BRAND MISSION TO MAKE ALL ATHLETES BETTER
THROUGH PASSION, DESIGN AND THE RELENTLESS PURSUIT OF INNOVATION.

VISION TO EMPOWER
ATHLETES EVERYWHERE.

I WILL.

PERFORMANCE DNA —

Every Under Armour® product is doing something for you: it's making you better. Following are the core pieces of DNA that deliver on this promise. The building blocks of performance.

STORM STORM

Water-resistant performance fabric that keeps athletes warm and dry.

STRATEGIC VENTILATION

Strategic venting built into garment at key points where the body dumps heat. Keeps the athlete cool in hot conditions.

4-WAY STRETCH

Lightweight fabrics with built-in 4-way stretch improve mobility and accelerate dry time.

MOISTURE TRANSPORT

Wicks moisture from the body, keeping the athlete dry.

ODOR CONTROL

Fabric treated with antimicrobial agents.

UPF

Ultraviolet protection shields your skin from the sun's harmful rays and inhibits premature aging.

MPZ MPZ®

Modular Protection Zones®: durable, lightweight protection at key contact points without sacrificing compression support.

360° REFLECTIVITY

The high visibility solution for training safely during low light conditions.

WIND RESISTANT

Blocks wind from penetrating to the body. Helps regulate core body temperature.

ARMOURGRIP™

Locks gear in place using a tactified compound that prevents slippage.

FLATLOCK SEAMING

Specialized seaming that feels smooth against the skin and prevents chafing.

GEARLINES —

**KEEPS YOU WARM
WHEN IT'S COLD.**

**FOR BETWEEN
THE EXTREMES.**

**KEEPS YOU COOL
WHEN IT'S HOT.**

BENEFITS OF COMPRESSION —

Whether it's training or gameday, your UA Compression base layer makes you better. UA Compression unleashes the power of your muscles and keeps you stronger for longer.

INCREASED POWER & STAMINA STAY STRONGER FOR LONGER

Reduces muscle vibration to lessen fatigue and maintain power output. Keeps muscles aligned correctly to increase repetitive muscle power.

ENHANCED PROPRIOCEPTION KNOW YOUR BODY'S PLACE IN SPACE

Enhances proprioception—the body's recognition of muscle patterns and spatial awareness—to increase muscle efficiency.

FASTER RECOVERY GET YOUR MUSCLES BACK TO FULL STRENGTH FASTER

Creates a healing environment around muscles and circulatory system. Post-workout, reduces swelling, decreases soreness time and promotes muscle repair.

SUPERIOR COMFORT STAY COOL, DRY, AND LIGHT

Wicks moisture to keep you 53% lighter than cotton after 60 minutes of athletic performance. Speeds evaporation to regulate your core temperature.

SIZING AND FIT —

Under Armour® Performance has already compensated in the design of its apparel to be consistent with normal (XS–3XL) sizing. Please order the size you would wear in a non-performance T-shirt or pant. All sizes are in inches.

SWAGGER

A boisterous, in-your-face customizable pallet with sharply contrasted verbiage, that jumps off the short. This short makes an aggressive statement to set the tone before the opening tip. It speaks volumes so you don't have to.

UNITY

This short embodies the team, the team, the team. A customizable pallet that is dedicated to rep where you're from and tell where you're going. With more team-oriented verbiage than it's Swagger counterpart, this short makes a statement that isn't lost in translation.

BY the PLAYERS COLLECTION

SWAGGER

A boisterous, in-your-face customizable pallet with sharply contrasted verbiage, that jumps off the short. This short makes an aggressive statement to set the tone before the opening tip. It speaks volumes so you don't have to.

UNITY

This short embodies the team, the team, the team. A customizable pallet that is dedicated to rep where you're from and tell where you're going. With more team-oriented verbiage than it's Swagger counterpart, this short makes a statement that isn't lost in translation.

Screenprinting sublimated uniforms can cause color migration. We do not recommend screenprinting on sublimated garments.

UNIFORM CARE INSTRUCTIONS

To enhance the appearance and extend the life of your uniforms, Under Armour recommends that you follow these cleaning and storing procedures:

DO NOT DRY CLEAN

DO NOT WASH IN HOT WATER

DO NOT USE CHLORINE BLEACH

DO NOT USE FABRIC SOFTENER

DO NOT WASH WHITES AND COLORS TOGETHER

DO NOT OVERLOAD THE WASHING MACHINE

DO NOT MACHINE DRY ON HIGH HEAT

DO NOT LEAVE WET OR DAMP GARMENTS IN YOUR TRAVEL BAG, IN A PILE WITH OTHER CLOTHING OR IN WASHING MACHINE

- Uniforms should always be laundered immediately after wearing. However, if this is not possible, rinse garments and hang individually on rust-proof hangers. (Moisture may cause color migration of acid dyes so we advise separating wet or damp uniforms.)
- Belts and any other contrasting color items should be washed separately from the garment.
- It is always advisable to test wash a single uniform according to directions before washing an entire load.
- Wash and rinse all garments in warm water (approx. 110°) with mild detergent. Remove promptly after wash cycle.
- For optimum results, hang garments (especially those with elastane) to dry. If you cannot hang dry, machine dry on the lowest setting. Turn jerseys inside out before machine drying. Remove items from dryer immediately upon completion of the cycle. (Excessive heat can cause fabric shrinkage, discoloration, and cracking and peeling of vinyl plastisol lettering inks.)
- Make sure uniforms are completely dry before storing. Store in a dry area to prevent mildew. Protect them from sunlight and fluorescent light to prevent yellowing.

PLEASE NOTE: Under Armour will not be responsible for uniforms that are damaged due to improper care and maintenance. Failure to follow our specified care instructions will void all guarantees.
