

Ovid[®] Emcare

The New Standard in Nursing and Allied Health Research

Premium nursing and allied health database of nearly 5 million records across 3,700+ journals

Ovid Emcare brings you:

- All the great features of Ovid – easy links to full text, exporting, filtering, de-duping, and more
- More scholarly, peer-reviewed and indexed journals than any other nursing database
- Easy linking to non-embargoed full-text journal content
- **Exclusively on Ovid!** Lippincott Williams & Wilkins full-text
- Integration with the trusted EMTREE thesaurus for accurate relevant results
- Natural language searching for fast, relevancy ranked results
- New content added weekly
- **Search across all your Ovid resources with just a single query**

Ovid Emcare, a partnership with Elsevier, sets a new standard in nursing and allied health research – providing the most records and more trusted content than any other leading nursing database.

Pairing premium content with the world's most trusted medical research platform, Ovid Emcare empowers your patrons to deliver high quality care and improve research processes.

Ovid Emcare Content

- 700+ international journals indexed – more than any other nursing database
- More scholarly, peer-reviewed and indexed journals than any other nursing database
- 1,800+ titles not available on other leading nursing databases
- Nearly 5 million records dating back to 1995
- Up to 250,000 records/citations added each year
- Broadest scope of international content—more than any other nursing database: 50% of journals are from North America, 40% are from Europe; 10% are from Rest of World. 9% of all records are for articles not in English, *most have English-language abstracts*.
- 70% of records have online abstracts
- More than 70,000 preferred terms in EMTREE, expanded with nursing and allied health terms. All mapped to MEDLINE's MeSH.

The Benefits of Ovid Emcare...

For Practice

Ovid Emcare provides **practicing nurses & other healthcare workers**:

- **Key evidence** needed to support patient care decisions.
- Ability to perform **quick searches and retrieve accurate results**, so they can provide timely, high quality care.
- **Natural language searching** to save time entering queries, and access results ranked by relevancy more quickly.

For Learning

Nursing students learning about evidence-based care can use Ovid Emcare to:

- **Search scholarly nursing and allied health bibliographic data** with convenient limits to systematic reviews, clinical trials, and more.
- **Search across other Ovid full-text journal collections**, allowing for their research to go beyond just citation gathering.
- **Easily link to non-embargoed full-text** journal content when deeper research is required.

Ovid Emcare's advanced search technology and time-saving workflow tools help nursing staff, students, and researchers perform key tasks more efficiently, while providing them access to the widest and most relevant nursing content available.

For Research

Ovid Emcare provides researchers carrying out systematic reviews or research projects:

- A **fast, accurate and expansive** resource with more global content than any other nursing & allied health database.
- **Thorough indexing and reference** to thousands of exclusive journals unavailable through other leading nursing & allied health databases – ensuring clinical researchers accurate systematic reviews and meta-analyses.
- The **most accurate results** with use of the EMTREE thesaurus, and weekly updates of new content.
