Clinical Decision Making in Complementary & Alternative Medicine

By Leach
 Product Type: Softcover
 Price: \$79.95 AUD
 Subject Area: Health Professions - Complementary Medicine

An exceptional health resource addressing professional practice issues in complementary and alternative medicine. *Clinical Decision Making in Complementary & Alternative Medicine* differs from other medical texts by introducing a systematic clinical framework for the practice of complementary and alternative medicine.

While comparable titles may explore the use or efficacy of specific complementary and alternative medicine interventions, this indispensable textbook highlights evidence-based interventions, while helping practitioners apply them within a clinical decision making framework.

ISBN: 9781437723335
 Publication Date: 14/09/2012

Textbook of Natural Medicine , 4th Edition

By Pizzorno & Murray
 Product Type: Hardcover
 Price: \$303.00 AUD
 Subject Area: Health Professions - Complementary Medicine

Covering preventive, non-invasive, and natural treatments, *Textbook of Natural Medicine, 4th Edition* offers more than just alternative medicine. It promotes an integrated practice that can utilize natural medicine, traditional Western medicine, or a combination of both in a comprehensive, scientific treatment plan. Based on a combination of philosophy and clinical studies, *Textbook of Natural Medicine* helps you provide health care that identifies and controls the underlying causes of disease, is supportive of the body's own healing processes, and is considerate of each patient's unique biochemistry.

ISBN: 9781455774074
 Publication Date: 18/12/2014

Ross and Wilson's Anatomy and Physiology in Health and Illness

By Waugh, Grant
Price: \$54.08 AUD
Subject Area: Nursing - Anatomy and Physiology

Ross and Wilson has been the number one choice for over a million students since it first published, over 50 years ago. One of the world's most popular textbooks of anatomy and physiology, it introduces the structure and functions of the human body and the effects of disease or illness on normal body function. More than any other text Ross and Wilson uses easy-to-understand, straightforward language, enhanced by colour illustrations and a huge range of interactive online activities, to make learning more visual and engaging.

ISBN: 9780323226059
Publication Date: 04/12/2012

Mosby's Handbook of Anatomy and Physiology, 2nd Edition

By Patton & Thibodeau
Price: \$43.00 AUD
Subject Area: Health Professions - Anatomy and Physiology

Find important anatomy and physiology principles at a glance! A full-color, pocket-sized reference, *Mosby's Handbook of Anatomy & Physiology, 2nd Edition* makes it easier to look up A&P facts and concepts fast. Quick-reference tables summarize key anatomy and physiology information, and hundreds of illustrations show how the body works including skeletal, muscular, and cardiovascular systems. Written by expert A&P authors and educators Kevin Patton and Gary Thibodeau, this compact review is your go-to reference whether you're in the classroom, in the lab, or on the job.

ISBN: 9780323077224

Pharmacology for Nursing Care, 9th Edition

By Burchum & Rosenthal
Product Type: Paperback
Price: \$131.00 AUD
Subject Area: Nursing - Pharmacology

Known for its clear explanations of drug prototypes and how they work, *Lehne's Pharmacology for Nursing Care, 9th Edition* provides a solid understanding of key drugs and their implications for nursing care. A perennial student favorite, this book simplifies complex concepts, using large and small print to distinguish need-to-know drug content from the material that's merely nice to know. New to this edition are quick-reference summaries of prototype drugs, safety alerts, and a stronger QSEN focus. Written by noted nursing pharmacology instructors Jacqueline Burchum and Laura Rosenthal, this text helps you understand pharmacology as opposed to merely memorizing drug facts.

ISBN: 9780729541411
Publication Date: 28/06/2013

Havard's Nursing Guide to Drugs, 9th Edition

By Tiziani
Product Type: Softcover

Bioethics: A Nursing Perspective, 5th Edition

By Johnstone & Johnstone
 Product Type: Softcover
 Price: \$84.95 AUD
 Subject Area: Nursing - Issues and Trends

An essential resource for both undergraduate and postgraduate students and registered nurses to develop new insights and moral wisdom around ethical issues they will face in clinical practice.

Bioethics: A Nursing Perspective, 6th Edition continues to set the standard for bioethical issues in nursing practice. As with previous editions, this highly respected text provides a comprehensive framework to assist students and registered nurses to understand the ethical challenges, obligations and responsibilities they will encounter in daily practice.

ISBN: 9780729541022
 Publication Date: 01/11/2012

Law for Nurses and Midwives, 7th Edition

By Staunton & Chiarella
 Product Type: Softcover
 Price: \$89.95 AUD
 Subject Area: Nursing - Issues and Trends

This text gives undergraduate and postgraduate nursing and midwifery students a concise introduction to the law as it pertains health care provision in Australia. As students will already appreciate, nursing and midwifery practice involves making decisions with and for others. This often requires evaluation of best interests and obligations and an assessment of what will best protect or enhance a patient or client's wellbeing. Understanding the application of current legal statutes - particularly those relating to negligence and consent - as they apply to professional practice is therefore essential for all nurses and midwives.

CHRONIC ILLNESS

ISBN: 9780729541619
 Publication Date: 25/10/2013

Chronic Illness and Disability: Principles for Nursing Practice , 2nd Edition

By Chang & Johnson

Custom Solutions

Building solutions is our business

As the leading publisher in nursing, medicine and health professions, we understand the unique challenges you face. Custom solutions are about creating resources that will engage your students and help them to succeed. When it comes to creating a custom solution, only Elsevier can offer the quality, expertise, and support you need – and deliver it all within your timeline.

We offer custom solutions, including:

Custom print and digital texts

Whether you want to add a custom cover to an existing text or combine content from multiple sources to create a brandnew text, our text solutions cover the full spectrum of custom publishing options.

Custom instructor and student websites

Custom websites for accessing teaching and learning resources can be created for instructors only, instructors and students, or students only. Tell us what you need and we will make it happen.

Why choose Elsevier?

Quality

For over 125 years, we've provided the most trusted, reliable local and international content in all major areas of Medicine, Nursing and Health Professions.

Expertise

A dedicated local team of experienced professionals will create your custom solution.

Timing

From initial consultation to final delivery and implementation, our process is designed around your schedule.

Flexibility

No matter what type of resource or information you need or in what format you want it delivered, we will work with you to ensure your custom solution comes together seamlessly to meet your exact specifications.

Support

With an Elsevier custom solution, you receive comprehensive, ongoing support – from implementation to training to technical support, and more.

Value

Elsevier's custom solutions are designed to align with your curriculum; the exact materials you need and nothing you don't.

For more information, contact your local Account Manager listed on the [Contact Us](#) page.
