Care and Protection

Car Battery Charger And Conditioner -EU version

MA940000274

Fitted Cost : **801.00 AED**

The Maserati Battery Conditioner is the ideal accessory to protect your car battery, increasing its performance and lifetime.

Simply apply it to the car battery and connect it to a power socket to maintain the battery charge at a steady level, ranging from 95 to 100%.

The battery conditioner is extremely easy to use and does not need to be programmed before use.

You may leave it connected for several months, without risking to damage the vehicle.

Care and Protection

Protective Film for Loading Edge

MA940000759

Fitted Cost : **691.00 AED**

Designed to provide the best protection, the Protective Film for the Loading Edge is the ideal solution for preserving the precious bodywork of the Levante, keeping its aesthetics unaltered over time. The film is applied to the rear bumper to protect the area mainly exposed to possible scrapes and damage caused by suitcases and various objects that may hit the luggage compartment while loading and unloading. The shaped film is transparent, so that the colour of the bodywork is not altered, and does not yellow over time. After removal, it does not leave any residues on the application surface.

Care and protection

**RH & LH Side Protective Films
Body Colour Painted Parts**

MA940000760 / MA940000761

Fitted Cost : **662.00 AED/Each**

The Side Protection Kit comprises a film which provides optimal protection of the car body in areas where impacts from gravel and other external agents are most likely to occur. The film is made of transparent urethane which does not change the colour of the bodywork and does not turn yellow over time. The film is moulded and covers the side panels of the vehicle with absolute precision. It is simple and quick to apply using a water-based solution, which does not leave any adhesive residue on the application surfaces when it is removed.

Transportation & Loading Solution

Roof Rails Chrome Version (Retrofit Kit)

MA940000814

Fitted Cost : **4,200.00 AED**

The Levante Accessories for the Roof are a valuable and effective aid for the driver when luggage, sports equipment or other items need to be comfortably carried. Each individual accessory has been specially tested and approved by Maserati to certify that it perfectly meets the vehicle technical features and maintains an accurate balance between road and off-road performance. The Roof Rails, which perfectly follow the lines of the bodywork, are the basic element for using many transport solutions available in the Accessories range. At the same time, they add to the car aesthetics, highlighting the harmonious and sporty lines of the Levante. Depending on the desired vehicle equipment, the Roof Rails are available in two different versions: with “Chrome” colour or “Black Piano” colour finishing. If these parts were not chosen as first equipment or Optional (OPT) when ordering the vehicle, and the owner would like to install them at a later stage, the dedicated Retrofit Kits are available in the Genuine Accessories range.
