Eliminate a solid waste stream

SorbIts® & Ultras™ are professionally laundered for reuse

Solid waste stream elimination and environmental reporting is an important part of corporate sustainability initiatives. Sorblts® & Ultra™ programs have a measurable impact in pounds of solid waste eliminated from landfill. Through the use of Sorblts®, & Ultra™ solutions, your facility will:

- Divert tons of non-hazardous fluids from landfills and the sewer system annually.
- Support ISO 14001 and other sustainability objectives by conserving water, air, and utilization of raw materials.
- Eliminate the need for costly solid waste disposal, manifesting and incineration.

Our **Environmental Engineer, Jodi Drew**, is available as a resource for waste stream elimination, solvent recovery and compliance questions.

Achievement in Waste Reduction

SorbIts®

HONEYWELL

is recognized for its corporate environmental initiatives to reduce solid waste in support of ISO 14001 objectives from January 1 through December 31, 2016. Significant cost savings compared to alternatives

Customers save **15%-30%** over disposable absorbents & towels by switching to reusable program. Here's how:

- ✓ Sorblts® & Ultras™ last longer and absorb more than disposable absorbents.
- ✓ No disposal or incineration costs. Sorblts® & Ultras™ are professionally laundered for reuse.
- ✓ Sorblts® & Ultras™ reduce soft labor costs. No ordering, storing, or manifesting required.

Pay-by-the-drum reusable absorbent & towel programs cost **40%-60%** more than our programs. Here's why:

- ✓ Our cleaning standards are unmatched so you need less product to do the job. Sorblts® & Ultras™ are processed in our ISO 14001 certified facilities.
- ✓ We manage your inventory so you have enough product to do the job but not too much to create unnecessary cost. We do not charge by the drum.
- ✓ With our StraightUp!™ billing practices, there are no hidden fees. Invoices are straightforward with no surprises.
