sure you never run out of product or have too much product that will make unnecessary costs.

Before switching to
SorbIts®, we were using
SpeedyDry and the product
was hard to clean up and
disperse of. I like how simple
the process is with ITU
AbsorbTech's SorbIts® System.
They pick up and drop off
so we always have clean
absorbents and shop towels.

Managed Sorbits® Program

How it works

Your Genuine Service Excellence team will monitor your inventory, monitor your budget and manage your program completely.

- **Delivery** Clean SorbIts® are delivered to your facility for use again and again. No waste is generated at your facility using the SorbIts® System.
- **Pick-up and Laundering** We pick up soiled SorbIts® from your facility and launder them. Fluids recovered from soiled SorbIts® are beneficially reused in industry. ITU AbsorbTech's state-of-the-art processing facilities are registered to 14001:2004 and generate virtually zero process-related hazardous waste.
- **Reporting** We track and report the pounds of solid waste that our services eliminate from your facility. You'll receive an annual environmental certificate (also available as needed) to showcase your environmental commitment to employees and visitors. See sample on next page.

Service Excellence Reports

Our Genuine Service Excellence Representatives will visit your facility on a regular basis (usually quarterly) to audit our programs, add value to our services and review program costs and other important data for the past three months.

Below is a sample cost review report we prepare for each customer's facility on a quarterly basis. We can compile information from various facilities and deliver a summary to the corporate level.

Solid Waste Stream Elimination

Solid waste stream elimination and environmental reporting is an important part of corporate sustainability initiatives. SorbIts® programs have a measurable impact in pounds of solid waste eliminated from landfill. Through the use of SorbIts®, Blanchard Machinery Company can:

- Divert tons of non-hazardous fluids from landfills and the sewer system annually.
- Support ISO 14001 and other sustainability objectives by conserving water, air, and utilization of raw materials.
- Eliminate the need for costly solid waste disposal, manifesting and incineration.

Our commitment to uncompromising operator safety, environmental stewardship, and exceptional products and services through consistent training, process control and quality standards.

Customer Quality Visitation Reports

Customer Quality Visitation Reports (CQVRs) help facilitate a conversation about your program. We take the comments and ratings seriously in order to measure and track how our customers value our solutions and services. Through this process we:

- Maintain healthy, regular communications with each facility
- Learn about specific concerns so we can take proactive action
- Measure our performance and adhere to ISO principles
- Compile data from your facilities to deliver a summary to the corporate level

StraightUp!™ Billing

Our StraightUp!TM invoices are straightforward and easy to understand. StraightUp!TM eliminates frustration by providing you with a consistent invoice with no surprises.

Below is a sample of our simple and easy to understand invoices that never include extra fees and hidden charges.

ITU AbsorbTech offers a program called StraightUp! $^{\text{IM}}$ pricing. We had in the past a national account. We kept seeing surprises on our invoices. Every month it would vary. With the agreed upon price at ITU AbsorbTech, those prices were honored, and that's what we like about ITU AbsorbTech.

Complimentary Trial

No-obligation, complimentary trials are available for most of our programs. Our Genuine Service Excellence Team will conduct a needs analysis and install a trial to match the needs of your facility.

A trial period typically lasts two service cycles. This allows enough time to experience the quality and efficiency of not only the products themselves, but also our managed service programs. Call us at 888-729-4884 or email CRC@ITUAbsorbTech.com to get started today.
