BRAND MISSION TO MAKE ALL ATHLETES BETTER
THROUGH PASSION, DESIGN AND THE RELENTLESS PURSUIT OF INNOVATION.

VISION TO EMPOWER *ATHLETES EVERYWHERE.*

PERFORMANCE DNA

Every Under Armour® product is doing something for you: it's making you better. Following are the core pieces of DNA that deliver on this promise. The building blocks of performance.

STORM STORM

Water-resistant performance fabric that keeps athletes warm and dry.

STRATEGIC VENTILATION

Strategic venting built into garment at key points where the body dumps heat. Keeps the athlete cool in hot conditions.

4-WAY STRETCH

Lightweight fabrics with built-in 4-way stretch improve mobility and accelerate dry time.

MOISTURE TRANSPORT

Wicks moisture from the body, keeping the athlete dry.

ODOR CONTROL

Fabric treated with antimicrobial agents.

UPF

Ultraviolet protection shields your skin from the sun's harmful rays and inhibits premature aging.

MPZ MPZ®

Modular Protection Zones®: durable, lightweight protection at key contact points without sacrificing compression support.

360° REFLECTIVITY

The high visibility solution for training safely during low light conditions.

WIND RESISTANT

Blocks wind from penetrating to the body. Helps regulate core body temperature.

ARMOURGRIP™

Locks gear in place using a tactified compound that prevents slippage.

FLATLOCK SEAMING

Specialized seaming that feels smooth against the skin and prevents chafing.

BENEFITS OF COMPRESSION

Whether it's training or gameday, your UA Compression base layer makes you better. UA Compression unleashes the power of your muscles and keeps you stronger for longer.

INCREASED POWER & STAMINA
STAY STRONGER FOR LONGER

Reduces muscle vibration to lessen fatigue and maintain power output. Keeps muscles aligned correctly to increase repetitive muscle power.

ENHANCED PROPRIOCEPTION
KNOW YOUR BODY'S PLACE IN SPACE

Enhances proprioception—the body's recognition of muscle patterns and spatial awareness—to increase muscle efficiency.

FASTER RECOVERY
GET YOUR MUSCLES BACK TO FULL STRENGTH FASTER

Creates a healing environment around muscles and circulatory system. Post-workout, reduces swelling, decreases soreness time and promotes muscle repair.

SUPERIOR COMFORT
STAY COOL, DRY, AND LIGHT

Wicks moisture to keep you 53% lighter than cotton after 60 minutes of athletic performance. Speeds evaporation to regulate your core temperature.

SIZING AND FIT

Under Armour® Performance has already compensated in the design of its apparel to be consistent with normal (XS–XXXL) sizing. Please order the size you would wear in a non-performance T-shirt or pant.
