# What is BLACK CUMIN SEED?

For centuries, Black Cumin Seed (*Nigella Sativa*) herb and oil have been used by millions of people in Asia, Arabia, and Egypt to promote health and well-being. Popularly known as "Black Seed," *Nigella Sativa* is one of the most extensively studied herbs, both phytochemically and pharmacologically. Over 500 separate peer-reviewed studies since 1956 describe *Nigella Sativa* as a powerful anti-oxidant and hail its effects on allergy, inflammatory and immune system response.

**THYMOQUINONE (TQ)**, the active ingredient only found in *Nigella Sativa*, is responsible for this and a host of other benefits. Amazing Herbs Premium Black Cumin Seed oil contains the highest level of naturally-occurring Thymoquinone (TQ) available on the market.

Amazing Herbs pioneered cold-pressed Black Cumin Seed oil nearly 20 years ago. Our oil is freshly cold-pressed using only the highest quality genuine organically-grown *Nigella Sativa* seeds and is Guaranteed 100% Pure, Fresh, and Un-Refined.

# Get the power of handpicked wild nature with the #1 selling oregano line.

Just because it tastes and smells like oregano doesn't mean it's the right oregano. With over sixty varieties of oregano in existence, it is difficult to know.

North American Herb & Spice is the original wild oregano company, formulator of P73—the only blend of select species of wild oregano known since antiquity for their beneficial powers.

North American Herb & Spice is your trusted source for real, wild, high-mountain oregano. Accept only the best.

# March is coming in like a lion!

March is here and with it begins the countdown to Expo West! To help you prepare, on page 37 we are highlighting some of the brands that will be featured in our booth during Expo West, Booth #1836. Make sure you stop by to pick up samples from some of our best brands, or to meet your sales rep.

Personally, as an avid runner, the start of spring means that many competitions and races are on the horizon. To prepare for the increased training, sports supplements become the go-to product. Supplements help protect the body from the stress of going all-out in training, while enhancing athletic performance. This month, on page 34, we are featuring our top 40 sports supplements for the average weekend warrior and beyond. Help your customers tackle their springtime goals by stocking your shelves with our diverse

line of products.

Select Nutrition is continually searching for new and unique products. Be sure to take a look at the new brands that we have begun carrying in 2015, listed on page 20. This month we are introducing two new suppliers: Grahams Natural and Wholesome Sweeteners. Take a moment to learn more about their products starting on page 89.

The season of spring promises to be a most exciting time. I hope you welcome it as eagerly as I do!

# Nutrition53

Every day, people try to wake with an ignited hope and determination that they are going to have a purposeful and productive day, and that nothing will bring them down. But what happens when you can't remember the activities you did or places you have encountered the day before?

That's the reality that former NFL star, Bill Romanowski, experienced in his 16th NFL season. Although his long and successful career encompassed 243 consecutive games and five Super Bowls, Bill's mental and physical condition took a hit. Before he knew it, he was experiencing significant memory loss due to the series of concussions he endured on the field. Rather than allowing this memory loss take over his life, Bill embraced his health scare by positively turning it around to use it as motivation and inspiration in creating a line of high-quality health products that would provide optimal nutrition for people aspiring to be fit, healthy, happy, and ultimately "achieve their very best".

*Bill Romanowski*

Produced with high-quality ingredients, Nutrition53 strives to offer products that really provided nutritional value, support performance, and help to restore physical and cognitive functions in the long-run.

Today, Nutrition53 carries a diverse line of nutritional supplement products and they offer a multitude of flavors to satisfy the traditional vanilla fan, the die-hard chocolate fanatic, and even

the ambitious and daring soul that likes to try more adventurous flavors, such as their caffè latte or banana cream flavor. Besides the diversity offered in flavors, Nutrition53 created products that were meant to accommodate a wide range of

health and fitness goals. The brand carries protein powders, meal replacement powders, and other nutritional additives that aid in fat burning, weight loss, muscle building, brain performance, and just daily physical performance. Because Nutrition53's products are so effective, the brand has acquired a very strong and competitive reputation in the supplement industry, one that has allowed consumers to immediately associate the words "unbelievable taste and proven results" with the name Nutrition53.

**Paula Wiszowaty**— [pwiszowaty@unfi.com](mailto:pwiszowaty@unfi.com)

When Bill realized the impact that his memory loss was having on his daily life, he decided to take matters into his own hands by developing a solution that would help restore his cognitive and physical health condition. He teamed up with the world's leading doctors, scientists, researchers, and nutritionists to "create a formula that would help to fully restore his mental function". The result of this brilliant and powerful collaboration was Neuro1, Nutrition53's first formula. That formula alone drew so much attention and gained such high demand and popularity, that Bill went on to add even more unique formulas to his brand.

# 48 Blends of All Natural, Mostly Wild-Crafted Medicinal Teas That Actually Work!

From the start in 1994, Health King Medicinal Teas received overwhelming response from satisfied customers. Made of 100% natural, mostly wild herbs, it's the first full range of herb tea line based on the 3,000-year wisdom of authentic traditional Chinese medicine.

## Health King 康帝® MEDICINAL TEAS

All Health King Medicinal Teas are flavored with jasmine flower, making it very delicious and easy to incorporate into your daily life. You may feel a big difference in just a few days if you take 3-4 teabags daily. Call for information about our most popular teas.

When they find **acidic foods**  
to be the problem...

# Prelief<sup>®</sup>

is the standard "go-to"

Your customers would love to enjoy coffee, wine, fruit juices, tomato sauce, chocolate and dozens of other healthful and favorite foods again. But sometimes even a little food acid is just too much for some bodies to handle; it can bring discomfort. Prelief takes the acid out of any food or beverage. Modify their diet with Prelief, a non-drug first option that stands between them and food acid triggered discomfort.

Use of Prelief tablets shows a high success profile.<sup>1,2</sup> Prelief tablets can be recommended to customers with confidence- Prelief is a simple and safe dietary supplement.

# Itching for a cure

## Why scalp care matters more than ever

According to the NIH, dandruff affects almost half the population, and its incidence is on the rise. In the US alone, nearly \$300 million is spent on various dandruff products per year. Causes of dandruff vary from person to person, ranging from sebum overproduction, fungal (*malassezia*) proliferation, nutrition deficiencies, seasonal changes, even stress. Perhaps that's why finding the right solution to soothe dandruff symptoms is often a matter of trial and error.

### Scalp care goes naturally effective

As consumer demand for natural products heightens across personal care, thought-leading brands such as derma e® are rising to the occasion with naturally effective scalp care innovations. New **Scalp Relief Hair Care** by derma e® is a standout, because the shampoo and conditioner regimen is doctor-developed, clinically-tested and consumer-tested to effectively alleviate symptoms associated with scalp dandruff, eczema or psoriasis.

### The best natural solution is from derma e®

Unlike other scalp treatment products that only address one or two dandruff causing factors, derma e® Scalp Relief formulas work in 4 ways to significantly improve the condition of the scalp and hair, from root to tip.

Each Scalp Relief formula works in 4 therapeutic ways...

- Shampoo:**
1. CLEANSE
  2. DE-FLAKE
  3. SOOTHE
  4. NOURISH

- Conditioner:**
1. DETANGLE
  2. DE-FLAKE
  3. SOOTHE
  4. NOURISH

Could this be the end of the trial and error dandruff treatment guessing game? This regimen is quite possibly the market's best natural contender.

## “ They are a miracle in a bottle.

I really felt my hair and scalp were totally improved after using this. I don't itch in my hair after using this. I know the products really worked in my hair and scalp! ”

**Scalp Relief Shampoo & Conditioner make a dramatic difference in dandruff symptoms:**

Results experienced after 2 weeks of use*	% Agree
Worked better than other therapeutic haircare products I've tried	97%
Worked quickly to resolve scalp problems	94%
Reduced flakiness, scaliness, redness & discomfort	94%
Left my hair healthy looking	94%
Reduced irritation	93%
Reduced itchiness	90%

# 60 Million Consumers Names Herbatint Long-Lasting, Safest Hair Dye

PARIS—*60 Million Consumers*, the French consumer testing organization, tested 15 well-known mass market and three natural hair dyes currently sold in Europe and the United States for performance and safety. Of the 18 tested, Herbatint was the only dye with an acceptable safety rating, in addition to being named fully acceptable for long-lasting natural color.

Each product was evaluated for: potential irritation, sensitization, mutagenic risks, and carcinogen and reproductive toxins using the standards of the Scientific Committee on Consumer Safety (SCCS) of the European Union (EU). Based on toxicological profiles, Herbatint was the only hair dye judged first choice because it uses very few potentially sensitizing or toxic substances as well as providing very good color.

## Best Choice hair color for limited risks

This hair dye was noted for the very naturalness of its color. The color and its long lastingness were judged fully acceptable. Moreover, it distinguishes itself from all its competitors, by its safer formulation based on the toxicological testing.

It uses very few substances  
that can cause  
sensitivity or  
be toxic.

MULTI AWARD WINNING HAIR CARE AND COLOURS

# NATURIGIN®

## NATURAL BEAUTY

NATURIGIN is the only family owned, Danish hair colour and hair care brand, in the world, which offers certified organic hair care products and the most natural and organic way of colouring hair. NATURIGIN is born out of the Scandinavian green way of thinking and living. NATURIGIN offers 19 organic based, 100% permanent hair COLOURS with a 100% Grey Hair Coverage. NATURIGIN's natural philosophy has lead to a 100% Ammonia-free and Parabens-free hair colour with superior quality and unparalleled professional functionality as well as deep, intense quality. The slogan is therefore "less chemicals - better colouring".

NATURIGIN is the only permanent hair colour sold in Nordic pharmacies. Getting there took two years of extensive testing and strict control. In the European retail stores, NATURIGIN is the only natural based hair colour, which is displayed with and viewed as being the natural substitute to L'Oreal and Schwarzkopf.

NATURIGIN is already a world brand selling in 50 countries from all over Europe to Japan and Singapore. Because of a high repurchase rate and customer loyalty, NATURIGIN experienced a 52% unadvertised growth rate, during a three year period. We at NATURIGIN are now proud to enter the US market with an award as the best natural product 2014/2015, judged by some of the largest US natural retailers within hair and beauty.

## RAW SHEA COLLECTION

*Anti-Aging, Revitalizing & Protecting*

First cultivated in western and central Africa, Shea Butter is a natural humectant that is rich in the antioxidant Vitamins A and E. Raw Shea Butter helps to soften, moisturize and sooth the skin while making the skin look healthier.

As leaders in the Global Shea Alliance—a non-profit industry group dedicated to creating a sustainable Shea industry worldwide and improving the lives of rural African women and their communities—we are working to redefine the pricing model among the world's largest purchasers of Shea Butter.

We invest in women's Shea Butter cooperatives in Africa, helping them become self-sustaining businesses through training and infrastructure development. As the cooperatives evolve from creating only raw, handcrafted Shea Butter to creating superior, high-value finished skincare products, the women shift from being suppliers to full business partners. As their businesses mature, the women's incomes rise, as do their health, access to education, and empowerment.

yo'gourmet

We all know there are many ways to melt chocolate, but the best way to do it is with even, indirect heat in a double boiler. The same applies to yogurt making. The Yogourmet Yogurt Maker is the only one that uses a "water bath" system similar to a double boiler, for consistent yogurt every time!

## Yogourmet Original Yogurt Starter Item # 201

- Can be used with Cow, Soy or Goat's milk
- Gluten Free
- No additives or preservatives
- Each box makes 6 quarts of yogurt

## Yogourmet CBA Probiotic Yogurt Starter Item # 209

# Blocked up? Can't breathe? Discover Olbas.

Originating in Switzerland over 100 years ago, Olbas Oil is a blend of six essential oils made from healing herbs. Essential oils are pure plant remedies - some of nature's secret weapons in maintaining wellness.

The synergistic Olbas formula was carefully developed from these plants to provide extraordinary benefits:

**Peppermint Oil**  
An aromatic stimulant that quickly enhances breathing passages.

**Wintergreen Oil**  
Has a warm, soothing effect when used in massage, and offers pleasant olfactory properties.

**Oil of Cloves**  
A strong, stimulating aromatic that contains natural, soothing eugenol

**Juniper Oil**  
Stimulates the metabolism and supports the immune system.

**Eucalyptus Oil**  
Promotes oxygen absorption and relaxes the respiratory muscles.

**Cajeput Oil**  
Very soothing to bronchial and sinus passages.

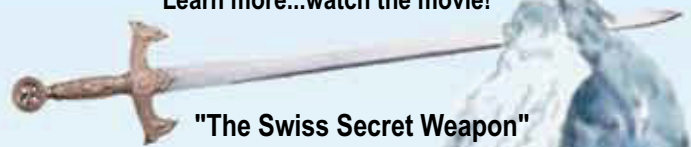

**POWER To Breathe<sup>®</sup>**  
*Naturally!*

There are 8 Olbas Remedies that provide effective and immediate relief

**Relieve Aches and Pains** ✂ **Cool Sore Throats**  
**Enhance Breathing Passages** ✂ **Calm Coughs**

# Make Your Family Smile... Naturally.

For well over 25 years, Peelu USA has produced the highest-quality natural oral hygiene products to help families maintain healthy gums and teeth without chemicals or harsh abrasives. We pioneered the development of dental health products like fluoride-free toothpaste, dental fibers, tooth powder, whitening toothpaste and, of course, our famous Peelu gum. Our natural chewing gums are sugar free and aspartame free, sweetened only with dentist-recommended xylitol.

Peelu USA is proud to carry on the natural dental health tradition using the tools Mother Nature has provided.

# ECZEMA, PSORIASIS & DERMATITIS Natural relief for the whole family!

We now have a range of natural products that can assist with Eczema, Psoriasis and Dermatitis. Our products are only formulated with natural ingredients to provide topical relief with emollient and therapeutic properties. Some of these important ingredients that we used to create are lotions and gels are Manuka Honey, Calendula, Colloidal Oatmeal and Propolis. These are all anti-inflammatory and anti-bacterial ingredients that may help assist with these skin conditions.

## The Grahams Natural Story

Hi,

*I am Geoff Graham, the inventor and founder of Grahams Natural.*

*It all began in the year 2000 when my little boy Ryan developed eczema, I myself had lived through years of eczema and I did not want Ryan to suffer the agony of this terrible skin condition as I did.*

*I made it my mission to help him and went on to develop a range of products that was safe and natural.*

*The feedback we received from the products was overwhelming and Grahams Natural was then created.*

*Ryan has now overcome his eczema and I have made it my goal to help others around the world!*

Kind regards,

*Geoff Graham*

### What's New

New to the range is our babies and children's Kids Eczema Cream and Kids Body and Bath Oil. Developed with leading skin specialists, this breakthrough cream is clinically shown to help reduce the itching and irritation of eczema. Formulated with Colloidal Oatmeal, it soothes irritated skin and intensely moisturizes to help strengthen the skin's natural barrier function and help prevent recurrence of extra-dry skin. For use on body and face. It's also steroid free and fragrance free. Colloidal Oatmeal is the #1 ingredient most trusted and recommended by dermatologists. As a skin protectant active ingredient, oatmeal can help restore skin's normal pH and aid in the maintenance of skin's moisture barrier to prevent and protect dry skin.

Whether new mom's are seeking a nourishing bath time routine, or experienced moms are looking to relieve symptoms of dry skin or eczema, the Grahams Natural Kids brand has a skin care solution for your baby. Specially formulated with natural Colloidal Oatmeal, Grahams Natural Kids products help nourish, soothe and protect baby's sensitive skin, including toddler and teenage eczema.

ORGANIC STEVIA

## The Best-Tasting Stevia in the World!

This revolutionary Stevia is calorie free, has no artificial fillers, is low glycemic and certified organic. But its greatest quality is its taste – a unique blend of Organic Stevia and Organic Blue Agave Inulin, which produces a smooth, mellow, non-bitter taste, compared to other stevias on the market.

The unique Organic Agave Inulin blend also provides the additional benefit of being a prebiotic, which is beneficial to digestive health. Inulin feeds probiotics, which are the health promoting bacteria in the lower intestine.

## NPA NATURAL CERTIFICATION PROGRAM

The first and only natural certification in the US

### Are your customers asking for certified products?

Just because a product claims to use natural or naturally-derived ingredients does NOT mean the product is truly natural.

Many manufacturers cut costs by using lesser quality ingredients in their products.

Now, when a product is certified natural, you can be sure that it is.

# Have an account number?

Request a Login to have access to easy, user-friendly ordering.

Once you have been approved by accounting, and a salesperson has advised you of your account number with Select Nutrition, you may obtain access to our website by requesting a log-in.

### To request a log-in:

1. Go to [www.selectnutrition.com](http://www.selectnutrition.com)
2. Select the Shop 24-7 from the menu
3. Click on "Login Request Form"
4. Complete the form
5. You will receive a confirmation email with your user name and password. Save it for handy reference.

Within 48 hours, you will receive an email from UNFI Web Service notifying you that your account has been activated. Log-on, read and accept the Web User Agreement.

**You are now ready to use our customer website!**

**Eligibility requirements** Must operate a bonafide vitamin and health supplement retail establishment in a commercially-zoned area and provide proof thereof and must offer products for sale to the general public.

**Terms** All accounts are C.O.D. unless previous arrangements have been made. All accounts must complete a credit application prior to receiving an account number. Initial orders for all NEW customers shall be payable via money order or certified check. Monthly orders are required to maintain active account status. If monthly order frequency is not maintained account status may be inactivated without prior notice. For UPS deliveries there is a service charge of \$15 for C.O.D. payments. C.O.D. charges apply to all orders under the \$150 minimum.

**Minimum order** \$150 to qualify for free shipping to your area. For orders under minimum, a flat \$20 shipping/handling charge will apply.

**Delivery** Orders are shipped via United Parcel Service. Orders can be shipped by Common Carrier or Air Service at an additional expense. There are times when it is uneconomical to ship your order under normal terms of business, and in such cases a shipping charge may be added. Orders purchased by 1pm EST or earlier will be shipped out same day.

**Prices** Due to supplier cost increases, prices are subject to change without notice. Prices will be confirmed on phone orders as requested. Select Nutrition is not responsible for typographical errors. Terms and specifications are subject to change at any time without notice.

**Payment** Please note your account number and invoice number(s) on your check. This will avoid any confusion as to what you are paying. Checks returned unpaid are subject to a \$25 penalty and loss of volume discount. Delinquent accounts are subject to a finance charge of 1.5% per month (18% annually) and loss of volume discount.

**Send Select Nutrition payments to:**

Select Nutrition, Inc.  
P.O. Box 706, Keene, NH 03431

**Credit card orders** If you are paying by credit card, please be sure to have complete credit card information at the time of ordering. Orders cannot be shipped without this information.

**To greatly speed your order processing, please have**

1. Your Select Nutrition Account Number ready.
2. Product item number(s) and quantity ready.
3. Your order completed.

### Credit return procedure

Select Nutrition Credit Policy

- All merchandise claims MUST be submitted to the Claims Department within 5 business days of receipt of merchandise.
- Customer number, item/UPC number and invoice number are required for all claims.
- Shortage claims are subject to review by Inventory Control.
- Customer is responsible for costs incurred for returning mis-ordered merchandise. Mis-ordered products are subject to a 15% restocking fee. Your Select Nutrition claims representative will approve credit and return of any mis-ordered products.
- All products must be returned in saleable condition. Items must be in original packaging with no writing on cases and no price

labels on merchandise. There should be no damage from the removal of labels. Full case items must have all pieces.

Unsaleable product will not be credited.

- Select Nutrition will issue a UPS call tag for products that need to be picked up as a result of a Select Nutrition error. All pickups will be initiated by UPS. Select Nutrition will not print and mail call tag information directly to customers. All products are expected to be returned timely with your next delivery.
- Customer must supply valid quality reason for consumer returns as well as lot code and expiration date. Consumer returns are eligible for credit by Select Nutrition within six (6) months of purchase date.
- Select Nutrition will issue credit for mispicked items. The UPC number of the item received is required.
- Select Nutrition will issue credit for items unsaleable due to manufacturer's defect. Examples include no safety seal, no label on products, moldy product. The expiration date, quality reason and lot number are required.
- Select Nutrition will issue credit for product damaged upon receipt.
- Select Nutrition will issue credit for product which is short dated according to Select Nutrition policy at time of delivery.
- A credit memo will be issued by your claims representative upon review and approval of your request. The credit will be applied or attached to your next invoice. Credits for items being returned to Select Nutrition will be issued after receipt and inspection of product.
- Select Nutrition will not mail or fax credit memo detail to any customer.
- Select Nutrition will not issue credit or accept returns of overstock items.
- Refrigerated/frozen items can not be returned or credited.

**The following suppliers require you to return product directly to them.**

Please contact them directly. All refrigerated products of any kind must be returned directly to the supplier.

Please contact us for numbers and contact names.

## How would you like to save even **MORE** money with **Select Nutrition Distributors?**

Here are **5** easy ways you can maximize your savings and increase your business with **Select Nutrition...TODAY!**

1. **Make sure to check out the Select Nutrition catalog's Line Drives page** on a month-to-month basis, located towards the front of the catalog. This informs you of what suppliers will be on discount for the entire month!
2. Before placing your order with customer service, contact your Sales Representative and **ask about the unpublished specials available to you.**
3. Make sure to **ask your customer service representative if you have any turnover orders in your pending file** when placing your order. If they are not released before expiration, the discount expires.
4. **Increase your customer base by bringing in popular Sports Nutrition products** to better the health, well being and athletic performance of your customers. If you would like some advice as to what products are popular, contact your sales rep right away.
5. Find out if Select Nutrition's Advantage program **Website Fulfillment Program** is cost effective for you.

**Not sure who your sales representative is?** Call 1-866-804-8770, and dial 0 for the receptionist.

# Chemical-Free Cleaning with e-cloth® — It's the Natural Choice

**C**hemical-free cleaning is a worldwide movement. This movement is in the early stages in the U.S. but was started in Europe during 1995. For the past 30 months, chemical-free cleaning has been experiencing triple-digit growth in the U.S. The e-cloth® brand is the worldwide leader in chemical-free cleaning. The e-cloth® assortment of task specific cleaning products makes it possible to clean any hard surface in the home or at work with just water and a cloth. An e-cloth® is something you have to experience to believe. It is for this reason that customers often try one cloth and then come back again and again to build their collection.

Using an e-cloth® is a very easy way to begin chemical-free cleaning, conserve our nation's natural resources, and reduce the flow of waste into landfills. You don't have to sacrifice performance while cleaning without chemicals and paper towels. In fact, e-cloth®

e-cloth® Window Pack

products were prominently featured in the May 2012 issue of *REAL SIMPLE* magazine, rating e-cloth® Best of the Best in three categories, including Best Cleaning Cloth! *REAL SIMPLE* did this, not because the cloths clean chemical-free, but because they provide a better clean with less effort than traditional cleaning methods.

## What is Chemical-free Cleaning?

It is a lifestyle change. It is choosing to clean without toxic chemicals, without sacrificing the results your customers expect. Recent studies show that more than 25% of the population is aware of the dangers of household cleaning chemicals and are actively reading labels and seeking alternatives. Many of these people are the same people that shop your store every day.

## How do e-cloth®s Work?

e-cloth®s work because each has 1.6 million fibers per square inch. Why are fibers important? Dirt, oil, grease, grime and bacteria are trapped by the fibers and oil and water are attracted to the fibers – the more fibers the better the cloth performs. Think of it as millions of tiny hands grabbing everything on the surface of a countertop or any other hard surface in a home or at work. By spraying a surface with water, the cloth acts as a magnet while the millions of fibers scrape the surface. The result is a clean that you have to experience to believe.

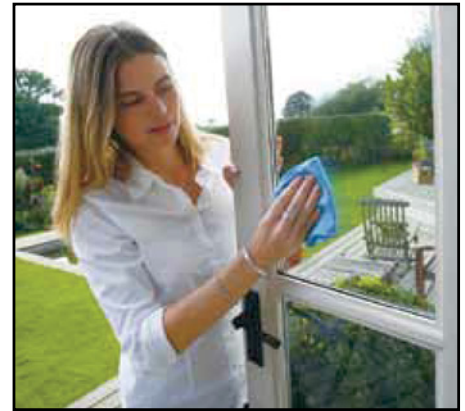

Another major benefit of using an e-cloth® — the cloths are proven to remove over 99% of bacteria using just water and a cloth. The cloths don't kill the bacteria, the cloth removes the bacteria from surfaces. When you run this cloth under hot water in a sink, nearly all the bacteria, is released from the cloth. Just rinse and continue cleaning.

With an e-cloth®, windows and mirrors get a crystal clear clean, the glass is left lint-free and streak-free. Stainless steel surfaces will be smudge and fingerprint free. Countertops, appliances, cabinets, tables, walls, microwave interiors and work station surfaces all clean up quickly and completely using just an e-cloth® and water.

## Reusable – Significantly Less Environmental Impact

e-cloth® products come with a 300 Wash Guarantee. That's almost 6 years of weekly washes. An e-cloth® can be used and rinsed out under a faucet with hot water all week long. Once each week, the cloth should be washed with a regular wash (do not use bleach or fabric softener) and they are ready for another week of cleaning.

The alternative is 1-2 rolls of paper towels each week (paper towels cannot be recycled) and whatever cleaning agent your customer is using, be it lemons, vinegar, or commercially available products. An e-cloth® and just water greatly reduces the amount of consumer waste that is being produced while cleaning. In six years, how many paper towels, wipes, spray cans and bottles will your customers throw away? Chemicals go down drains and remain on surfaces in homes and work places. The paper towels, cans and bottles end up in

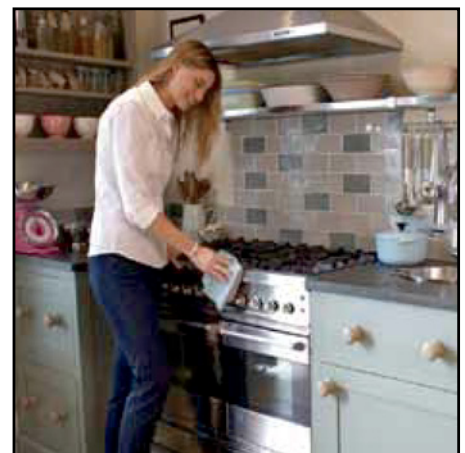

landfills. An e-cloth® and just water avoids all of this mess.

## Better for Your Customers' Families

A surface cleaned with an e-cloth® is free of two potentially harmful things: cleaning chemicals and bacteria. One of the scariest statements ever written is this excerpt from a Columbia University College of Physicians & Surgeons study: "Women who work at home have a 54% higher death rate from cancer than women working away from the home." A 15 year study concluded that it is directly linked to the toxic household chemicals in the home.

Cleaning chemicals leave residue on every surface of home and work. Eliminating chemicals is good for your customers and their families. We all know why it's important to get rid of bacteria, but the chemicals we've been using to kill them might be just as harmful to us.

e-cloth® really is a better cloth and a better clean. Still not convinced? We stand behind our products 100% and if a customer isn't satisfied, we'll refund their money. If an e-cloth® disappoints within 300 washes, we'll replace it. e-cloth® is the right choice for your customers' homes, families, work places and the environment.

# The Master Detoxifier

# Setria®

The Power To Protect™

## What is Glutathione?

Healthy Origins® Setria® L-Glutathione Reduced is a naturally derived substance that is a biologically active sulfur amino acid tripeptide compound containing three amino acids: L-Cysteine, L-Glutamic Acid, and Glycine. Glutathione is one of the most powerful protective substances in the body. Its function is to protect all kinds of cells from the damaging effects of toxins and oxidative stress.\*

### Setria® Glutathione:

- Offers superior antioxidant support by providing reduced glutathione, the most powerful intracellular antioxidant. 1\*
- Provides reduced glutathione (GSH), which can regenerate oxidized Vitamin C back to its active form. 2, 3\*
- Provides GSH to support glutathione-dependant enzymes crucial for detoxification within the body. 4\*
- Provides GSH to support glutathione S-transferases in the safe elimination of toxins. 5\*
- Provides GSH, which supports the detoxification of xenobiotics in the liver. 6\*
- Supplies reduced glutathione, an antioxidant required for many stages of the immune response. 6\*
- Promotes healthy aging by contributing to the body's antioxidant defenses and GSH levels that naturally decline with age. 7\*
- Provides reduced glutathione (GSH), a unique antioxidant that can be absorbed intact. 8, 9\*

## Why is Setria® called the morning antioxidant?

Your body's natural glutathione levels fluctuate constantly throughout the day, are lowest in the morning and decrease as you age. Healthy Origins® Setria® L-Glutathione Reduced is recommended daily as a dietary supplement taken first thing in the morning to maintain healthy glutathione levels.\*

## What does L-Glutathione Reduced mean?

Reduced refers to the non-oxidized, stable form of L-Glutathione.

# Cognizin® Citicoline

Same Great  
Product  
New  
Improved  
Label!

FOR THE EVOLUTION  
OF YOUR MIND™

Supports Healthy Brain Metabolism\*  
Supports Healthy Brain Performance\*

## Clinically Studied Ingredient \*

Cognizin® is a patented, branded form of Citicoline, a natural nutrient found in every cell of the body and especially vital to brain health. Unlike artificial stimulants that ramp up energy and attention levels only to have those levels come crashing down later, Cognizin® provides nutritional assistance that helps to:

- Support healthy brain metabolism by nourishing and maintaining phospholipids in brain cells\* 1,2,3
- Maintain normal levels of acetylcholine, an important brain chemical that regulates memory and cognitive function\* 4,5
- Support brain performance by enhancing metabolism and healthy brain activity\* 4,6,7

To sustain your focus and concentration, your brain requires: (1) an adequate ongoing supply of energy and (2) healthy communication between neurons. Not only does Cognizin® support healthy brain metabolism, but it also protects your neural structures against free radical damage and provides phospholipids essential to healthy brain function\*.
