TETERBORO

EXECUTIVE SUMMARY

As exclusive agent, Cushman & Wakefield's National Industrial Advisory Group is pleased to offer a 100% fee interest in **Amazon Teterboro** for sale. Located at the heart of the Meadowlands, **Amazon Teterboro** represents a rare opportunity to acquire scale, functionality and investment grade credit in New Jersey's most sought after industrial market. The Property ranks in the top 1% of the Meadowlands 83 MSF inventory, offering 616,992 SF and clear heights up to 32 feet, in a market primarily comprised of small, 50+ year old industrial buildings.

The Property is in the final stages of an \$80 million transformation into a state-of-the-art sortation center, the cornerstone of Amazon's same and next-day last mile operations. Designed to service New York City's five boroughs, Northern New Jersey, Southern New York State and Western Connecticut, The Property is fully-climate controlled and will include over 14 miles of automated conveyor lines. Once completed, **Amazon Teterboro's** 1,600 employees working 24/7/364 will touch an estimated 5,000 packages per day.

Fully leased through July 2026, **Amazon Teterboro** offers investors approximately nine years of investment grade cash flow with contractual rent steps averaging 2% per year.

INVESTMENT HIGHLIGHTS

BULL'S-EYE ON A MAP

AN AMAZON FACILITY UNLIKE THE OTHERS

For investors seeking core industrial investment, **Amazon Teterboro** offers a bulletproof location and immediate access to the world's second largest city by GDP.

- 10 minutes from Manhattan via the George Washington Bridge or Lincoln Tunnel
- Proximity to the NYC metro area's 23 million consumers
- Critical location for same and next-day last mile service providers

Utilized as the cornerstone of Amazon's "final mile" business model.

- Undergoing an \$80 million tenant funded investment
- A fully-climate controlled facility with over 14 miles of conveyors, 1,600 employees working 24/7/364, and capability of handling 5,000+ packages per day
- Purposed as a sortation facility, **Amazon Teterboro** will be Amazon's last touch prior to delivering goods to consumers

LONG-TERM INVESTMENT GRADE CASH FLOW + CONTRACTUAL RENT STEPS

SCALE + FUNCTIONALITY IN THE MEADOWLANDS

- Over 8 years of remaining lease term from Amazon.com, Inc, a AA- rated tenant
- Annual rent steps averaging 2% through July 2026
- In-place rent 18% below today's market rates

Scarcity of comparable buildings evidenced by Amazon's long-term commitment to **698 Route 46**

- Class A buildings represent only 7.7% of the Meadowlands 83 million square of standing inventory; **Amazon Teterboro** is one of only two buildings greater than 400,000 SF within that subset
- Clear height ranks **Amazon Teterboro** in the top 1% of the Meadowland's 881 building inventory
- **Amazon Teterboro's** competitive position within the market is insulated by an absence of remaining development sites, particularly none of scale

Founded in 1994, Amazon has grown to become among the largest companies in the world. With a market cap of \$552.71 billion, Amazon is the 4th largest company on major US stock exchanges. The Company is known for the sale of consumer products online, but it also engages in many other forms of business, such as manufacturing electronic devices, cloud and data administration, and online subscription based services. Amazon is the US leader in E-Commerce by a wide margin, with a 43% share of all online retail sales in 2016. The growth in this market is projected to continue, and the Teterboro location offers immense value to service that growth.

NORTHERN NEW JERSEY INDUSTRIAL MARKET

The third largest industrial market in the nation (627 MSF), the NNJ industrial market continues to see robust demand for modern warehouse space as the industrial market continues to reach historic levels. Asking rents and new construction are at century highs while vacancy continues to decrease despite some speculative construction deliveries. The desire by e-commerce and logistics companies to locate facilities in densely populated areas continues to fuel demand, despite limited existing options. Preleasing activity remained strong during 3Q17, accounting for 37% of the total square footage leased.

MEADOWLANDS INDUSTRIAL MARKET

The growing need for a “last-mile” location continues to push demand in the Meadowlands among e-commerce, logistics, and last-mile delivery companies. The submarket’s proximity to New York City, the region’s mass highway network, and its access to blue and white collar labor markets make it one of New Jersey’s most desirable locations from industrial facilities.

- Overall rental rates for W/D facilities have increased 5.3% during the quarter to an all-time high, making the Meadowlands the priciest warehouse market in the state, boasting a 16.7% premium over the state average
- Overall vacancy has dropped seven percentage points from the high in 2012
- True Class A properties only represent 7.7% of the entire market
- Class A rental rates are pushing double digits and over, the 3Q17 weighted average Class A rental rate is \$10.19 PSF

RISING E-COMMERCE: “BRICKS-TO-CLICKS”

- E-commerce has been on the rise in the last several years due in large part to industry titans such as Amazon and Alibaba
- According to the U.S. Department of Commerce, global e-commerce has nearly quadrupled since 2010 with 2016 e-commerce sales of over \$2 trillion and is expected to grow an additional 8-12% in 2017, up to three times higher than the growth rate of the wider retail industry
 - » 2017 e-commerce sales are poised to reach between \$427 billion and \$443 billion in the United States
 - » E-commerce has truly become the future of retail as nearly all of the growth in the retail sector now occurs in the digital space
- As the e-commerce market continues to develop at a double-digit pace, so has the expansion opportunity for product delivery
- The need for faster, same-day deliveries has grown exponentially. As traditional retailers fight to compete with e-commerce giants, last-mile delivery has taken on added urgency
 - » As of Q3 2017, e-commerce's share of total retail sales was approximately 9.1%
 - » This represents an average annual increase of 10% over the past seven years
 - » Over the coming years, e-commerce's share of total retail sales is expected to grow 25-30%

Blue Collar	36.2%	32.4%	35.4%	35.1%

RISING VOLUME AT THE PORTS OF NY/NJ

As the largest containerized deep water shipping terminal on the East Coast, the Port totals 2,100 acres, and is located 20 miles south of 698 Route 46. NY/NJ Port Authority committed more than \$4 billion to the Port in order to ensure its capacity to handle projected future volumes of increasingly larger vessels

Expansion of the Panama Canal (completed in 2016), doubling canal capacity allowing for larger ships and more cargo to reach America's eastern seaboard

\$2 billion dredging project to deepen the port channel to 50 feet

\$1 billion to raise the Bayonne Bridge from 151 ft. to 215 ft.

\$600 million for ExpressRail, which will be able to move 1.5 million cargo containers per year throughout the port
