The Secretary submitted to the Court of Examiners, correspondence between him and Mr^r W. H. Burke of Belfast - whose son, J. Wilson Burke, was to have attended at recent Trinity Preliminary

Examination - and whose name was N^o. 15 on the List of Candidates but who did not attend - thinking that the days of Examination would have appeared in the Irish Law Times - which however in the hurry of business was unfortunately forgotten to be done - and Mr. W. H. Burke now requested a Special Examination for his son under the circumstances - The Secretary also informed the Court of Examiners that Mr. W. H. Burke had written to the Lord Chancellor as to the mistake - and that he had sent in Mr. Lentaigre his secretary with the letters to say that he would not make any Order on the matter, but that he thought as there appeared to have been a mistake in not inserting the notice of days of Examination in the Irish Law Times, the Special Examination asked for, ought to be granted -

Ordered, Grant Special Examination accordingly to Mr. J. W. Burke - and request Mr. Goodman to conduct same as usual - and name Tuesday 17th inst. as the day -

Conference with Professor Hickson, Q.C.

Professor Hickson attended this meeting in consequence of Resolution of the Council passed on the 30th day of April last (see F.M. B. Pages 383 & 4.) referring the Cases of Mess^{rs} O'meara, Flynn, Kerney and Overend (the 4 Apprentices then reported to the Council by him for misconduct) to the Court of Examiners and him for consideration as to how those Apprentices should be dealt with -

Mr. Hickson appeared to think that the 4 Letters of explanation sent in by the Apprentices might be accepted this time, with some intimation from him that future irregularities would be severely dealt with - which he was requested to mention to the Class -

Mr. Hickson also said he thought it would be

well if the Court of Examiners, would appoint a subcommittee to consider with him some plan for either dividing the Lecture Theatre into separate, numbered, seats, or for having Attendance Sheets signed by the students attending each Lecture Day - or adopting some other means to ensure more regularity in future -

Ordered. Report to the Council -
see Page 400. F. M. B.

It appears that 17 Candidates were
qualified to compete for the £10 prize given
by the Law Society for the Preliminary Examination
and that only two of them attended.

Under the circumstances it is, I think a
subject for consideration whether it would not be
better to award the prize to the best man of the
year ~~of~~ and without a Special Examination,
holding a special examination if necessary as
in the case of the Foundation Scholarship.

The above members of the Court attended this day

Monday
Wednesday 11th Nov: 89.

The Court further resolved to recommend the Council not to give any more special prizes to be competed for at special examinations in the month of October by the best candidates at the three previous Preliminary Examinations as recommended at each examination as eligible - for the Court find that invariably out of a large number of eligible Candidates only one or two compete; at the last examⁿ only two out of seventeen competed - The Court suggest to the Council to select one of the two following modes of giving special Prizes to Preliminary Candidates -

1. In the month of October to award the Candidate who has obtained the highest marks out of all Candidates at the 3 previous examinations a special Prize - or -
2. At each examination that the Court should consider if any Candidate deserves a Medal or Cert^{ifi} as in the Final Examination and recommend such Candidate to the Col.

The Court have considered the case of Mr. Murphy and the complaint against him by the Southern Law association. Further questions were put to Mr. Powell Mr. Murphy's master and in particular touching the sale alleged to have been conducted by Mr. Murphy. A letter of satisfactory explanation was received from Mr. Powell enclosing letters from both Vendor and Purchaser stating that they were treating with Mr. Murphy as Mr. Powell's apprentice and they knew that Mr. Powell was the Sol: in the matter. The Court are of opinion that Mr. Murphy's apprenticeship has been bona fide, that no further opposition to his admission ought to be made, & that the Southern Law association be informed of this enquiry & its result.

REPORT FROM COURT OF EXAMINERS TO COUNCIL ON LECTURES TO APPRENTICES.

THE Court of Examiners met on 26th January, 1891, and considered the following reference from Council of 3rd December, 1890:—

“That it be referred to a Committee, consisting of the in-coming Court of Examiners and two representatives of the Northern and Southern Societies, to consider the question of Apprentices’ Lectures in Dublin; and that the Court do consult the Northern and Southern Societies.”

The Secretary submitted the following resolution of the Northern Law Society passed on 19th January, 1891:—

“It would be desirable, both in the interest of the profession as well as the Solicitors’ Apprentices, that four lectures in each class should be given weekly, instead of two as at present, so as to shorten the time necessary for the attendance of such apprentices in Dublin.”

The Secretary also submitted a Memorial signed by twenty-eight Northern Apprentices praying that the attendance by apprentices at the Queen’s College Law Lectures might be permitted to be substituted for attendance at this Society’s Lectures.

A letter from Mr. C. W. Black, one of Northern Law Society Extra-Ordinary Members of Council, in favour of the existing system of lectures being continued was read.

The Court decided to adjourn the question in order to have an expression of opinion thereon from Professors Fleming and Stritch. The Court met on 18th February, 1891, when the Secretary submitted letters from the two Professors, both letters expressing opinions adverse to any change from the present system.

The Court of Examiners are of opinion that it would be contrary to 29 & 30 Vic., cap. 84, sec. 25, to permit attendance at the lectures of the Queen’s College to be substituted for attendance at this Society’s Lectures; and they are also of opinion that it is essential for the proper training in their profession that apprentices should attend at the Four Courts to learn personally the daily practice of the High Court of Justice, in addition to systematic attendance at the Town Agent’s office, in order to learn the work of Dublin offices. The Court of Examiners are of opinion that if these attendances at the Four Courts and at the Town Agent’s office be properly and systematically carried out it would be impossible for the apprentices to bestow adequate preparation upon more than two lectures during each week; and they are further of opinion that, apart from such attendance, proper attention could not be devoted to more than two lectures each week. The Court of Examiners accordingly recommend the Council not to make any change in the present system of lectures.

Mr. Goodman:

The Court of Examiners met this day as above
and came to the conclusion as to the recent
Preliminary and Final Examinations set
out in print on next page.

Mr. Goodman & the Sec reported that Michael
Leary a Candidate at the Preliminary examination
had after the examination written to the Secretary

The Court of Examiners met this day as above in order to consider the matter referred to them by the Council dealing with the admission of Law Clerks to the Preliminary Examination under Sec 10 of 29 & 30 Vic C 84. passed by the Council & approved by Mr. Moore and adopted

The Court are of opinion that a Law Clerk having regard to his less favorable opportunities of education and preliminary training, as compared with a person seeking to be bound as an ordinary apprentice is not better qualified or more competent than such a person to transact the business of a Solicitor as contemplated by Sec 10 of 29 & 30 Vic C 84, and inasmuch as by the rules and forms settled by the Judges under that act an ordinary apprentice cannot be bound to a Solicitor and cannot enter upon his Statutory period of legal training until he has attained the full

= age of 16 years and is required to furnish evidence of age when lodging his Petition -

The Court of Examiners recommend that as a general rule a Law Clerk applying under Section 10 should not be deemed capable of transacting the business mentioned in that

Section until he has attained the age of at least ~~15~~¹⁶ years - The Court of Examiners further recommend that every such applicant be required to furnish evidence of age with his Petition as in the case of a person seeking to be bound as an ordinary apprentice.

Changed to "16"
by ord. of Council.
17 May 1893.

Mr James J Sullivan Law Clerk, seeking to be bound under Sec 10 to Mr King Houston, attended before the Court and answered various questions put to him touching his period of clerkship -

Mr Sullivan having retired - The Court resolved that his application could not now be granted, but that he be informed that he might apply in December next for the January examination.

Mr Nathaniel Sufhan Law clerk, seeking to be bound to Mr Mills under Sec 10, attended and answered various questions put to him touching his period of clerkship -

Mr Sufhan having retired - The Court resolved that Mr Sufhan might forthwith be bound under Sec 10, he having passed the Preliminary Examination, & the Court deeming his answers ~~entirely~~ sufficiently satisfactory.

Mr W^m Lewis Law Clerk, seeking to be bound to Mr J P Fott Sol^r under Sec 10, attended and answered various questions put to him touching his period of clerkship -

Mr Lewis having retired. The Court resolved that he may present himself for the next Preliminary Examination as a Law Clerk under Sec 10 - His answers being deemed sufficiently satisfactory. A letter from Mr D A Quaid Law Clerk sending further Certificate in support of his Memorial was adjourned for consideration at next Council meeting.
