HALL'S

COMPOUND SYRUP OF CAMPHOR,  
HOREHOUND & HONEY,

A safe and effectual cure for COUGHS, COLDS, SHORTNESS OF BREATH, INFLUENZA, and all complaints of the CHEST and LUNGS.

In consequence of the variable climate of England, a few persons escape during the Winter months, at some period or other, from severe Cold and Cough, which too frequently, from want of early and due attention, lay the foundation of alarming and often fatal disease, neglected Cough too often being the forerunner of Consumption. Formidable however, as Coughs and Colds too frequently prove to be, the Proprietor of this medicine feels pleasure and perfect confidence in stating from his own experience, coupled with the assurance of an eminent Surgeon who has prescribed it for a long series of years in private practice with very great success, that if this medicine is taken as directed a speedy cure will be the happy result.

It promotes free expectoration, and prevents that accumulation of phlegm which causes a sense of choking, allays irritability and tickling in the throat, and, by producing a gentle determination to the skin, relieves that sense of oppression, fullness, and difficulty of breathing, which nightly deprives the patient of sleep. Attention should be paid to the state of the bowels, and where aperients are necessary, HALL'S FAMILY PILLS are particularly recommended.

In Bottles 1s. 1 1/2d. and 2s. 9d. each. Prepared only by  
F. G. HALL, Chemist,  
Market Place, Newbury; and Bridge Street, Hungerford.

For Sick Head-ache, Stomach and Liver Complaints, Habitual Costiveness, Indigestion, and those Diseases, commonly called Bilious.

HALL'S

ANTIBILIOUS AND FAMILY APERIENT PILLS.

DOSE.—One, or in most cases, Two at bedtime occasionally.

PREPARED ONLY BY

F. G. HALL, Chemist and Druggist,  
Market Place, Newbury; and Bridge Street, Hungerford.
