Taxi Minibus

It is important to have the right cover in place to make sure your minibus stays on the road. Spending more time on the road means you can pick up more passengers and increase your profits, but it also increases the chances of your taxi breaking down. Make sure you are fully covered with RAC specialist vehicle cover for your taxi minibus.

Courier

Having a courier vehicle off the road can lead to work delays and expensive downtime. RAC can keep you moving with a replacement vehicle. Our van-for-van or car-for-car policy means that if we can't do a roadside fix, you'll have the right vehicle to get back to work.

Minibus

For Minibus owners, an untimely break down can affect up to 16 people and mean missing an important event. RAC offer full cover that includes onward travel options such as an appropriate replacement vehicle, alternative transport arrangements or a hotel.

Motorhome

Don't let a breakdown disrupt your holiday. RAC cover is available for motorhomes or campervans of any weight, height or length. This includes options for European and repatriation cover.
