

2015
LINCOLN MKC

Put aside expectations and awaken a new sense of wonder.

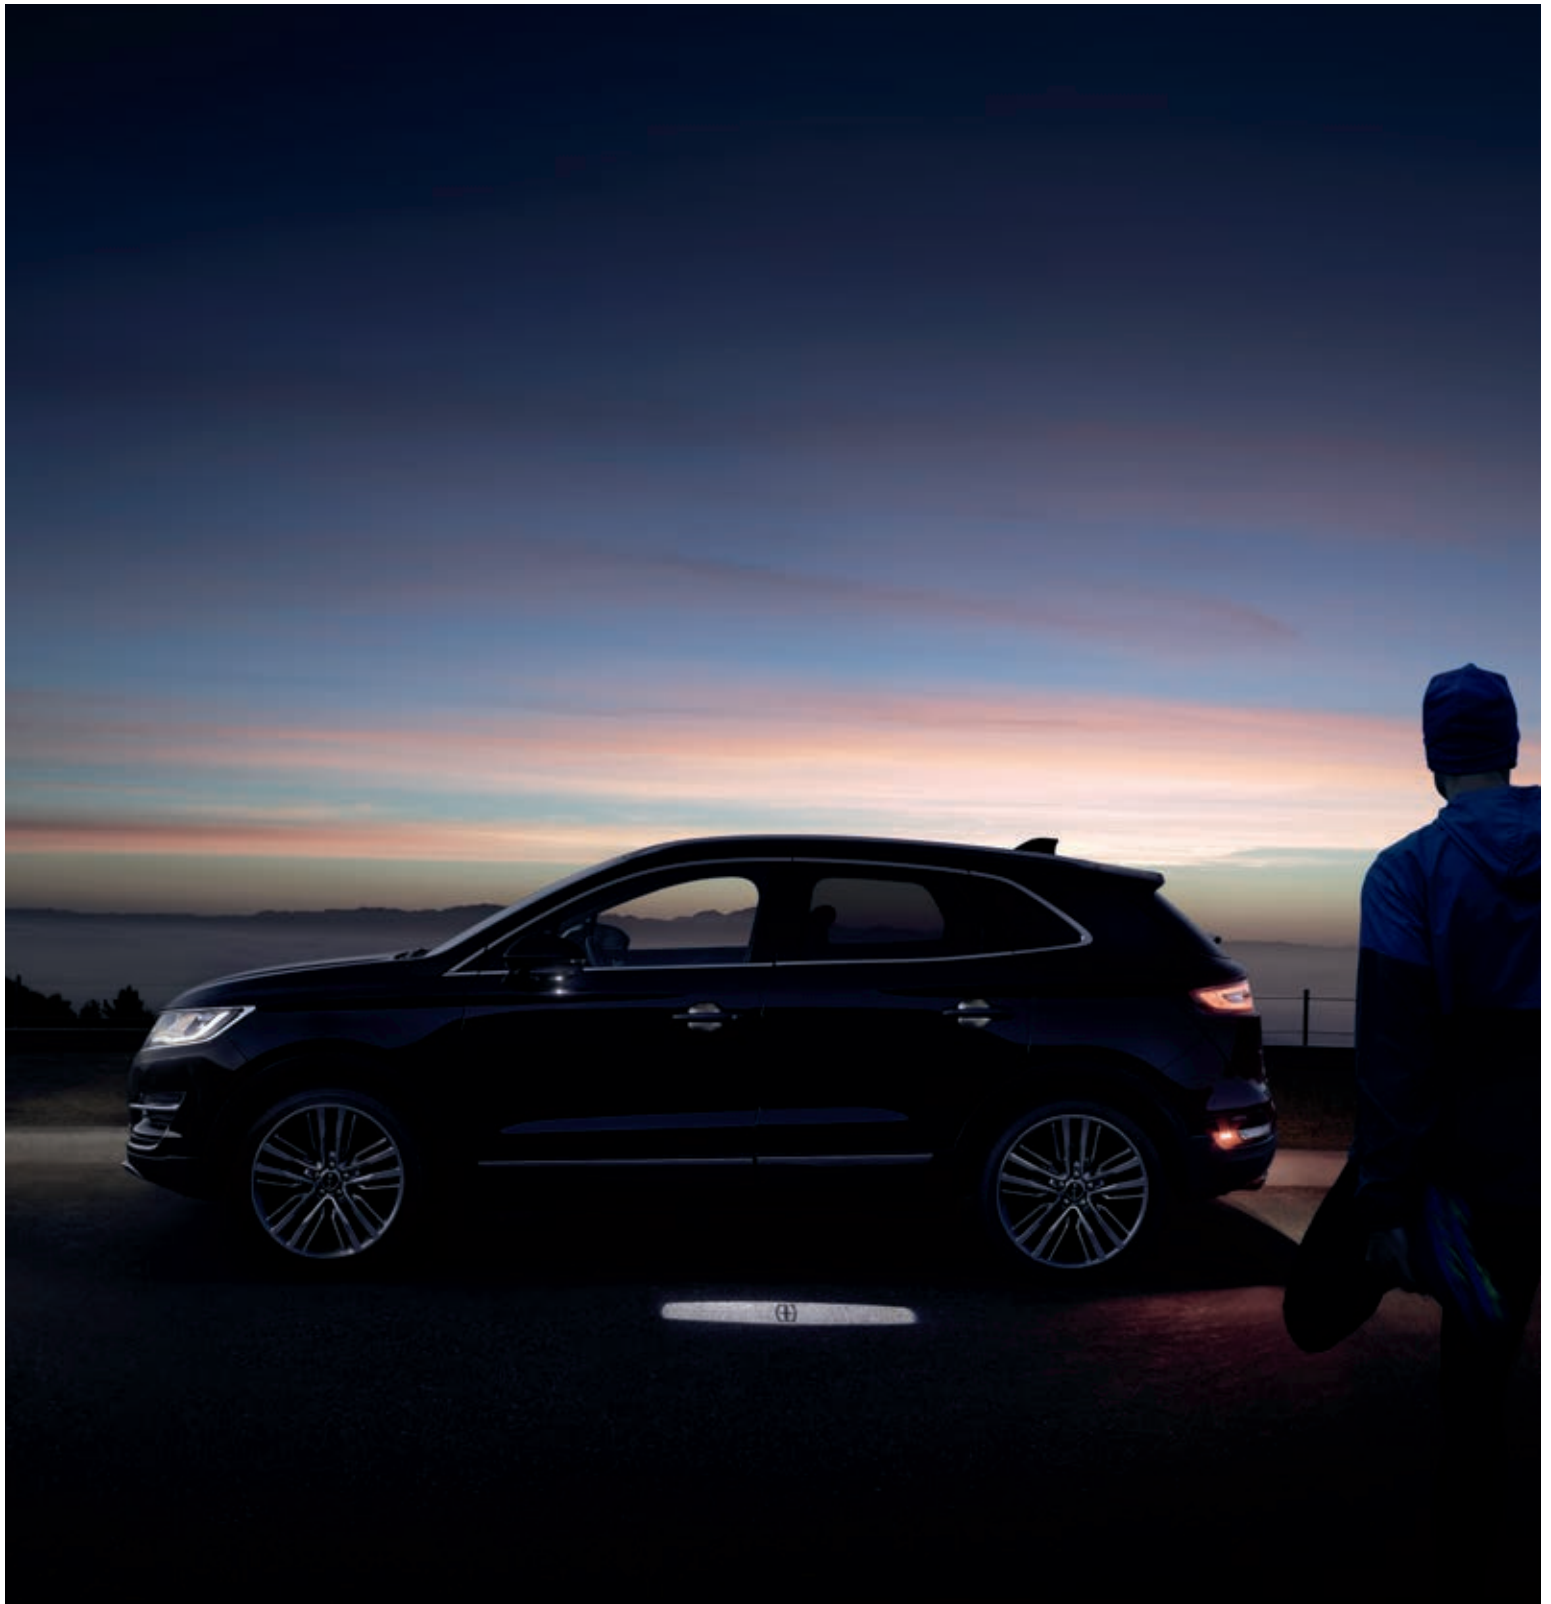

It's amazing what can happen when you put old ideas to rest... suddenly, stunning design is infused with equally purposeful function. Inside, comfort goes beyond just leg room. The spacious interior is streamlined and graceful with controls – like the push-button-shift transmission – seamlessly integrated into the instrument panel. Grab the Wollsdorf¹ leather-wrapped steering wheel, sink into the luxurious seating trimmed with available, class-exclusive² Bridge of Weir[®] Deepsoft leather,¹ and open the panoramic roof¹ to appreciate everything that surrounds you. Step outside, and dramatic HID headlamps are more visible than conventional headlamps, and the full-length LED taillamps quickly illuminate – making beautiful accessories, necessities. Like the signature Lincoln split-wing grille. It's aerodynamically designed with Active Grille Shutters that open and close to slip through the air and enhance fuel efficiency.

YOUR VEHICLE RISES WHILE YOU SLEEP. Imagine if your vehicle could warm up and be ready to go before you are. With your smartphone and the MyLincoln Mobile™ app³ – enabled by an embedded modem¹ – you can program your MKC to start remotely at a specific time with your customized climate settings.⁴ You can even remotely lock and unlock the doors and more, as you wish. More than you expected? Wish granted.

¹Available feature. ²Class is Luxury Small Utilities. ³Mobile App is available through a free download. The embedded modem is included in the Reserve Equipment Group only. Service included for 4 years. Text and data rates apply to usage. ⁴Allows you to adjust to 72°, or the last temperature set.

This is where you'll get a
WARM WELCOME after your cooldown.

Before you even get in, MKC greets you with a gracious reception. Thanks to Approach Detection, interior and exterior lights fade up in anticipation of your approach – from as far away as 8 feet. An inviting welcome mat, cast on the ground, illuminates your path. And door handles glow just so to perfectly highlight the exterior color of your vehicle and lend a guiding hand. Did you ever expect that your vehicle could be such a welcoming friend?

Optional 20" polished aluminum wheels with dark stainless-painted pockets.

2015
LINCOLN MKC
Lincoln.com 

Press a button to shift gears...

Change gears with the class-exclusive push-button transmission. A simple finger touch puts you in Drive, Reverse, Neutral or Sport.

And open or close the liftgate by kicking a foot.

A simple kicking gesture of your foot controls the class-exclusive, hands-free power liftgate¹ – and gives you a convenient way to access an abundance of rear storage. You can even set the opening height.

¹Available feature.

This is where perfect form
MEETS FUNCTION.

Keeping pace with your life is twice as easy.

MKC offers 2 engine options, both with turbochargers for refined performance and responsible fuel economy. Thanks to their efficient designs, these engines adapt to your lifestyle. The 2.3L engine¹ does it all, with 285 horsepower² and 305 lb.-ft. of torque² to rocket you forward with surprisingly graceful acceleration. And the 2.0L engine gives you power with amazing efficiency. We call it EcoBoost®. You'll call it inspiring.

¹Available feature. ²Figures achieved using 93-octane premium fuel.

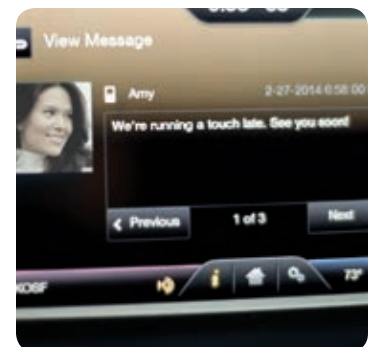

Taking corners doesn't mean cutting them.

MKC doesn't make you settle for a single suspension setting. In fact, Lincoln Drive Control with continuously controlled damping¹ lets you choose between 3 drive modes – Comfort, Normal or Sport – to match your driving style. And because surfaces are unpredictable, the system continuously monitors the suspension settings 500 times per second, then quickly adjusts to make sure that your car and the road are one. Electric power-assisted steering – or EPAS – gives the right amount of steering assistance for your driving situation. Torque Vectoring Control automatically adjusts the speed between your front wheels for enhanced cornering and agility. Combined with a wide stance for maneuverability and traction, MKC is ready for roads that change in a split second. When they do, so does MKC.

¹Available feature.

This is where open space feels like an
INTIMATE PLACE.

Staying in touch takes a simple, spoken word.

The journey starts here. With all of your connections made effortlessly. Voice-activated, turn-by-turn directions¹ to that off-the-beaten-path restaurant you've been dying to try. Traffic information from SiriusXM Traffic and Travel Link services¹ so you know you'll be on time. And 3D maps¹ brought to life through SYNC[®] with MyLincoln Touch^{™2} to guide you there. Say a command and stay in touch without taking your hands off the wheel. Or touch the signature 8" color screen to have your favorite song from the playlist on your MP3 player piped through your vehicle speakers. Don't worry – it will fade just enough so you don't miss the call or incoming text message letting you know that someone is running late. No matter where you're going or what you have going on, here, the lines of communication are always open.

ENJOY THE RIDE – AND EVERY NOTE OF YOUR MUSIC. The enhanced THX[®] II Certified Audio System¹ – a U.S. automotive industry first – gives every passenger a front-row seat to the concert. Patented sound-processing technology distributes your music's bass evenly throughout the interior and, together with 14 speakers, brings the rich, full sound of the studio to your everyday commute.

¹Available feature. ²Driving while distracted can result in loss of vehicle control. Only use SYNC/MyLincoln Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.

Where mastering the ins and outs of parallel parking is practically unparalleled.

No guesswork required. That's the beauty of active park assist,¹ with a new, class-exclusive park out assist feature. MKC uses ultrasonic sensors to measure open spaces and find a parking spot as small as 1.2 times the length of your vehicle, and then guides you into – or out of – it, while you control the brake and accelerator. You'll look like an expert every time.

FORWARD THINKING KEEPS YOU AHEAD. With the Forward Sensing System,¹ sensors on the front bumper can detect objects that are in front of you and sound a high-pitched beeping tone if something is there. Knowing what lies ahead is half the battle.

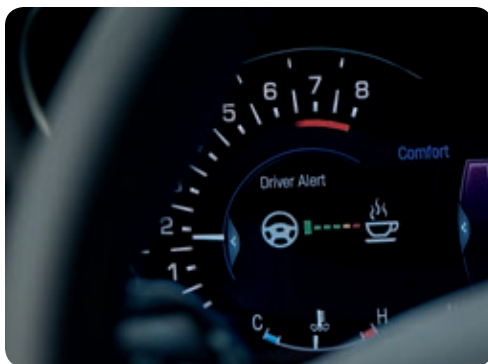

HINDSIGHT IS 20/20. When you are backing out of – or into – a parking spot or garage, the Reverse Sensing System on MKC uses sensors on the rear bumper and a warning sound to help alert you if something is behind you. It's like having a backseat driver you actually appreciate.

¹Available feature. Driver-assist features are supplemental and do not replace the driver's judgment.

Go with the flow – not against it.

KNOW YOUR SURROUNDINGS. MKC has features that are designed to help you see things you otherwise might not. Its BLIS® (Blind Spot Information System)¹ uses radar sensors to help detect when a vehicle is in your blind spot, and then alerts you with a light in the corresponding sideview mirror. And class-exclusive cross-traffic alert¹ lets you know when a vehicle is crossing behind you as you slowly back out of a parking spot, and alerts you with a glowing icon in your sideview mirror and an alarm.

STAY CENTERED. We can all use a push in the right direction sometimes. MKC offers it. The Lane-Keeping System¹ can alert you with a steering wheel vibration if it senses you drifting out of your lane, and can then apply steering torque to help direct you to steer back into it. And the Driver Alert System displays a coffee cup icon in your gauge cluster if it detects that you need to take a break from driving.

KEEP YOUR DISTANCE. Everyone has a different driving style. Fortunately, adaptive cruise control and collision warning with brake support¹ adjusts to fit yours. Using radar to constantly scan for slower vehicles in front of you, it can automatically change your speed to maintain your preset gap – and can even pre-charge the brakes to help prepare you for a sudden stop.

¹Available feature. Lane-Keeping System does not control steering. Driver-assist features are supplemental and do not replace the driver's judgment.

This is where quiet confidence speaks volumes about **PEACE OF MIND.**

MKC is engineered to get you where you need to go. All-wheel drive¹ optimizes available traction to help you power through challenging driving conditions. AdvanceTrac[®] with RSC[®] (Roll Stability Control™) helps you grip the road and stay on your intended path.² And, to help protect you in the event of a collision, MKC is equipped with 7 airbags – including a driver's knee airbag. Just a few more ways MKC exceeds expectations when you need it to most.

SAFE AND SOUND. MKC is thoughtfully designed with a cabin that's filled with solitude. Interior noise is greatly diminished with active noise control, felted wheel wells, pedestal-style door-mounted sideview mirrors that are designed to minimize wind noise, and specially laminated glass that reduces outside road noise.

¹Available feature. ²Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

This is our promise – THE LINCOLN PLEDGE.

It's the collective promise of everyone at the Lincoln Motor Company – from our trusted service advisors and expert technicians, to the voice on the other end of the line should you call – that we'll be there for you and your Lincoln wherever, whenever, if ever, you need us.

LINCOLN LIMITED WARRANTIES²

You can rest assured with a 4-year/50,000-mile Bumper-to-Bumper Warranty that covers repair, replacement or adjustment of parts at no additional cost, as well as a 6-year/70,000-mile Powertrain Warranty which features no deductible and is fully transferable.

LINCOLN COMPLIMENTARY MAINTENANCE³

We are pleased to offer complimentary maintenance for 2 years/24,000 miles. At no charge to you, your maintenance visits will include an oil and filter change, and tire rotation scheduled to accommodate your busy life.

LINCOLN ROADSIDE ASSISTANCE FOR LIFE³

Help is only a phone call away should you run out of fuel, lock yourself out of the vehicle, or need towing to the closest Lincoln dealership – or to your preferred Lincoln dealership within 100 miles. For the original owner, the Lincoln Roadside Assistance program provides these services 24/7 for as long as you own the vehicle – at no charge.

COMPLIMENTARY CAR WASH⁴

At the completion of any service on your Lincoln, drive away from the dealership in a clean vehicle that looks just as beautiful as the day you bought it. It's just another shining example of our commitment to you.

COMPLIMENTARY LOANER⁴

Should your Lincoln require warranty service, you can count on us to be there for you with a complimentary loaner vehicle. It's just one more way to let you know that we'll be here for you.

SERVICE PARTS WARRANTY

We'll stand behind our service – and you – with a 2-year, unlimited-mile warranty on both parts and labor.

LINCOLN CLIENT RELATIONSHIP CENTER

When you own a Lincoln, you can take comfort in knowing that we'll be by your side from beginning to end. Our caring agents are empowered to handle your concerns – no matter how big or small they might be.
