As nurses type, ClinicalKey's Smart Search recognizes acronyms, synonyms and relevant clinical concepts, offering shortcuts to critical answers.

It's convenient.

Because it's mobile-friendly, ClinicalKey makes it easy for nurses to find and apply answers at the patient's bedside or on the go.

It's complete.

ClinicalKey content is indexed daily, so it always offers the most complete and current collection of trusted nursing answers, evidence and multimedia.

It drives collaboration.

ClinicalKey aligns care team members and empowers communication using common evidence and collaborative features.

Custom Solutions

Building solutions is our business

As the leading publisher in nursing, medicine and health professions, we understand the unique challenges you face. Custom solutions are about creating resources that will engage your students and help them to succeed. When it comes to creating a custom solution, only Elsevier can offer the quality, expertise, and support you need – and deliver it all within your timeline.

We offer custom solutions, including:

Custom print and digital texts

Whether you want to add a custom cover to an existing text or combine content from multiple sources to create a brandnew text, our text solutions cover the full spectrum of custom publishing options.

Custom instructor and student websites

Custom websites for accessing teaching and learning resources can be created for instructors only, instructors and students, or students only. Tell us what you need and we will make it happen.

Why choose Elsevier?

Quality

For over 125 years, we've provided the most trusted, reliable local and international content in all major areas of Medicine, Nursing and Health Professions.

Expertise

A dedicated local team of experienced professionals will create your custom solution.

Timing

From initial consultation to final delivery and implementation, our process is designed around your schedule.

Flexibility

No matter what type of resource or information you need or in what format you want it delivered, we will work with you to ensure your custom solution comes together seamlessly to meet your exact specifications.

Support

With an Elsevier custom solution, you receive comprehensive, ongoing support – from implementation to training to technical support, and more.

Value

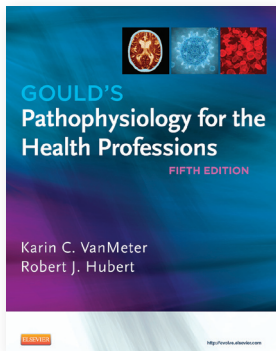

Elsevier's custom solutions are designed to align with your curriculum; the exact materials you need and nothing you don't.

Custom Solutions

Building solutions is our business

As the leading publisher in nursing, medicine and health professions, we understand the unique challenges you face. Custom solutions are about creating resources that will engage your students and help them to succeed. When it comes to creating a custom solution, only Elsevier can offer the quality, expertise, and support you need – and deliver it all within your timeline.

We offer custom solutions, including:

Custom print and digital texts

Whether you want to add a custom cover to an existing text or combine content from multiple sources to create a brandnew text, our text solutions cover the full spectrum of custom publishing options.

Custom instructor and student websites

Custom websites for accessing teaching and learning resources can be created for instructors only, instructors and students, or students only. Tell us what you need and we will make it happen.

Why choose Elsevier?

Quality

For over 125 years, we've provided the most trusted, reliable local and international content in all major areas of Medicine, Nursing and Health Professions.

Expertise

A dedicated local team of experienced professionals will create your custom solution.

Timing

From initial consultation to final delivery and implementation, our process is designed around your schedule.

Flexibility

No matter what type of resource or information you need or in what format you want it delivered, we will work with you to ensure your custom solution comes together seamlessly to meet your exact specifications.

Support

With an Elsevier custom solution, you receive comprehensive, ongoing support – from implementation to training to technical support, and more.

Value

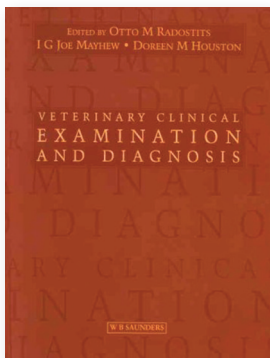

Elsevier's custom solutions are designed to align with your curriculum; the exact materials you need and nothing you don't.

Rely on RADPrimer as your virtual teaching assistant

The first comprehensive radiology curriculum for all resident levels

RADPrimer prebuilt lessons provide an engaging learning experience, guiding residents through a comprehensive radiology curriculum.

Topic-driven, prebuilt lessons include:

- Lesson overviews that summarise the topic highlights
- Learning objectives crafted by experienced educators and thought leaders
- Reading materials written by leading radiology experts
- Practice questions to help residents learn as they go

Pre- and post-tests measure what residents have learned in each module. The curriculum covers all eleven traditional radiology disciplines, plus appropriateness criteria, physics, and safety.

Analyse performance results to ensure success

RADPrimer tracking tools give insight into individual and program-wide performance on over 7,000 assessment questions, so you can identify issues early and plan for resident improvement opportunities.

Assessment areas include:

- Diagnosis
- Differential diagnosis
- Anatomy
- Procedure
- Physics
- Safety
- Appropriateness criteria

Monitor and document progress and performance

Easily access individual and program-wide reports on progress toward program milestones. The Faculty module allows you to view the entire curriculum, including the assessment questions, so you know what your residents are studying.

Key features

- Expert-vetted content
- Defined, comprehensive radiology curriculum
- Trainee progress tracking
- Over 7,000 assessments
- Regularly updated content
- Online access from any workstation or mobile tablet
- Access for all teaching faculty

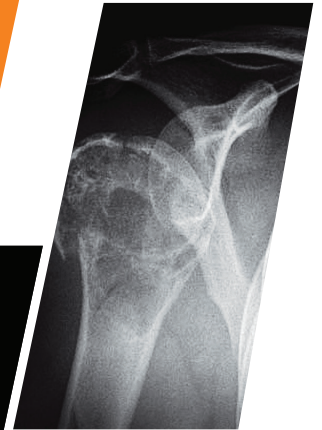

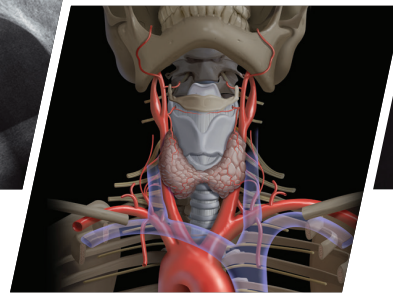

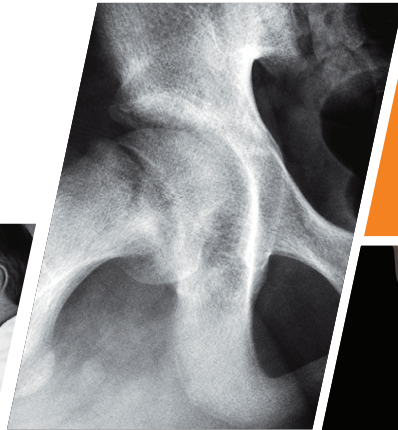

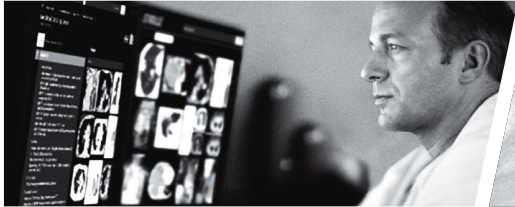

Elsevier is pleased to welcome Amirsys decision support and education solutions to our suite of products, making Elsevier the world leading authority in radiology.
