May's Chess Puzzle

In this situation white is next to make a move.

What the chess master did in this game was voted one of top 10 chess sacrifices of all times. Try to spot this incredible move for white. The move is a force-move taking the black into a mate within 2 moves after it.

Answer from last month's puzzle:

Congratulations on solving last month's puzzle King on B2 is the single best move for black, putting white in mate instantly.

Departure Check List Suggestions

When you are leaving for the summer, please keep in mind the following items prior to your departure.

House Watch

Notify your house watch person of your departure date and time. They will check your home conditions weekly.

Electrical

Turn off all breakers, except the A/C unit, refrigerators, freezers, pool pump and your outdoor lamp post.

Air Conditioning

Set your AC to Cool, at a temperature several degrees higher than your normal temperature setting.

Newspaper Services

Discontinue your newspaper delivery or change the receiving address to your summer address.

Hurricane Shutters

Contact the Engineering Department at (561) 273-2630 for assistance in installing your hurricane shutters beginning May 1st.

Transportation

To make arrangements for your home-to-airport transportation by your vehicle, please contact the POA Office at (561) 627-1467.

Change of Address

In order to receive your Frenchman's Creek statement and community information after your departure, please complete the "change of address" form and return it to the Accounting Office. You may do so by faxing, emailing, hand delivery or mailing.

Water Supply

Shut off water at outside connection. Also consider a second water shutoff valve inside the home. Do not leave faucets open. Shut off all valves under all sinks. Consider draining the hot water tank just before you leave. Do not arrange to have your water turned on prior to your arrival. It is important that you are home to check for leaks and faulty seals.

Secure Home

Confirm that all doors and windows are locked. Set your security alarm. Secure patio furniture and all movable items into the garage. Leave your emergency phone number and the phone number of your house watch person with the Security Department at (561) 622-7800 and the POA Office at (561) 627-1467.

Mosquito Prevention

Mosquito Control Precautions

A glorious summer day is an invitation to be outside for hours on end, but constant swatting, slapping, and scratching from a mosquito attack can ruin even the best of days - not to mention mosquitoes can also carry dangerous diseases.

But don't worry, for this coming summer, your POA will take care of your concerns. The services you will receive include:

- ◆ Empty any visible standing water hazards around the homes landscape, pots, furniture, etc.
- ◆ Check for standing water near A/C condensation lines and take steps to drain these areas.
- ◆ Check utility areas where the homeowner may have construction materials, ladders or stored items that may hold water.
- ◆ Check for standing water along roadways and adjust irrigation if possible to minimize runoff to the street.
- ◆ Report any evidence of clogged gutters or downspouts to the POA Office to eliminate the possibility of standing water in the roof gutters.

As with all mosquito-transmitted diseases, the best way to prevent exposure is to limit your chances of being bitten by a mosquito. If you're convinced that you just have sweeter blood than everyone else, these following steps could also keep mosquitoes from bugging you.

First and foremost, safeguard yourself by wearing protective clothing such as long pants and sleeves. Apply an approved mosquito repellent, preferably one containing DEET.

Second, remove potential mosquito breeding sites by emptying water from flower pots, garbage cans, recycling containers, wheelbarrows, aluminum cans, boat tarps, toys, and buckets - any item that can hold water.

Prevent water containers from getting stagnant by flushing ornamental bromeliads, birdbaths and wading pools weekly. Clean roof gutters. Change the water in outdoor pet dishes regularly, keep pools and spas chlorinated and filtered. Stock ornamental ponds with mosquito-eating fish, cover rain barrels with screening, and check for standing water under houses, near plumbing drains, under air conditioner drip areas, around septic tanks and heat pumps.

Before Your Departure

As the end of the season is approaching, many members are planning to depart. It is time for us to make arrangements for the summer maintenance practices.

Your Account Managers are currently contacting you to update the preference lists and checking to see if there are any last minute items that need to be addressed. If you are leaving in a few days, please contact the POA Office at (561) 627-1467, who will place a work order for you.

Many of the New Guinea Impatiens planted in the fall are on their way out and need to be removed. These are adversely affected by the heat and humidity and both have been on the rise. Unless the plants are completely dead, we will not remove them without speaking to the homeowner first.

Please make sure to communicate any changes to your preference list and your summer contact information as this is our guideline for meeting your expectations while you are away.

Plant Replacement

The POA uses only three gallon plant material, planted on three foot centers. If a homeowner requests larger plant material, the homeowner will pay the difference in price over the price of three gallon material.

Plants are replaced around homes, at no cost to the homeowner when the plant, over a thirty day period, can no longer retain its shape and vitality for a specimen of the variety in question.

All annual flower planting is the responsibility of the homeowner, including irrigation, fertilizing, and disease control.

Mulch

The POA does not mulch plant beds.

Tree Trimming and Removal

Trees removed at the request of a homeowner, die as a result of disease or other may be replaced by the homeowner. This charge will be at the homeowner's expense with the approval of the POA.

At your own expense, the homeowner may choose to replace any tree that is removed. The POA does not replace trees.

SECURITY

Mark Hall - Security Director

Gate Access Instruction

Frenchman's Creek Security prides itself on providing the highest level of service possible. This service begins with access control at the front gate. However, security is noticing more and more vendors, guests and service personnel are not being called in by members. This causes long lines and delays at the gate, which inconveniences your family, friends and guests who are trying to access the community. We also have incidents where residents call the gatehouse security personnel to place vendors/guests on their guest list, there is a miscommunication and the information is not properly input. The methods below allow residents to manage their own vendor/guest list and help us avoid "third-party" mistakes.

Automated Phone System for calling in vendors/guests:

1. Dial (561) 775-6428
2. Enter your 3-digit security code when directed.
3. Leave the name of your guest/vendor on the recording.

Here is a quick guide for entering vendors/guests to your On-line Gate Access guest list:

You can update your guest list without having to call the gatehouse or leave a voicemail. You can do it from your home computer, cell phone or iPad.

1. Go to the website: www.GateAccess.net.
2. Enter our community code: FCCC
3. Enter your username which is your 10-digit home phone number without spaces, dashes or parentheses.
4. Enter your password, which is your 3-digit security code.

Please DO NOT place vendors, service personnel, nurses or aids on your permanent guest list unless they will only be on property for one day in a twelve month period. Please feel free to contact the gatehouse at (561) 622-7800 if you have any questions or concerns.

GOLF

Robert Bruno - Golf Director

The Frenchman's Creek Golf Professional Staff would like to personally thank the entire membership for their support and participation in the entire 2015 -2016 golf program. To our seasonal Frenchman's Creek members we wish you all the best for the summer and look forward to your return in the fall. To our full time Frenchman's Creek members we have set forth a wonderful Summer Reciprocal Program and Summer Golf Events for you to enjoy.

Guest Play & Tee Times

Effective May 15th, 2016 members may have guests play at any time. Tee times are still recommended by the Professional Staff. Please contact the Golf Pro Shop and/or starter for any questions in regard to guest play and tee times. A summer Golf & Lunch Guest Package is available to the membership.

Practice Facility

The practice facility is available every day for our members and their guests for warm-up prior to your round of golf, for a golf lesson with one of our instructional staff member's and for working on your game and refining your swing. Please Note: Children under the age of sixteen (16) must be accompanied by an adult and are required to utilize the North End (Back End) of the practice facility located by the sales center. All children should be dressed in golf attire at all times when you using any part of the practice facility including the putting green.

Dress Code & Golf Course Etiquette

As a friendly reminder, members and their guests are required to adhere to the standards set at Frenchman's Creek Beach & Country Club. We all must follow the proper dress code policy on the golf courses as well as all of the practice facilities. Men are required to wear a collared shirt at all times. No denim, workout attire, tank tops or short shorts are acceptable attire for these areas. All members and guests should follow the proper golf course rules of etiquette. We ask that you adhere to the 90 degree rule while driving your cart, please fill in all your divots with sand, rake all bunkers, fix all ball marks on the green and maintain a four (4) hour pace of play. Cell phones are prohibited on the course as well as the practice facilities. Please respect your fellow members and enjoy your golf.

2016 Golf Reciprocity Program

May 15, 2016 through September 30, 2016

Monday through Friday After 9:30 a.m.

Saturday & Sunday upon availability of the host facility

For more information about the reciprocity clubs, please contact the Golf Pro Shop at (561) 622-1620.

Obstruction (Rule 24)

24.1 Movable Obstruction

A player may take relief, without penalty, from a movable obstruction as follows:

- a. If the ball does not lie in or on the obstruction, the obstruction may be removed. If the ball moves, it must be replaced, and there is no penalty, provided that the movement of the ball is directly attributable to the removal of the obstruction.

- b. If the ball lies in or on the obstruction, the ball may be lifted and the obstruction removed. The ball must through the green or in a hazard be dropped, or on the putting green be placed, as near as possible to the spot directly under the place where the ball lay in or on the obstruction, but not nearer the hole.

The ball may be cleaned when lifted under this Rule.

GOLF CONTINUED

Golf Rule of the Month

Golf Rule of the Month Continued

24.2 Immovable Obstruction

a. **Interference:** Interference by an immovable obstruction occurs when a ball lies in or on the obstruction, or when the obstruction interferes with the player's stance or the area of his or her intended swing. If the player's ball lies on the putting green, interference also occurs if an immovable obstruction on the putting green intervenes on his or her line of putt. Otherwise, intervention on the line of play is not, of itself, interference under this Rule.

b. **Relief:** Except when the ball is in a water hazard or a lateral water hazard, the player may take relief from interference by an immovable obstruction as follows:

1. **Through the Green:** If a ball lies through the green, the player must lift the ball and drop it, without penalty, within one club length of and not nearer the hole than the nearest point of relief. The nearest point of relief must not be in a hazard or on a putting green. When the ball is dropped within one club-length of the nearest point of relief, the ball must first strike a part of the course at a spot that avoids interference by the immovable obstruction and is not in a hazard and not on a putting green.

2. **In a Bunker:** If the ball is in a bunker, the player must lift the ball and drop it either:

a. Without penalty in accordance with Clause (1) above, except that the nearest point of relief must be in the bunker and the ball must be dropped in the bunker; or

b. Under Penalty of One Stroke, outside the bunker keeping the point where the ball lay directly between the hole and the spot on which the ball is dropped, with no limit to how far behind the bunker the ball may be dropped.

3. **On the Putting Green:** If the ball lies on the putting green, the player must lift the ball and place it, without penalty, at the nearest point of relief that is not in a hazard. The nearest point of relief may be off the putting green.

4. **On the Teeing Ground:** If the ball lies on the teeing ground, the player must lift the ball and drop it, without penalty, in accordance with the Clause (1) above.

The ball may be cleaned when lifted under this Rule

Penalty for Breach of Rule:

Match Play: Loss of Hole

Stroke Play: Two Strokes
