# One call for complete peace of mind - Workshop Solutions

Your business is your livelihood. We understand that and we care. At Workshop Solutions we provide you with all the equipment, service, repair and maintenance programmes, assistance with health & safety procedures and project planning skills you need all in one place. We are the equipment and service provider of choice to many motor manufacturer groups, independent garages and bodyshops nationwide. From a new compressor to an MOT bay, comprehensive building works to aftersales servicing and maintenance, Workshop Solutions manages the whole process, ensuring a smooth, hassle-free, one-stop service that is delivered on time and on budget.

The Latest Technology from the Best Brands

We aim to provide you with the tools, equipment and service that match both your personal expectations and your business requirements.

Waste Management - Keeping you fully compliant and stress free

Our panel of finance houses can spread the cost tax-efficiently

Health & Safety - Safeguarding your people and your business

From preventative maintenance plans to emergency call-outs

Please contact our Equipment Service & Maintenance team on 01527 882 778 to arrange an initial free, no obligation consultation.

DO YOU PAY YOUR STAFF 5 YEARS IN ADVANCE?  
NO, SO WHY PAY FOR YOUR EQUIPMENT THAT WAY!  
**PAY FOR IT AS IT WORKS FOR YOU!**

**NO HASSLE WARRANTY**

**BEST PRICE PROMISE**

## BAT 490 VERSATILE HIGH-FREQUENCY CHARGER

355 77 2520

Two charging modes for 12V/24V lead-acid batteries i.e: standard program for simple and rapid charging, expert program with flexible charge parameters

- Variable charge current intensity in the expert mode (0-90 A)
- Shorter charging times due to optimized charging process
- Infinitely variable, regulated charging current
- Charging at vehicle electrical system
- Floating-mode operation and backup mode
- Trickle charging to safe guard the battery
- Protection against polarity inversion, overcharge and short circuits

ONLY **£675.00**

## GYS FLASH 100:12HF

355 77 8370

### Advanced Battery Support Unit/Battery Charger

- Provides instantaneous current up to 100A to support the vehicle during key/on engine off diagnostic work
- Adjustable voltage from 12-14.8V (can support BMW)
- Advanced charger for AGM/GEL/Lead acid batteries
- Made in France

NOW ONLY **£499.00**

## GYS STARTIUM 680E - CHARGER STARTER

355 77 8430

1. Has comprehensive protection functions
2. Has charge capability for each battery type
3. Has 'Universal Mode' for when battery type is unknown

### ADDITIONAL FEATURES

- Alternator test
- Automatic start
- Battery desulphation

### SPECIFICATION

- Peak power 550A
- 12V/24V
- Made in France

**DESIGNED FOR EFB STOP/START BATTERIES**

OFFER PRICE **£499.00**

## NEOSTART 420

592 77 4470

The NeoStart 420 is a traditional charger capable of starting/charging cars, vans and commercial vehicles with 12V or 24V lead acid batteries from 35Ah to 160Ah. Charges 12V and 24V lead acid batteries from 20Ah to 1000Ah.

- Max charging current 70A (45A average)
- Protected against short circuits, polarity reversal and mains overvoltage
- On board storage for cables and clamps
- Integrated wheels for portability
- Cables Ø 10mm<sup>2</sup>, (length: red - 2m, black - 1.8m)
- Externally visible and easily accessible fuse
- Large easy-to-read ammeter

ONLY **£249.00**

\*Finance example typically based on a 5 year lease purchase agreement. Finance subject to status, full terms and conditions available on request. Other finance options available. All prices exclude VAT at 20%. Price, availability and specification may change without prior notice. Warranty subject to manufacturers terms and conditions of use. Errors and omissions excluded. Offers valid until 31st March 2016. Prices correct at time of going to press: January 2016.

## GYS PACK 750

355 77 4990

- Starts cars, camper vans, vans, petrol or diesel (Peak current is 750A/2500A)
- 2 in 1 Starter & Power Supply
- Integrated 26Ah battery 12V power supply for many electrical devices: TV's, light, laptops, etc.
- Integrated lamp for added usefulness
- Reverse polarity audio warning
- High specification multi-stage charger with 'advanced floating mode' integrated within the unit.
- Can be left on charge permanently completely safely

ONLY £275.00

## TB 1224 HDD

592 77 2320

**Tough 12V/24V jump-starter designed for frequent starting of commercial vehicles. The 1224 HDD is intended for heavy or regular 24V starting and 12V van starting. This unit is for fleet users, operating diesels typically up to 15 litres.**

- Twin internal 3 stage 2.3amp chargers
- Robust powder coated steel case for the toughest conditions
- Reverse polarity audio warning
- Anti-surge protection

ONLY £725.00

## TB1600

592 77 2240

**Compact 12V battery pack suitable for the smaller dealership and workshop.**

- Four LED battery status display information at a glance
- Toughened impact-resistant polymer case for rough handling
- 2 metre lead set allows the charger to be set on the ground or in the passenger footwell
- Anti-surge protection

ONLY £265.00

## MR26

592 77 2250

**High powered 12V Starter Pack for frequent, everyday professional use. Suitable for starting all sizes petrol engines including 4x4. All 12V Diesel 1.8~3.5 depending on vehicle type.**

- Anti-surge protection ensures against overloading sensitive electronics
- Internal 3 stage 2.3amp charger
- Detachable 2m heavy duty cable set for easier handling and long-term replacement
- Reverse polarity audio warning
- Shatterproof case for rugged handling

ONLY £365.00

## GYS PACK 810

355 77 4960

Professional 12V booster pack with integrated charger, equipped with a high tech lead battery (starting current 1V/C: 830A, peak current 3100A) suitable for starting vehicles up to vans, light duty vehicles, tractors and trucks. Light (15kg) and robust, can be easily carried on site.

ONLY £479.00

## STARTPACK PRO 12/24

355 77 5030

2 high performance integrated lead batteries delivering exceptional power, on 12V or 24V to start a wide range of vehicles including trucks and buses. The STARTPACK PRO 12-24 is able to make 28 truck starts (on 12V) or 16 starts (on 24V) before recharging the battery.

ONLY £989.00

\*Finance example typically based on a 5 year lease purchase agreement. Finance subject to status, full terms and conditions available on request. Other finance options available. All prices exclude VAT at 20%. Price, availability and specification may change without prior notice. Warranty subject to manufacturers terms and conditions of use. Errors and omissions excluded. Offers valid until 31st March 2016. Prices correct at time of going to press: January 2016.

# Equipment Service & Maintenance

OUR SPECIALIST EQUIPMENT SERVICE AND MAINTENANCE TEAM PROVIDES ALL INSTALLATION, SERVICING AND MOT CALIBRATION REQUIREMENTS INCLUDING PLANNED MAINTENANCE AND SCHEDULING

## PLANNED MAINTENANCE

A preventative maintenance contract can provide a significant reduction in repair costs, ensuring total peace of mind for both the equipment owner and operator. Alternatively, services can be secured on 'as required' basis.

PLANNED MAINTENANCE		FROM
Vehicle Lift Maintenance & Repairs	2 Post, 4 Post, Scissor Lift Servicing and Repair	£43.75
<b>JACKING BEAM REPAIR</b>		£8.75
Air & Oil Pipework	Supply and installation including galvanised steel tube, Transair and John Guest aluminium	CALL
Spraybooth Servicing	Complete spraybooth service including certification and testing	£287.50
Compressor Servicing	Service support for compressed air systems	£102.50
Air Conditioning Machine Servicing	Service support and maintenance facility including repairs, training and F-gas assessments	£205.00
<b>WELDING EQUIPMENT SERVICING</b>		£30.00
Spray Gun Repairs	For a variety of spray guns regardless of manufacturer carried out in fast response time	CALL

The above prices do not include any parts that may be needed.

## BREAKDOWN RESPONSE

Regardless of whether or not we have been maintaining your equipment on a service contract, you can take advantage of our prompt breakdown repair service. We understand the urgency of the situation and will dispatch most efficiently.

BREAKDOWN RESPONSE		FROM
Vehicle Lifts call out and repair	2 Post, 4 Post, Scissor Lift	£45.00
Air Conditioning Machine call out and repair	All Makes call out and repair	£75.00
Welding Equipment repair	Spot and Mig Welders, Plasma Cutters, Induction Heaters, TKR Riveters, Oxy/Acet Equipment, Dent Pullers	£30.00
Compressors call out and repair	All Makes call out and repair	£102.50

The above prices do not include any parts that may be needed.

## CALIBRATION SERVICES

Once you give us your calibration contract, our database tracks when your MOT equipment is due – so your calibration will always be timely. Using only suitably accredited engineers, we aim to minimise equipment down-time.

CALIBRATION SERVICES		FROM
MOT Equipment Calibration	For both Car and Motorcycle equipment	CALL
Wheel Alignment	Alignment Systems calibrations	£200.00
Emission Analyser Calibration	Scheduled calibrations	£330.00
Tools Calibration	For a wide variety of tools including tyre gauge, torque wrench, pressure gauge, paint thickness & tracking sticks	£12.50
Paint Scales Calibration	All Makes Paint Scales calibration	£75.00

The above prices do not include any parts that may be needed. Minimum charge for tool calibrations, prices above don't include admin or travel fee. Yearly calibration (2 gas, 1 smoke).

## CERTIFICATION & TESTING

We will carry out your required inspections and issue the necessary certificates.

CERTIFICATION & TESTING		FROM
LEV Exhaust Ventilation System Test & Certification		£75.00
Spraybooths Smoke Clearance Test & Certification		£56.25
Spraybooths Breathing Air Quality Test		£75.00

The above prices do not include any parts that may be needed.

\*Finance example typically based on a 5 year lease purchase agreement. Finance subject to status, full terms and conditions available on request. Other finance options available. All prices exclude VAT at 20%. Price, availability and specification may change without prior notice. Warranty subject to manufacturers terms and conditions of use. Errors and omissions excluded. Offers valid until 31st March 2016. Prices correct at time of going to press: January 2016.

## CCP800 COMBINED EMISSIONS ANALYSER – FOR PETROL AND DIESEL ENGINES

Used by National Fast Fit Operators, Crypton's Combined Emissions Analyser is one of the very best around.

- Complies to the latest DVSA regulations
- DVSA approved for classes I, II, III, IV, V & VII
- Complete with 23" colour screen, oil temperature probe, battery RPM Measurement, A4 printer, mouse & keyboard with dust/grease keyboard protector
- Automatic calibration on smoke head to ensure accuracy at all times
- Optional 10" wireless tablet for complete flexibility & efficient testing
- Optional 3 & 5 year extended care plans available

More emission analysers stop working over the winter months than at any other time. Is now the time to update your emissions analyser?

CCP800 E WIRELESS 588 01 0070

## ON-SITE REPAIR FOR ECOTECHNICS, ROBINAIR AND BRAIN BEE AIR CONDITIONING EQUIPMENT

FROM £275

With a national network of experienced, fully qualified field engineers providing on-site maintenance and repair services, there has never been a better solution for one stop purchasing and support of equipment. Also available is annual servicing of machines according to manufacturer recommendations and where required the issuing of calibration certificate for audit purposes.

### ECK 3500-UP

251 77 0840

- Database for quick gas selection also allows to add new vehicle models
- Compatible with hybrid and electric vehicles with electric compressors
- Nitrogen leak testing (nitrogen bottle & regulator not included)
- Integrated diagnostics of electro mechanical problems with printout
- No-refillable containers, offers the advantage of eliminating contact with humidity
- Refrigerant management giving usage report and archive

- 5" Colour display with icons for easy use
- Automatic taps, no more manual valves
- Automatic leak check during vacuum phase
- High precision
- Automatic air purge
- Thermal printer inbuilt
- USB port for easy data access

#### Technical Data

- 100Ltr/min Vacuum Pump

ONLY £1,899.00

### ECK TWIN-PRO

251 77 0820

- 2 Separated circuits for different gasses
- Large 7" touch screen, colour display with icons for easy use
- Automatic taps, no more manual valves
- Refrigerant management giving usage report and archive
- Database for quick gas selection
- Compatible with hybrid and electric vehicles with electric compressors
- Nitrogen leak testing (nitrogen bottle & regulator not included)
- Automatic leak check during vacuum phase
- USB port for easy data access

- Puff free couplers
- Fully automatic cycle
- Automatic air purge
- Thermal printer inbuilt

#### Technical Data

- Type of refrigerant: R134a and HFO 1234yf
- 100Ltr/min vacuum pump
- 2x12Ltr tanks
- 2 Compressors
- 2 Condensers
- 4 Pressure gauges
- 4x3m service hoses

ONLY £3,299.00

### ROBINAIR AC690 PRO YF

251 77 2050

- Service hoses flushing function for hybrid/electrical systems compatibility
- Separate OIL/UV dye injection bottles
- High performance deep vacuum function
- Electronic control of internal air exchange
- Integrated flushing program with optional kit

- Automatic purge of non-condensable gas
- Professional equipment as standard
- Fully automatic service process
- Single service process selectable
- Easy internal filter maintenance and vacuum pump oil change

ONLY £3,175.00

# 2 Post Lifts 3-4.5t

NO HASSLE WARRANTY

BEST PRICE PROMISE

## LIFTMASTER LMH3000

577 77 0680

European hydraulic 3t 2-post lift - fastest lift in the world!

- Crossed-cylinder master – slave system provides an uniform lifting without the need of synchronization cables
- The load is secured at any working height without mechanical ratchet – no need to lift before lowering
- New unique construction – low maintenance and almost wear-free cylinders
- The height can be very precisely adjusted (+/- 1 mm)
- 2 years warranty

ROLLING WARRANTY AVAILABLE

ONLY £2,995.00  
WEEKLY FROM ONLY £15.09<sup>+</sup>

## CRYPTON C2L3000E

576 77 0240

Baseless 2-Post lift has a robust construction and fully developed technique for reliable and efficient lifting of cars, vans and light trucks up to 3t.

- Two synchronised motors - ensure perfect balance of both lifting columns
- An overhead gantry is not necessary to enable synchronisation; the electric cables can be routed through the floor
- Low wear Nylatron nut and 5 year warranty on spindle and spindle-nut
- Adjustable asymmetric lifting arms can swivel 180° to move the vehicle off-centre and allow optimal door clearance and working area
- With no base, the lift has a low lifting point to suit a wide range of vehicles

ONLY £2,995.00  
WEEKLY FROM ONLY £15.09<sup>+</sup>

## CASCOS C2.32

577 77 0200

- 3.2t capacity
- Traditional build quality – ‘like lifts used to be’
- Symmetric arms enable approach from either direction
- Tool trays to arms
- Electro-mechanical operation for low cost of ownership and virtually maintenance-free
- Unique ‘double insert’ lifting pads eliminate the need to buy additional high reach pads
- Available in based or baseless versions
- Available in 1ph or 3ph

5 YEARS WARRANTY\*

ONLY £3,095.00  
WEEKLY FROM ONLY £15.97<sup>+</sup>

## WERTHER 225I/32

577 01 0020

## BUILD YOUR BOSCH PACKAGE, CHOOSE ONE FROM EACH SECTION

### SOFTWARE SUBSCRIPTION

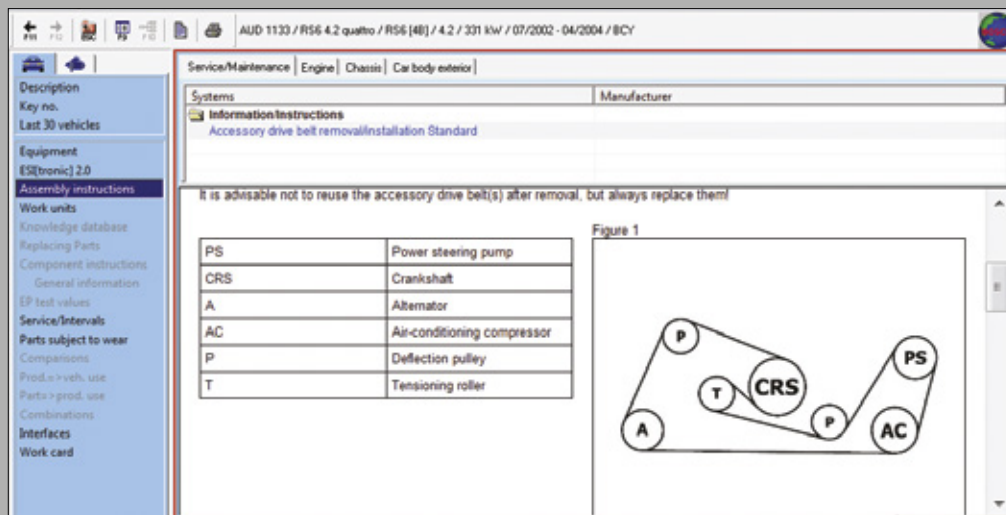

**ESI[tronic] 2.0 is the all-makes diagnostic & repair software from Bosch.**

**Bosch employs over 350 engineers working on ESI[tronic] vehicle coverage worldwide and has been creating diagnostic software for over 25 years.**

ESI[tronic] communicates to a vehicle using a Bosch KTS product and covers many areas of vehicle repair & maintenance.

Works on any Windows laptop running Windows Vista or newer.

### THE MAIN ESI PACKAGES ARE:

### SD DIAGNOSTICS

Enables users to:

- Read Fault codes
- Erase Fault codes
- Collect Actual Data Values
- Actuate Components
- Carry out Function Tests
- Carry out service functions such as service lights, dpf, handbrakes, batteries and windscreens
- Carry out some coding

### SIS TROUBLE SHOOTING

Identifying a fault code is just the tip of the iceberg in a vehicle repair process. Trouble shooting is the solution to guide you to the root cause of the problem. It can guide the user from the fault code, real time data or symptoms through a number of tests to the root cause of the problem. It integrates the multimeter and scope (fitted to the KTS) to the guided diagnostics. SIS gives the user all of this in addition to the base SD package.

### MP MASTER PACK

Trouble shooting takes users to the root cause, but users will need:

- Wiring diagrams for body electrics
- Technical bulletins
- Installation information
- Mechanical and service information
- Torque settings
- Locations and pin information on components

This will give the user a one stop shop for all diagnostic needs saving £ on other systems and products.

ECP NUMBER	BOSCH ESI PACKAGE	DESCRIPTION	PRICE	WEEKLY FROM

BEST PRICE  
PROMISE

**DCU 100**  
355 77 7580

DCU 100 tablet PC is designed to be used in automotive workshops. Based on many years' experience in the field it reflects the demands of our customers. This rugged tablet has been specifically designed to be used with ESI[tronic] 2.0 and comes with Windows POSReady 7 installed as operating system.

**TECHNICAL DATA:**

**CPU:** Intel Atom N2600 1.6 GHz, Dual Core with Hyper Threading  
**Storage and Memory:** RAM - 2 GB DDR3, 320 GB HDD, 2.5" SATA  
**SD slot:** 1 slot for SD memory card  
**Display:** 10" Resistive Touch screen TFT colour monitor, 1024x600 dpi  
**VGA:** VGA connection for external monitor  
**Connectivity:** IEEE802.11 b/g/n WiFi, 10/100 Ethernet, Bluetooth Class 1  
**Weight:** 2kg

**ONLY £1,695**  
WEEKLY FROM ONLY **£8.54\***

**DCU 220**  
355 77 4690

DCU 220 (Diagnostic Control Unit) combines the features of a notebook with those of a tablet PC for flexible and comfortable working, especially under workshop conditions. When used as a tablet PC, the touchscreen is fast and easy, when a keyboard is needed, the DCU 220 lends itself to being used as a notebook

for any kind of usual computer work, such as the quick and easy entry of customer data. DCU 220 controls Bosch test and diagnostic systems, e.g. FSA 500 or the modules from the KTS series.

**Combined Tablet / Laptop diagnostic centre:**

**Carefully thought out details make operation easier**

- Easy switch from tablet to notebook mode – continue to work as you change
- Sturdy housing with 11.6" touchscreen monitor – view more data in one go
- Integrated camera: Document and use to show customers or order parts photographed

**Mobile work over extended periods**

- Inclusion of two identical lithium-ion batteries
- If required, batteries can be replaced without interruption (hot swap function)

**Modular concept with the Diagnostic Control Unit**

For qualified diagnostics, professional repair and maintenance, Bosch offers the following modular system components: the DCU 220 convertible PC and the KTS 570, the KTS 540, KTS Truck or the FSA 500. These can be freely combined to form a suitable solution for every workshop as for more information.

**ONLY £2,395**  
WEEKLY FROM ONLY **£12.07\***

\*Finance example typically based on a 5 year lease purchase agreement. Finance subject to status, full terms and conditions available on request. Other finance options available. All prices exclude VAT at 20%. Price, availability and specification may change without prior notice. Warranty subject to manufacturers terms and conditions of use. Errors and omissions excluded. Offers valid until 31st March 2016. Prices correct at time of going to press: January 2016.

# Oscilloscopes

## BOSCH FSA500

355 77 3180

Sometimes you cannot see live data through serial diagnosis or you may be suspicious of the values being shown, this is where a scope is invaluable.

A good example of this is a throttle potentiometer. Damage or wear on the track may not show up through serial diagnostics but will affect the performance of the car.

### FSA 500 RETURN ON INVESTMENT EXAMPLE:

Offer Price	£2,495
Scope Training	£340
Total Price	£2,835
Timesaving approx. (hr/week)	1hr
Additional turnover through "Error found" approx. (hr/week)	2hrs

Diagnostics hourly charge rate	£50
Additional turnover of diagnosis time /week	£200
Investment return in weeks	11-12 weeks

### PLUS ...

Additional turnover of parts through "error found" approx.per week	£50
Additional turnover of parts approx. per month	£200
Annual additional turnover of parts and calculated diagnosis time	£13,000

Above figures represent an example of possible return on investment and are subject to change.

Before replacing the part, a quick test with the scope would prove if the part is faulty or if the problem is elsewhere in the car.

The FSA500 can save you time, make you money and build your reputation!

Extensive sensor equipment Concise and clearly arranged menu structure through test steps with vehicle-specific reference values around 50 preset component tests. Practical display of actual values from the ECU diagnostics in the FSA software in conjunction with the KTS module - **NEW FEATURE!**

Complete system in the trolley with measurement module, PC, 19" TFT monitor, remote control and printer.

ONLY £1,995.00

WEEKLY  
FROM ONLY  
£10.05<sup>+</sup>

## PICOSCOPE WITH FOAM TRAY

PicoScope toolbox trays keep your kit safely and securely locked in a toolbox of your choosing. It will have value for everyone from Apprentice to Master Technician giving their oscilloscope and adaptors its own purpose-made home alongside the sockets, screwdrivers and spanner sets.

PicoScope is like no other scope, with features and benefits that make it the world's leading choice for vehicle manufacturers and aftermarket garages alike.

- 150 Guided tests – step-by-step instructions to carrying out any test you need
- Waveform library – compare the test waveform against the library to quickly reach your decision
- Pressure measurements – add another dimension to your tests with a pressure transducer
- Trim to fit most drawers

## FIX CARS FAST

Every year cars get more complex and harder to service and repair. Identifying root causes can take hours, even days.

In recent research, we discovered that up to 25% of cars may never be diagnosed correctly. This situation creates unhappy customers and dramatically impacts repair shop profitability. Assist was developed in direct response to this increasing complexity. With two central offerings: Assist Support and AssistPlus, you can increase your workshop's profitability and customer satisfaction.

- Save 1-2 hours daily (approx. £16,500 yearly labour rates), cost savings
- Reduce turnaround times
- Increase vehicle through-flow
- Enhance customer satisfaction
- Grow revenue and profits

Autologic Assist & AssistPlus is the industry's first fully integrated diagnosis support system combining dealer-trained technician

expertise with state-of-the-art technology and access to online databases of third party vehicle information.

### AssistPlus is the cloud-connected diagnostics device

- The latest high resolution touch screen technology
- Split-screen interface provides side-by-side applications
- Actively operate 2 different applications at once
- Run diagnostics whilst viewing web pages or video
- Integrated 5-megapixel camera
- Take stills and record video directly on your device

AssistPlus records the VIN of each vehicle that you repair, giving you access to past tests and previous diagnostics work. Builds customer confidence and satisfaction. All the reports and media files are stored on AssistPlus. All your files are synced to your AssistCloud account.

### Built-in PDF viewer and YouTube player

- Review technical documents and instructional YouTube videos as you work.

\*Finance example typically based on a 5 year lease purchase agreement. Finance subject to status, full terms and conditions available on request. Other finance options available. All prices exclude VAT at 20%. Price, availability and specification may change without prior notice. Warranty subject to manufacturers terms and conditions of use. Errors and omissions excluded. Offers valid until 31st March 2016. Prices correct at time of going to press: January 2016.

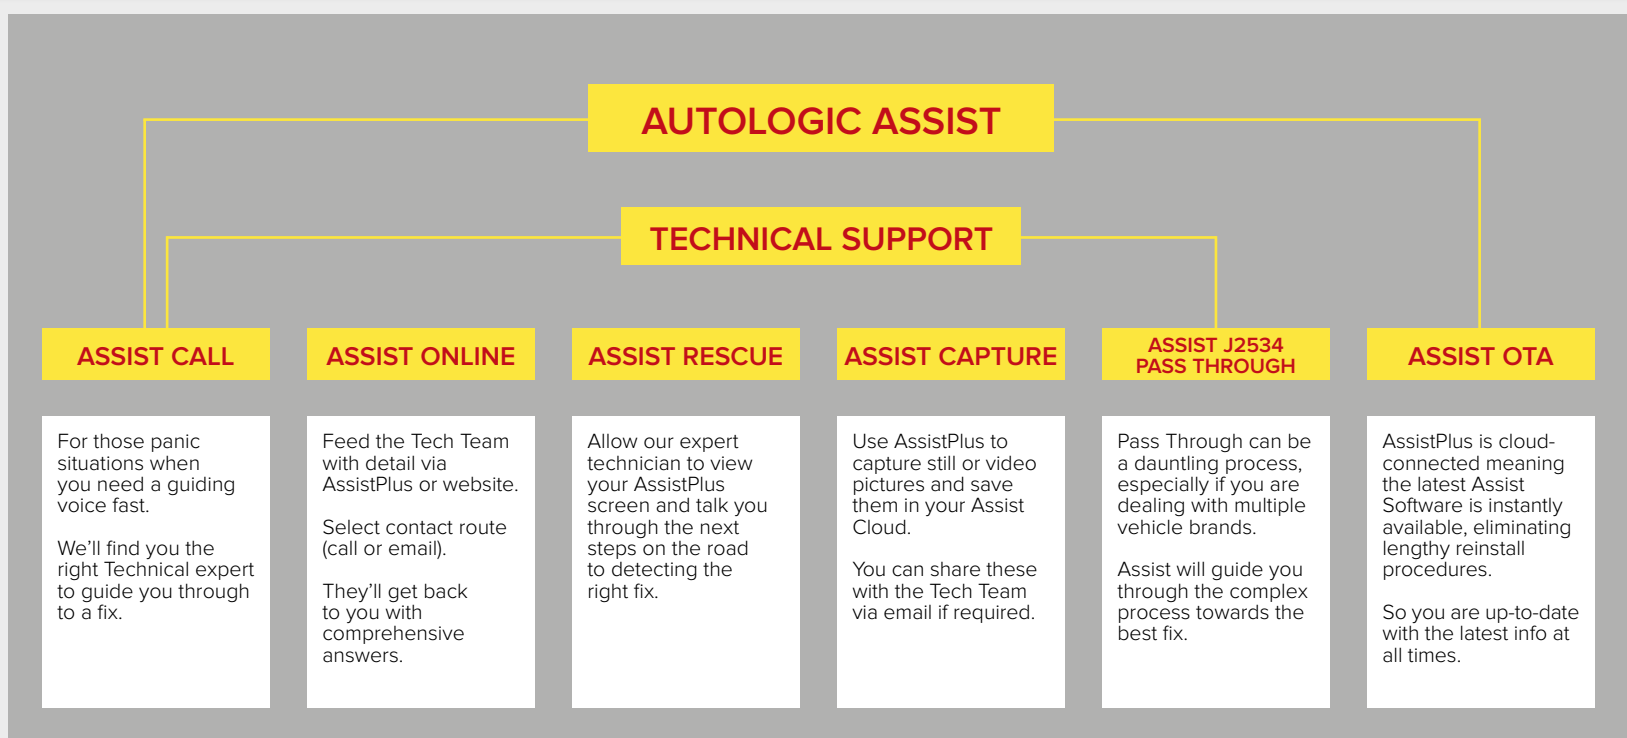

**ASSIST** is the real-time access to Autologic's 50+ European dealer-trained master technicians, plus the simultaneous integration of data resources that joins expert knowledge and service, and provides workshops with a complete advantage in their approach to automotive diagnostics with innovative software delivered via a multifaceted, single-screen device.

## YOUR AUTOLOGIC ASSIST SUITE OF CAPABILITIES

**AUTOLOGIC'S TECHNICAL EXPERTS AROUND THE GLOBE BRING DECADES OF EXPERIENCE IN WORKING WITH BMW, MERCEDES, VW, AUDI, JAGUAR, LAND ROVER, PEUGEOT, CITROEN, RENAULT, DACIA AND VOLVO.**

### WHAT DO AUTOLOGIC ASSIST OWNERS SAY

*"With the support of Autologic Assist, we repair cars faster, improving our flow through rates and increasing profitability!"*

*"No more passing lucrative jobs over to the dealer. With Autologic Assisted Pass Through, we can do everything they can, so we keep our customers and enjoy the earnings!"*

*"We now complete customer issues faster, meaning that vehicle turnover is improved, resulting in an extra hour income each day"*

## BOSCH WBE 4200 WHEEL BALANCER

584 04 0390

Semi-automatic wheel balancer offers garages and workshops a simple, high precision and easy-to-use value machine. Clear digital read-outs for passenger cars, light commercial vehicles and motorcycles, with a new ergonomic design allowing for better access to the inside of the wheel and an improved working position, creating more comfort for the user.

- Comes with 2 years warranty as standard with the option of additional service/calibration plans
- Manufactured in Europe
- Space-saving slim design
- Measuring time – just 8 seconds
- Automatic detection system to position weights
- Automatic locking of the arm in position
- Analog display

ONLY **£1,995.00**  
WEEKLY FROM ONLY **£10.05\***

## JOHN BEAN T3000 + B100 PACKAGE

583 05 0180  
584 05 0150

New package including tilt back tyre changer for all conventional tyres on the market, including helper arm, and digital wheel balancer with 2D SAPE for automatic entry of wheel diameter and wheel distance.

### Changer

- Dual speed machine, slower speed assists removal of low profile run flat tyres then faster speed to finish removal
- Plastic protection inside jaws and on mounting head to avoid damage to alloy rims
- Includes tyre lever, plastic protections for mounting head, steel roll, tyre lever protector, protection for jaws, rim protector and roller board

### Balancer

- EasyALU automatically recognises the weight mode - ALU-P or steel
- Built using the VPI measuring system for high accuracy and repeatability
- Split weight mode - hide weights behind wheel spokes for more appealing cosmetic finish

## HOFMANN MEGAPLAN MEGAMOUNT 503XL RACING

583 77 0410

Fully Automatic and boasting a 'top end' specification, the Megamount 503XL is capable in any environment. The patented, adjustable turntable enables alloy rims up to 26" in diameter to be clamped from the outside, and the tall column and wide bead breaker opening ensures suitability for extra-wide rims up to 15".

A bead breaker 'stroke limiter' for shallow-welled BMW rims and quick-release, interchangeable demount head system, with standard/run-flat, plastic and 'raised spoke' heads, completes the luxury specification.

- 10" to 28" Clamping (26" external)
- 15" Rim Width Capability
- Quick-Release Demount Head System for Standard/RFT, Plastic and 'Raised Spoke'
- Includes 'Megafit 2XL' assist arm
- BMW/Run-Flat 'Stroke Limiter' as standard
- Double-acting bead breaker
- Fully-Automatic Operation

EXCLUSIVE TO WORKSHOP SOLUTIONS

ONLY £3,995.00  
WEEKLY FROM ONLY £20.13\*

2 YEARS WARRANTY

## HOFMANN MEGAPLAN MEGASPIN 200V

595 77 7190

The megaspin 200V has to offer one of the best price/performance ratios of any wheel balancer on today's market. Fully-automatic (3D) data input is achieved using the inner measuring/weight placement arm and Hofmann Megaplan's revolutionary IWA (Intelligent Width Assessment) software.

Values are displayed live on the full colour TFT display, and these easy to understand graphics guide the operator to the designated weight placement position, as well as delivering what is probably the simplest, fastest method of 'split weight' (hiding the weights behind the spokes) ever.

- 3D Fully-Automatic Data Input via IWA
- Colour TFT Display
- Can handle rims up to 30" diameter
- Simple, speedy operation
- 3 years PCB Warranty

EXCLUSIVE TO WORKSHOP SOLUTIONS

ONLY £2,395.00  
WEEKLY FROM ONLY £12.36\*

2 YEARS WARRANTY

BEST PRICE  
PROMISE

## HOFFMAN MEGAPLAN MEGAMOUNT EASY

583 77 0420

The megamount Easy represents an alternative style of tyre changer, where manual effort is reduced to a minimum, and the emphasis is on larger rims fitted with low profile tyres.

An integral wheel lifter makes light work of the heaviest assemblies, and the centre post clamping with the simple and speedy 'Smart Lock' ensures there is no contact with the outer edge of the rim. The famous Hofmann Megaplan 'Evolution' leverless system is enhanced with the new 'Lever No Lever' design, which enables the operator to switch between leverless operation and traditional lever & demount head at the flick of a switch.

Unlike many other 'Next Generation' tyre changers on the market, the EASY was designed with one major focus; simplicity. In every element of the tyre fitting and removal process, the directive has been to ensure that operation remains simple, minimising the number of controls and functions – Easy by name, and EASY by nature.

- 10" to 30" Clamping Capability via Centre Post method with 'Smart Lock'
- Lever No Lever system enables dual leverless or traditional levered fitting as preferred
- Integral wheel lifter
- Dynamic bead breaking system via roller
- 'Next generation' tyre changer design

ONLY £5,995.00  
WEEKLY FROM ONLY £30.21\*

## HOFFMAN MEGAPLAN MEGASPIN 420

584 77 0370

The most advanced technology the industry has seen in a wheel balancer. The combination of revolutionary new technology, incredible simplicity, and typical Hofmann Megaplan reliability make this, in our opinion, the best value wheel balancer on the market today.

Boasting 'No Checkspin' technology and 6 o'clock weight positioning, the Megaspin 420 only requires the operator to select the weight position(s) and lower the hood – it's that simple! Two laser points guide the operator to the chosen weight position, and the rim locks into position at each inner and outer 6 o'clock placement position.

There is no possibility for error, no chance of the machine throwing up an extra 5 or 10gms, and absolutely NO CHECKSPIN REQUIRED!

- Worlds' first balancer with 'NO CHECKSPIN' technology
- Easier 6 o'clock weight position
- Super Automatic Data Input via sonar (touch-free)
- Laser Guided weight placement
- Handles rims up to 30" diameter
- The simplest, fastest wheel balancer ever produced

ONLY £3,395.00  
WEEKLY FROM ONLY £17.11\*

\*Finance example typically based on a 5 year lease purchase agreement. Finance subject to status, full terms and conditions available on request. Other finance options available. Utilising the proven 'camera and target' principle, the Ssence 400 and 600 are fast, simple, and ideal for those customers looking to invest in the latest wheel alignment technology. The software has been designed to make life as easy for the operator as possible, minimising unnecessary manufacturer-specific procedures commonly found on other systems, and ensuring the whole alignment process is simple, quick and user-friendly.

A comprehensive vehicle database provided by an industry-leading name in vehicle data, Autodata, ensures up-to-the-minute specifications, and fully-automatic operation of the up/down movement of the cameras synchronized with the lift put this aligner firmly in the 'premium' spec category. To set the Ssence further apart, all orders up until 31st March 2016 will have the opportunity to purchase the 'MegaTab' handheld, remote display, worth £995, half price – that's just £495! With the MegaTab, the customer has the benefit of being able to view and operate the system anywhere around the vehicle or workshop, or show customers in reception exactly what is happening with their vehicle.

- Impressive, easily understood graphics and prompts
- Ssence 400 with Semi-Automatic movement of the camera bar and 19" monitor
- Ssence 600 with Fully-Automatic movement synchronised with the up/down movement of the lift and 32" monitor
- Includes Autodata database
- Includes premium mechanical turnplates
- Comprehensive, on-site training
- Half-price 'MegaTab' option on all orders until 31st March 2016

SSENCE 400 ONLY **£8,395.00**  
SSENCE 600 ONLY **£9,895.00** ADD MEGATAB **£495.00**

## HOFFMAN MEGAPLANMEGALINE ALIGNMENT + CASCOS LIFT PACKAGE OFFER

587 77 0090

### C445 LIFT FEATURES

- Wheel Alignment Lifts with front recesses (for alignment plates) and rear slip plates
- 4t lifting capacity and 4.4m, 4.8m and 5.2m platform lengths
- Double mechanical security system and pneumatic security system – safest on the market
- Re-enforced Platforms for perfect level throughout life
- Can be supplied with Cascos Jacking Beam (Made In Denmark) for perfect compatibility or integral scissor lift – additional option

**5 YEARS WARRANTY\***

MEGALINE SSENCE 600 & C445 ONLY **£15,995.00**  
WEEKLY FROM ONLY **£80.61<sup>†</sup>**

## FLUE BOOSTER – IN-LINE HEAT EXCHANGER

**Increase the heat efficiency of your existing heater by up to 30%! Easy to fit the Flue Booster just slots in and AT utilises heat that would normally be lost through the flue. An in-line multi-pass stainless steel flue gas heat exchanger which can raise the efficiency of used oil heaters up to a maximum of 90%.**

- Suitable for models: AT306, AT306T, AT307 & AT400.
- The unit simply slots into the 150mm diameter flue pipe system.
- A 220-240V supply is required for the fan.
- With free blowing grille outlet or with an 80mm diameter duct spigot.

**WITH EXCLUSIVE 2 YEARS WARRANTY ONLY AVAILABLE FROM WORKSHOP SOLUTIONS**

**ONLY £395.00**

# Hiton Universal Heaters

**3 YEARS WARRANTY**

**NO HASSLE WARRANTY**

**BEST PRICE PROMISE**

**WITH EXCLUSIVE 3 YEAR WARRANTY ONLY AVAILABLE FROM WORKSHOP SOLUTIONS**

## HITON UNIVERSAL OIL HEATERS

Hiton heaters are truly multi fuel and can burn fresh diesel oil only or they feature a switch to alternatively burn waste oil products ensuring they operate at optimum levels (they will also burn fresh bio or vegetable oil).

Suitable for heating large buildings without central heating Hiton multi fuel heaters are an affordable alternative to gas and electric options and usually pay for themselves within two seasons.

- Switchable Multi Fuel mode – Clean diesel oil (red) / waste fuels
- Works on Waste Engine Oil, Hydraulic Oil, Diesel/Red Diesel & Bio Fuel.
- Built in overflow protection of oil in the burner
- Adjustable output - two heat settings
- Up to 90% efficiency with Heat Booster for maximum heat.
- Easy to use - Flue kit supplied for easy installation.

## SAFE SOLVENTS® TYPHOON 250 PARTS WASHING MACHINE

590 01 0090

The Typhoon 250 is the take-anywhere counter top parts washer. This can run off a 12V cigarette lighter to ensure that you can always have a parts washer to hand. Perfect for on-the-road cleaning, trackside cleaning, and small parts. Designed for use with the high performance range of Safe Solvents fluids.

- High quality, UK made, counter top parts washing machine
- Portable & lightweight (18kg)
- Comes with 240V plug and 12V cigarette lighter attachments
- Flow through brush, wash area, and small soaking tank
- Simple to maintain with replaceable filter

**NO CONTRACT REQUIRED**

**ONLY £439.00**

## SAFE SOLVENTS® TYPHOON 450 PARTS WASHING MACHINE

590 01 0080

The Typhoon 450 is the standard sized mechanics parts washer. Simple maintenance and waste handling reduces service contract requirements and equivalent monthly parts washing cost. Please feel free to ask for more information. Designed for use with the high performance range of Safe Solvents fluids.

- High quality, UK made, free standing, mid-sized parts washing machine
- Heavy duty pump and replaceable filter
- Automatic fill & empty controls
- Fixed liquid line, flow through brush, and multi strength wire brush set
- Simple to maintain (no professional servicing required)
- Wash area with sliding shelf and soak tank area
- Low energy consumption (40W normal operation)

**NO CONTRACT REQUIRED**

**ONLY £1,399.00  
WEEKLY FROM ONLY £7.05\***

## EXCLUSIVE TO WORKSHOP SOLUTIONS

## SAFE SOLVENTS® TYPHOON 650 PARTS WASHING MACHINE

590 02 0010

The Typhoon 650 is the large sized commercial parts washer. Simple maintenance and waste handling reduces service contract requirements and equivalent monthly parts washing cost. Please feel free to ask for more information. Designed for use with the high performance range of Safe Solvents fluids.

- High quality, UK made, free standing, large-sized parts washing machine
- Fixed liquid line, flow through brush, and multi strength wire brush set
- Low energy consumption (43W normal operation)
- Automatic fill & empty controls
- Wash area with sliding shelf and soak tank area
- Heavy duty pump and replaceable filter
- Simple to maintain (no professional servicing required)

**NO CONTRACT REQUIRED**

**ONLY £1,599.00  
WEEKLY FROM ONLY £8.06\***

## SAFE SOLVENTS® PARTS WASHING FLUID

592 77 4720

Safe Solvents fluids clean and degrease to the standard or regular toxic solvents whilst being non-flammable, drain safe, and requiring no specialist procedures or equipment. Used by top level motorsport teams, Safe Solvents fluid will improve safety in the workshop and simplify maintenance. Designed for use with Safe Solvents Typhoon Parts Washer range.

- High performance parts and engine degreaser
- No specialist extraction, storage, or safety procedures required
- 100% non-flammable and no toxic fumes
- Separates from oil for easy in-house waste handling
- Safe for drains
- Also available in 5Ltr bottles

## HPC COMPRESSORS

HPC Compressed Air Systems is recognised as a gold standard in the industry, supplying innovative products and system solutions to quality bodyshops, commercial vehicle workshops, garages and other automotive applications. A leader in the UK market for fifty years, HPC's "yellow-box" compressed air systems are renowned for their quality, reliability and efficiency.

HPC Screw Compressors provide quality compressed air at affordable prices:

- Quiet, energy efficient & reliable
- Minimal installation required
- FREE OF CHARGE - HPC 5 years 'NO QUIBBLE' warranty (Subject to an HPC Service agreement)

HPC refrigeration dryers provide dependable drying and ensure high efficiency performance. With their compact footprint they are exceptionally versatile and are ideal for locations where space is at a premium. Removing moisture from compressed air helps to prolong the life of pipe work and air tools whilst improving compressed air quality.

Ask your branch for expert advice on HPC compressors. With HPC, you can optimise the efficiency and quality of your compressed air system.

## SELECTING THE RIGHT COMPRESSOR

When selecting the right air compressor, the tank size is important. Too small a tank will overwork the motor. It is equally if not more important to select an air compressor that provides enough cubic feet per minute (cfm) of airflow. CFM is going to determine how many tools you can run, and whether each tool will function at its best.

### 1. What type of operation do you need your compressor for?

Piston compressors deliver air in pulses, which make them less suitable for applications where a smooth airflow is required e.g. professional spray painting. In circumstances where smooth airflow is required, a screw compressor is the answer. Similarly, piston compressors have a 50% duty cycle, meaning the motor should only be actually running 50% of the time. For busy workshops with a large number of workstations, screw compressors which have 100% duty cycle may be the way to go.

### 2. What electrical supply is available?

Single phase (230V) is the standard supply for domestic and light industry. 3 phase is the mains electrical supply to industry. A 3 phase compressor motor is more efficient on power usage therefore gives lower running costs.

### 3. What output compressor is required?

Selecting the type of application is one thing, the needed airflow to perform it another. Use the formula to determine the required air displacement required. Tools and equipment in use simultaneously simply add to a total air requirement, and add 25% to account for losses in the system.

**E.g. Impact wrench 3/8" + Ratchet 3/8" + manual Tyre changer = 12 cfm, add 25% = 15 cfm compressor capacity if all three are likely to be operating at the same time.**

### With what frequency will you use your compressor?

#### Occasional or Intermittent use:

For a professional environment, belt driven technology with singular compression is the way to go. Even if you only need a compressor from time to time for typically less demanding applications such as blowing or inflating, the slower-running motors in belt-drive compressors make them much more suitable for a commercial/industrial setting than direct-drive machines. Certainly for more frequent and intensive usage, these compressors are fit to perform all the tasks mentioned above, but can also be used for ratcheting, wrenching, some painting, and many more applications.

#### Frequent use:

Dual stage piston compressors and screw compressors offer a higher air flow and can achieve higher pressure. This makes them ideal for frequent and more intensive applications such as hammering, impact wrenching, grinding...

## DIESEL HEATER 70,000 BTU 20KW

538 77 5971

- Unique and tough design with a durable powder coat finish
- Runs on either diesel or kerosene
- Stainless steel combustion chamber with fan cooling, fitted with flame sensor protection
- Built in thermostat with digital display to help save fuel
- Fuel tank capacity of 10Ltr
- Heat output 22KW or 70,000Btu

ONLY £179.00

## DIESEL HEATER 102,000 BTU 30KW

538 77 5961

- Unique and tough design with a durable powder coat finish
- Runs on either diesel or kerosene
- Stainless steel combustion chamber with fan cooling, fitted with flame sensor protection.
- Built in thermostat with digital display to help save fuel
- Fuel tank capacity of 38Ltr
- Heat output 30KW or 102,000Btu

ONLY £199.00

## DIESEL HEATER 170,000 BTU 50KW

538 77 5951

- Unique and tough design with a durable powder coat finish
- Runs on either diesel or kerosene
- Stainless steel combustion chamber with fan cooling, fitted with flame sensor protection.
- Built in thermostat with digital display to help save fuel
- Fuel tank capacity of 56Ltr
- Heat output 50KW or 170,000Btu

ONLY £299.00

## INDUSTRIAL FAN HEATER 220-240V 50HZ 3000W

538 77 5551

- 30-3000W heat output
- Stainless steel heating element
- Adjustable thermostatic control
- Thermal overload protection
- Steel casing with heat resistant powder coating
- Portable free standing

ONLY £54.99

\*Finance example typically based on a 5 year lease purchase agreement. Finance subject to status, full terms and conditions available on request. Other finance options available. ## COMBINED WASTE OIL SUCTION & GRAVITY DRAINER 100LTR

536 77 0370

- High performance low noise vacuum pump
- Suction probe kit C/W flexible and rigid tubes
- Pressure discharged through low pressure hose
- Telescopic tube on drainer bowl
- Tray for tools, washers, plugs etc. on top of reservoir
- Oversized 360° positional composite extension tray for wider reach

ONLY £499.99

## MOBILE WASTE OIL SUCTION & GRAVITY DRAINER 70LTR

536 77 0390

- High performance low noise vacuum pump
- Suction probe kit c/w flexible and rigid tubes
- Pressure discharged through low pressure hose
- Telescopic tube on drainer bowl

ONLY £399.99

## MOBILE WASTE OIL RECEIVER 100LTR PUMP DISCHARGE

536 77 0410

- 1:1 ratio pump mounted to unit for oil discharge
- Telescopic tube on drainer bowl
- Tray for tools, washers, plugs etc. on top of reservoir
- Oversized 360° positional composite extension tray for wider reach

ONLY £499.99

## SAMOA DIESEL TRANSFER 12V PUMP KIT

536 77 1440

- 40Ltr per minute
- Pumps can be mounted vertically or horizontally
- 12 VDC portable diesel transfer pump kit
- Self-priming polux pump
- Aluminium dispensing nozzle
- 30min maximum cycle
- Comes complete with carry handle
- 2m cable with crocodile clips
- 4m delivery hose

ONLY £169.99

## BARREL BUNDLE

536 77 1470  
536 77 1500

- Durable, removable platforms
- Platform with hand inserts and holes for inspection
- Capacity meets European and UK regulations
- Compatible with most forklifts and pallet trucks for easy moving
- Capacity of bund 250Ltr

536 77 1470	EP1001	Samoa Barrel bund to suit 1 barrel	£159.99

## 1/2" HIGH POWER IMPACT GUN THE BEAST – RC2277

571 77 0020

- NEW power setting system: 1 hand-operation, 1 position in reverse & 3 positions in forward 1250 Nm maximum real torque in reverse
- Friction ring socket retainer
- Twin hammer mechanism
- Full teasing trigger
- 360° swivel air inlet

ONLY £159.99

## 115MM AIR ANGLE GRINDER M14 – RC7166

571 77 0090

Ideal tool when user changes to air tools from electrical tools due to M14x2 spindle that allows use of standard accessories that are usually used on electrical tools.

- M14x2 spindle for 115x22 and 125x22mm (4 1/2" and 5") discs with speed governor
- Side handle (detachable)
- Short construction
- Front exhaust cools angle gear

ONLY £149.99

## 1/2" ULTRA COMPACT IMPACT WRENCH – RC2202

571 77 0010

- 610 Nm maximum torque in reverse
- Steel front cover & aluminium body
- Length – 112mm as can size
- Jumbo hammer mechanism
- 3 setting positions in both directions

ONLY £119.99

## 3/8" HEAVY DUTY AIR RATCHET – RC3010

571 77 0060

- Long neck version
- Good power
- Lightweight
- Rear exhaust

ONLY £79.99

## 6MM AIR DIE GRINDER – RC7011

571 77 0070

- Comfortable, compact and versatile tool
- Equipped with 6mm collet
- Rubber insulated handle
- Rear exhaust

ONLY £59.99

## 6MM AIR ANGLE DIE GRINDER – RC7100

571 77 0080

Compact and versatile tool fits confined areas due to low height of the head.

- 6mm collet
- Height of head only 78mm
- Reduced noise
- Silencing exhaust hose system

ONLY £69.99

## 1/2" HEAVY DUTY AIR RATCHET 90NM – RC3600

571 77 0050

Powerful and quiet with exhaust hose and a motor housing with flattened sides allows a perfect grip to allow good control of the tool.

- High speed assembly and disassembly
- Durable power with increased comfort
- Easy access for confined areas
- Rear exhaust

ONLY £89.99

## BR 40/10 C HEAVY-DUTY FLOOR SCRUBBER DRIER

546 77 108D

Kärcher's BR 40/10 heavy duty scrubber drier makes cleaning small to medium hard floors easy, delivering outstanding results and helping to keep your workshop safe and compliant with VOSA regulations. Featuring twin counter-rotating brushes and twin rubber squeegees, the BR 40/10 cleans and dries hard floors in a single pass. By turning the vacuum system off, the machine can be used for deep cleaning of heavily soiled areas.

Working width - 400mm  
Fresh/dirty tank - 10Ltr  
Power - 2170W (240V)  
Area - 400m<sup>2</sup> p/h

**ONLY £1299.99**

## HDS 5/11 U HOT WATER PRESSURE CLEANER

KA10640320

Kärcher's HDS 5/11 U hot water pressure washer is ideal for the motor trade and those who require a simple and convenient cleaning solution. The HDS 5/11 U is designed to be as easy to use and transport as a Kärcher cold water pressure cleaner, but with the added cleaning performance that comes from using water heated to 80°C. With simple OFF-COLD-HOT operation, small footprint and world-class Kärcher build quality, the 5/11 U is the perfect machine for light duty cleaning tasks where time is of the essence.

Motor - 2.2kW (240V)  
Water Flow - 450Ltr/h  
Pressure - 110 bar  
Hose Reach - 10m  
Max Temp - 80°C

**ONLY £799.99**

## HD 6/13 C HEAVY-DUTY COLD WATER PRESSURE WASHER

546 77 8000

Kärcher's HD 6/13 C Plus is a compact and powerful high pressure cleaner designed for the demanding cleaning requirements of the automotive industry. High water flow and pressure ensure thorough cleaning results even when tackling the most stubborn dirt. With variable water pressure, triple nozzle and Dirtblaster nozzle as standard, this machine offers high performance cleaning producing fantastic results and offering quick turnarounds.

Motor - 2.9kW (240V)  
Water flow - 590Ltr/h  
Pressure - 190Bar  
Hose reach - 10m

**BEST PRICE EVER!**

**ONLY £399.00**

## PUZZI 8/1 C PRO UPHOLSTERY CLEANER

546 77 8010

The Puzzi 8/1 C is a powerful and compact spray extraction cleaner, ideal for vehicle valeting and spot cleaning of carpeted floors. Thanks to its lightweight construction, the unit can be easily transported and due to its excellent suction power, the Puzzi 8/1 C leaves carpets and upholstery virtually dry to touch in minutes.

Motor - 1200W (240V)  
Air Flow - 61Ltr/s  
Capacity - 8+7Ltr tank

**ONLY £269.00**

## NT 20/1 WET & DRY VAC

546 99 0810

The NT 20/1 is a robust and powerful all-purpose vacuum cleaner designed for professional applications. Capable of picking up wet or dry dirt and liquids in workshops and showrooms and perfect for vehicle valeting the NT 20/1 is ideal for automotive customers.

- Easy transport and storage thanks to compact design
- Constant suction power due to semi-automatic filter cleaning system (Ap)
- Time-saving and robust storage for power cord, suction hose and accessories
- Storage space on vacuum head for convenient storage of tools and small parts

Air flow rate: 74Ltr/s  
Vacuum: 254mbar  
Container capacity: 20Ltr  
Max. power: 1350W  
Weight: 8kg

ONLY **£189.99**

**NEW!**

## HD 5/12 C PLUS COMPACT PRESSURE WASHER

546 99 0820

The new HD 5/12 C Plus from Kärcher features a host of benefits to make cleaning jobs that little bit quicker and easier. With tough components throughout, including stainless steel pistons and spray lance, heavy-duty wire-braided anti-kink hose, and brass cylinder head and water inlet – the HD 5/12 C is built for professionals. Typical Kärcher design features add convenience without compromising performance: like the on-board storage for nozzles, power cable, hose and lance; the new carry handle that makes the machines truly portable; and of course the unique lie-flat or stand up operating position.

- |                              |                        |
|------------------------------|------------------------|
| • Easy-press trigger gun     | Max. Pressure: 175 bar |
| • 10 m High-pressure hose    | Water Flow: 500Ltr/h   |

| • Dirt Blaster               | Max. power: 2500W      |
| • Anti-twist system (AVS)    | Weight: 23.7kg         |

ONLY **£379.99**

**NEW!**

## KÄRCHER NT 27/1 COMMERCIAL WET & DRY VACUUM CLEANER 27LTR TANK

546 77 0130

### Features & Benefits:

- Drain hose: Easily accessible drain hose for convenient liquid disposal
- Cartridge filter with float: Large cartridge filter ensures constant high suction power. The float system interrupts the suction flow after reaching the maximum capacity
- Robust metal latches: The extremely robust metal latches lock more reliably

### Technical data:

Air flow rate: 67Ltr/s  
Vacuum: 200/20mbar/kPa  
Container capacity: 27Ltr  
Max. intake performance: 1380W

Standard nominal size: 35mm  
Length of cord access: 7.5m  
Sound level: 72dB  
Weight: 7.5kg  
Dimensions: 420x420x525mm

**BEST PRICE EVER!**

ONLY **£129.99**

## M18 5AH FUEL FRICTION RING IMPACT WRENCH 1/2" RECEPTION

**HIGH FASTENING PERFORMANCE** Milwaukee® designed mechanism optimized for high torque applications up to 950 Nm. Outperforms many other cordless, corded, and pneumatic impact tools, delivering up to 20% more torque.

Milwaukee designed and built brushless POWERSTATE motor for longer motor life and up to 20% more power.

- REDLINK PLUS intelligence system delivers the most advanced digital overload protection for tool and battery and uniquely enhances the tool performance under load
- The Milwaukee DRIVE CONTROL allows the user to shift into two different speed and torque settings to maximize application versatility
- RED LITHIUM-ION battery pack delivers up to 2x more run time, up to 20% more power, up to 2x more battery life and operates better down to -20°C than other lithium-ion technologies
- Individual battery cell monitoring optimises tool run time and ensures long term pack durability
- On board fuel gauge and LED light
- All metal reversible belt clip - quickly and easily hang tool

## M12 BDDX KIT-202C – M12™ SUB COMPACT DRILL DRIVER WITH REMOVABLE CHUCK

MIL447773

- Milwaukee® high performance sub compact 4-in-1 drill driver system for extreme versatility
- Removable chuck system with 3 different heads for multiples of applications
- Standard 10 mm keyless chuck, full metal right angle 1/4" hex drive head and full metal off set 1/4" hex drive head
- 1/4" hex drive behind chuck fitting, reduces drill length to 153mm when required
- Full metal planetary gearbox transmission for extreme durability
- LED light for workspace illumination
- Supplied with 2x batteries and a charger

**ONLY £149.00**

## FIWP12 / FIWF12 / FIWF38 M18 FUEL™ WRENCHES 1/2" IMPACT WRENCH WITH PIN DETENT, 1/2" / 3/8" IMPACT WRENCH WITH FRICTION RING

- Milwaukee® designed and built brushless POWERSTATE™ motor
- The Milwaukee® DRIVE CONTROL™ allows the user to shift into four different speed and torque settings to maximize application versatility
- Mode 1 for precision work
- Mode 2 helps prevent damage to fasteners and material
- Mode 3 delivers maximum performance for the toughest applications
- Mode 4 intelligently detects when the tool has impacted on a fastener for one second automatically shutting the tool down, reducing overdriving and damaging materials
- Supplied with 2x 5.0Ah REDLITHIUM-ION™ battery pack, fast charger and Dynacase

M18FIWF12 ONLY **£299.99** MIL451072

## M12 IR-201B – M12™ SUB COMPACT IMPACT RATCHET

MIL448110

- Best in class power and speed with 47Nm of torque and a no load speed of 250rpm
- Reinforced housing - provides high durability similar to steel ratchets
- Compact design - ideal for tight spaces and small engine bays
- Variable speed metal paddle switch trigger - provides greater user control during application
- Individual battery cell monitoring optimises tool run time and ensures long term pack durability
- On board fuel gauge and LED light - added user convenience and illumination in low lit working conditions
- Flexible battery system: works with all Milwaukee® M12™ batteries
- Supplied with 1x battery

ONLY £179.00

## M12 CIW38-202C – M12 FUEL™ COMPACT 3/8" IMPACT WRENCH

MIL40578

- The Milwaukee® DRIVE CONTROL™ allows the user to shift into two different speed and torque settings to maximize application versatility
- Individual battery cell monitoring optimises tool run time and ensures long term pack durability Mode 1 for precision work
- Mode 2 delivers maximum performance for the toughest applications
- Flexible battery system: works with all Milwaukee® M12™ batteries
- On board fuel gauge and LED light
- Supplied with 2 x batteries and a charger

ONLY £179.99

## SHOCKWAVE 12PCE BIT SET WITH DRIVE GUIDE HOLDER AND WIRE STRIPPERS

MIL4932352940

- Slimline pocket design
- Drive Guide bit holder with extendable sleeve to hold long screws secure. Up to 110mm total length
- Front loading screwdriver handle
- Metal wire stripper for 0.75/ 1.0/ 1.5/ 2.5mm
- Wire loop maker up to 5mm

### Set includes:

1 x slotted bit 5.5mm, 1 x slotted bit 4.5mm, 1 x PH2, 1 x PZ1, 1 x PZ2, 1 x PZ3, 1 x 4mm hex, 1 x 5mm hex, 1 x TX20, 1 x TX25, 1 x Bit adaptor

ONLY £7.99

## MILWAUKEE HEAVY DUTY ACCESSORY COMBO

MIL430830

### Kit includes:

- 11 piece ShockWave knuckle offset set
- 30 piece ShockWave screw & drive set
- 150mm ShockWave magnetic bit holder
- 1/2"(sq) - 1/4"(f) ShockWave screwdriving adaptor
- 12mm 1/2" drive ShockWave impact socket
- 13mm 1/2" drive ShockWave impact socket
- 17mm 1/2" drive ShockWave impact socket
- 19mm 1/2" drive ShockWave impact socket
- 21mm 1/2" drive ShockWave impact socket
- Fastback flip knife
- 18 Volt bag
