LSC eNews  
 PHOTO OF THE MONTH

# Good as gold

Some images just don't need captions so, having flatly contradicted that statement with these words, we'll simply point out that this unretouched pic shows the horizon line which the photographer saw and let readers draw their own conclusions.

Pete Watkins receives this month's 1,000 points for a golden effort.

IN THIS EDITION:  
 CHRISTMAS WEEK EVENTS @ LSC  
 Update on the Tangalooma wrecks  
 News from QRBC and GCWA  
 Melbourne Cup photos

## Commodore's Christmas drinks

*Full Members and Associates are invited by Commodore Roger McDowall and the LSC Board of Directors to come and enjoy Christmas drinks and nibbles.*

*Saturday 19th December  
1830 to 1900 hrs @ LSC*

*Bar snacks, tap beer, white/red wines  
and traditional rum with mixers.*

*See you at our little corner of  
the One Mile – cheers!*

*Please note: bar and bistro closed on Christmas Day*

## ★ From the Treasurer

My husband and I bought our first boat September 2014 and have been living aboard since February. She is a beautiful 1989 Zeston 36 pilot house sailboat named "Speculari" that we have spent the last year refurbishing. It's all a new adventure and we are loving it.

Although an ex-vet, I moved into the financial world some years ago and have variously worked as an equities analyst, forensic accountant and business consultant. Currently I'm self employed running a small hedge fund.

We joined Little Ship Club on our first visit there. To us it was a 'must do' – not only for the Club's gorgeous aspect but also the use of the mooring and berthing facilities. It really is the only such option in the bay and has such enormous potential. When I heard the role of Honorary Treasurer was vacant it was impossible to resist.

I look forward to helping the team take our Club places, and want to specially acknowledge the efforts of Karen Davy in the past year, in taking on this additional role with all its extra responsibilities: thank-you, Karen, for all you did for us!

Tracey Watts  
Hon. Treasurer  
Mobile: 0417 892 887

### Members' FRIDAY NIGHT random draw now\*

**\$2,400**  
on 4th December

\*After draw on 27th November  
Amount jackpots by \$50 each  
week if unclaimed on the night.

Results reported in monthly LSC eNews are based on draw status on deadline, usually after the 3rd Friday of the month, and may change before or following eNews publication.

## ★ Membership report

It has been a steep learning curve in picking up the ball and coming to grips with the administration of the Membership portfolio.

We continue to receive a steady flow of applications for Membership and one hopes that this activity will continue over the forthcoming festive season.

The month has not been favourable to us with technical problems. Our computer network faltered and as such processing all applications has had to be halted until our system is again up and running.

It was anticipated that all will have been rectified within a few days so please excuse our protracted time frame in processing and replying to applicants.

As reported in the August Enews, a number of members had not renewed Membership so, as stated, we will be marking their details as 'Expired' with all electronic access being terminated.

I would like to take this opportunity to extend to all members best wishes for a safe and enjoyable boating Christmas and New Year and look forward to seeing you all at the Club at some stage during the festive season.

Don't forget we'll be watching the start of the Sydney-to-Hobart race on the big screen in the Club on Saturday 26th December, and early bookings are recommended for our fabulous New Year's Eve function with live entertainment by 'Incognito'.

Remember to check your monthly function calendar for New Year entertainment including the Jib and Awning Race and Constitution Cup.

Regards  
Gaye Morcombe  
Director | Hon. Secretary  
Mobile: 0413 043 081

A couple of reminders for Members as we enter the summer holiday season and our facilities get busier.

Please make pontoon and mooring bookings by phone, not email, between 10am and 5pm daily. Call ahead on 3409 9022 to make your booking with one of the friendly staff. **A reminder to all Full Members that you must book if you want to use the pontoon or one of our moorings.** You can come onto the pontoon after 2pm and must vacate the pontoon by 10am the day you are leaving. (A reminder that boat rubbish needs to be placed in the industrial bin at the side of the club beside VMR!)

**The bistro is open for lunch 12noon–2pm Wed–Sun and for dinner 6pm–8pm Wed–Sat, and will be closed on Christmas Day.**

**Dorothy and Bob Patterson**

# Tangalooma wrecks update

See also the Editor's notes on p.11 for important info on the new 'casual day visitor' Tangalooma Resort policies.

As reported in previous LSC eNews, work began to cut down the rusting, unstable superstructures of the famous hulks and is now largely complete. MSQ reported to the QRBC meeting on 11th November that:

"Works are complete, several days ahead of schedule. Most [superstructures] were brought down on the outside of the wreck system to increase stability of the breakwater effect.

"The wrecks were inspected by MSQ and QPWS and have been stabilised to a satisfactory level. The wrecks remain dangerous and no one should be walking, swimming or mooring their boat to them. Signage has been placed to highlight the danger to the public.

"QPWS has conducted a follow up dive inspection of the wrecks – awaiting final report. MSQ has conducted a hydrographic survey – awaiting final report.

"[The] works conducted [have] substantially stabilised the wrecks, significantly reducing the risk of heavy objects falling from height whilst retaining the anchorage and artificial reef system. However, they still are unstable as a whole.

"It is recommended that the public:

- Do not walk on the wrecks
- Do not swim, dive, kayak or snorkel through them.
- Do not moor boats to them."

Many people – boaties and otherwise – were unhappy with this pre-emptive action, as a report by the ABC's Courtney Wilson, published online two days later, suggested, with extracts from the article in the column on the right.

More info about the wrecks can be found in Peter Ludlow's history (pp. 98–101 et al) of the Port of Brisbane, published in early 2013. Contact the eNews editor if you would like to (re)discover more about the forlorn former vessels in a future edition of the LSC eNews.

An iconic Queensland tourist attraction has had a makeover, but not everyone is happy with the new look for the Tangalooma Wrecks off Moreton Island.

As part of works to stabilise the structures, authorities dramatically cut down the sunken vessels to just above the waterline, changing its iconic skyline silhouette. The 15 vessels were sunk in 1963 in a bid to provide safe anchorage to boaties on the western side of the island.

Moreton Island's Castaways Store and Cafe manager Nathan Driver said the wrecks were a massive drawcard. "It's what people think of, I guess, you think of Moreton Island, you think of Tangalooma wrecks," he said. "The two big dredges that were sticking up above the waterline here ... they were probably the iconic photo, with the sun setting behind them with the rays coming through the buckets, they're no longer there."

Maritime Safety Queensland conducted the stabilisation works, which were completed late last week. It involved cutting down the sunken vessels, removing the decking, and toppling some of the deteriorating structures.

Maritime Safety Queensland's Patrick Quirk said the wrecks themselves were in an unstable and unsafe condition. "Some of them have been there for over 50 years and they are in a severe state of deterioration," he said. "People should not attempt to walk, or swim or dive near the wrecks."

Locals and tourism operators have expressed disappointment there was minimal community consultation, or prior notice about the nature of the works to be carried out.

Warren Patterson, who moved to Moreton Island in 2003 after holidaying there for more than two decades, said the change left him disappointed. "But I mean life goes on, nothing lasts forever, it was deemed to be a safety hazard apparently," he said.

Manly boatie Libby Peterson, who regularly moors at Tangalooma, said the structure "looks ugly now".

"It doesn't look attractive at all," she said. "I understand why they had to do it, but I still think it's very sad that it's happened."

## MORETON BAY REFLECTIONS

PETER LUDLOW

“*Moreton Bay Reflections*” was the final compendium of stories, reminiscences and revisits to be published by acclaimed Moreton Bay and Port of Brisbane historian Peter Ludlow.

Across the 150 pages and two dozen chapters of this B5-sized paperback, more than 36 contributors – in addition to Peter’s own investigations – recount their memories of different facets of the Bay we have all grown up loving.

Enjoy tales of Bay life, and its fortifications, in the Second World War, or the jetty rivalry between Cleveland and Shorncliffe; visit the graves on Peel Island, or the former nurses’ quarters at the Lazaret compound; or discover a hidden interior of the unprepossessing Mud Island you’d only ever steamed or sailed past without a second glance.

In Peter’s telltale ‘oral histories in print’ writing style, it’s almost as if you’re present at a fireside chat with those who were there at the time, and the 80 well-chosen (many never before seen) illustrations and pictures add rich meaning to this collection.

Copies of the book are available for just \$10 each (plus postage) by contacting: [peter.ludlow@me.com](mailto:peter.ludlow@me.com)

LSC Members and readers can visit Peter’s Moreton Bay blog to find additional tales and whimsical tidbits: <https://peterlud.wordpress.com/>

### Our available floating plant includes:

- 3-in-1 Survey Work vessels – suitable for all marine works
- Gosford 25m crane barge – suitable for pile-driving and salvage & demolition works
- Todkill’s Barge 12m – suitable for piling works
- 6 service barges

*Note: all our vessels/barges are in compliance with Marine Safety Certification in accordance with the National Standards for Commercial Vessels NSCV Code.*

*Incorporated authority approved by MSQ through our Safety Management System.*

• MARINE SALVAGE • VESSEL TOWING •

This is my sixth, monthly effort in this largely unrequited volunteer role, but the 'labour of love' is worth it, when it's underscored by such occasional overhead comments such as "the eNews is widely-read" (did I also hear "eagerly anticipated each month" too?).

I'll save any more maudlin thoughts until the next edition, perhaps, when the imminent turn of the calendar (and popping of multiple corks) offers a more timely context for musings which I'm unsure if many are reading. (Yes – *you*, out there!)

To compile, prepare, design, produce and publish each eNews takes about two full working days out of every month – and then only with the engaged support and input of our Board. For this, I am very grateful for the commitment of Roger, Gaye and Tracey, in particular, who have, with gusto, taken up the cudgels handed on by Lyle and Karen.

As ever – in volunteer organisations especially – the '20/80 rule' applies (20% producing 80% of the output). This is not a plea for martyrdom (nor for more nails and extra hammers) as the Christmas Season approaches; this is more a 'call to arms' as our stabilised, rejuvenated and reinvigorated LSC turns its collective face towards the New Year.

In coming weeks, Members will be surveyed (in print, electronically, or in person) regarding LSC membership benefits, features and possible incentives and interests.

The Commodore and the Board are already at work framing this process.

Members' engagement and meaningful responses will be crucial – especially as work will be underway over the holiday season to prepare the new LSC website for its 'go live' in January. The new website, like this eNews, can be only as good as the spirit and content contributed by fellow Members.

**Deadlines for the December edition are Friday 18th (advertising review and bookings, and ALL photos, reports, stories and news).** *With the 'silly season' about to burst upon us in full force, no warranties can be entered-into regarding the December eNews publication date – we'll do our best to be out between Christmas and the New Year.*

**Members should be aware that, from 1st December, Tangalooma Resort requires all non-resort guests who step ashore in the resort precinct to hold a pre-booked 'Casual Day Visitor pass' – this is free but must be booked online between one day and one month prior. More info at [http://www.tangalooma.com/info/casual\\_visitors/?utm\\_source=yacht-clubs&utm\\_medium=email&utm\\_campaign=casual-visitor-policy](http://www.tangalooma.com/info/casual_visitors/?utm_source=yacht-clubs&utm_medium=email&utm_campaign=casual-visitor-policy)**

Please continue to get in touch with your ideas, stories, news and contributions – email me at [enews@littleshipclub.com.au](mailto:enews@littleshipclub.com.au)

Cheers until next month, then.

For the information of LSC Members, here is some news from the various attendees at the QRBC's October meeting, including TMR and MSQ, and the Gold Coast Waterways Authority (GCWA).

#### **Sandhills Anchorage sector light**

Off the Big Sandhill on Moreton Island at the 'Sandhills Anchorage' the sector light will be replaced with a beacon (Fl.Y.2.5s), 100m seaward of current position. A chart-let of area showing proposed new position was tabled. QRBC agreed with this action.

#### **Beacon M1 (NOTAM 302T)**

Mariners are advised that works will commence on 14 October 2015 for the installation of the replacement M1 Beacon. The beacon will be established in position latitude 27° 03.4714' S longitude 153° 17.8813' E with the barge 'Steel Trader' moored to south. On mobilisation of the barge, the M1 Virtual AtoN will be relocated to the above position. On completion of installation works the new M1 beacon will be marked as a starboard lateral with light characteristics Q.G.

#### **William Street Cleveland two new floating walkways**

Northeastern floating walkway was commissioned in late August 2015. Some modules have needed to go back to the factory to correct minor defects. The southwestern floating walkway for the new ramp is scheduled for completion late October 2015.

#### **William Street ramp and access channel**

Problems still exist at southern edge of the new (south) boat ramp and cannot be fully resolved with land based excavator. Photos of area with debris in foreshore boat holding area were tabled and discussed. Issue to be referred to RCC.

#### **William Street Cleveland potential upgrade as offset for closure of Toondah Harbour Public Ramp**

TMR, RCC and Economic Development Queensland have been negotiating possible closure of the Toondah Harbour ramp as part of the declared Toondah priority development area (PDA). Rather than relocating the Toondah ramp within the PDA, the parties are proposing a significant expansion of the William Street facility to meet current and future demand.

**Relocation of Manly Harbour entrance navigation lead lights** Day leads OK. Some site investigation needed to identify lights interfering with each of the night blue leads.

#### **Russell Island jetty**

A flyer has been distributed to Russell Island residents advising that the current jetty has a lifespan of only 2-3 years. To keep it safe, the minor structural modifications are being made in the next few months. These will include removal of the railway and its trolley to reduce tripping hazards and relieve the jetty of undesirable loads.

#### **Colmslie boat ramp upgrade**

Design work has commenced. Target for completion is mid-2016.

#### **Canaipa Passage dredging**

Design and approvals process underway. Target for completion is May 2016.

#### **Cabbage Tree Point dredging**

Design and approvals completed and community consultations underway.

#### **Tiplers Passage dredging and pontoon extensions**

Tender out to market for dredging works. Target for completion is April 2016.

#### **Jacobs Well main channel (north) dredging**

Design and approvals process completed. RFT currently being advertised. Expected completion of dredging May 2016

#### **Labrador Channel dredging Stage 1 and construction of boating facilities**

Dredging works completed and construction of boating facilities commenced. The target for project completion is December 2015.

#### **Coomera Dredge Spoil Management Facility**

Land leases now executed & registration progressing; design is approximately 90% complete and stakeholder consultation is progressing.

#### **Review of buoy moorings in Broadwater**

GCWA has formally declared a Category 1 Mooring Area and notice published in Qld Gazette in September 2015. A contract for the management of the moorings in the Southern Broadwater was awarded to Southport Yacht Club. Construction of fore and aft moorings has been completed. A pile mooring trial has commenced at Jabiru Island.

#### **Whales**

QPWS reported that lots of females with calves are heading south and entering the Bay area so caution is required and vessel operators need to keep extra lookout.

# LSC pontoon and moorings

## LITTLE SHIP CLUB PONTOON USE RULES

Access to a Pontoon is subject to the rules put in place by the Board of the Little Ship Club (Club) at the time, seeking to maximise the use of the pontoon to meet the objects of the Club. Access to the Club pontoons is not a Constitutional right of any Visitor, or visiting Member and is at the discretion of the Board (or Delegate) of the Club.

If requested by the Manager the Visitor must sign a formal agreement to access the pontoon.

A booking must be made with the Manager to use the pontoon and confirmed 24 hours prior to arrival. Failure to confirm will result in automatic cancellation. Casual and overnight berthing are available; both forms of use are subject to the following rules:

- Advance bookings are for one night only (additional nights are at the discretion of the Manager).
- After berthing, in all circumstances, visitors must report arrival to the club's Manager.
- If leaving the premises the Visitor must inform management and accept the **Acknowledgement\*\*** at right.
- Complimentary use of the pontoon is STRICTLY for current Full financial visiting Members of the Club.
- A **Mooring Fee\*** will apply to all non-Member visitors. Any fees are to be paid in advance or upon arrival and are non-refundable.
- Vessels must have insurance (Third Party minimum) and provide a copy of the currency certificate to the Manager.
- Visitors using the pontoon must be prepared to raft with other vessels.
- Visitor Members must display an LSC burgee while in occupancy of the pontoons at all times.
- Visitors using the pontoon do so at their own risk.
- Mooring of the Visitor vessel must maximise access for other vessels.
- Other users of the pontoon are to be treated with courtesy and respect.
- Children will be supervised at all times and no animals are permitted on the pontoon or grounds.
- Visitors will sign in as required under Licensing Law.
- Noise is to be kept to a minimum.
- No alcohol is to be brought onto Club premises.
- Tenders are to be tied on the landside of the pontoon (maximum one per Visitor vessel).
- Water to be used for domestic purposes only.
- No major vessel repairs may be undertaken on the pontoon.
- The pontoon purpose is for the Visitors to use the Club, not as a marina for boat storage/provisioning.

Breaches of the rules may lead to withdrawal of a Visitor/ Visitor Member's pontoon access rights.

### \*Pontoon Mooring Fees per part day / day

Large pontoon	Side pontoon
\$50 for <10m LOA	\$25 for all vessels
\$75 for 10-15m LOA	
\$100 for >15m LOA	

These fees are applied at the discretion of the Manager; being Duly Delegated by the Board.

### \*\*Acknowledgement by the Visitor

At the direction of the Manager (or an authorised representative), the Visitor in charge of the vessel must be prepared to:

- Position and/or reposition the vessel, or allow management to position and/or reposition the vessel at any point along the pontoon.
- Depart the pontoon prior to 1000 hrs on the day following arrival.
- Allow smaller vessels to 'raft up' to the vessel, provided they have adequate fenders/lines, or raft up larger vessels at times of high demand.
- Limit power usage at times of high load.
- Depart or relocate the vessel in the event of storm or adverse weather conditions.

The Manager of the Club is delegated the authority to enforce these rules and rules may be amended at the absolute discretion of the Board and Management of the Club from time to time.

## GUIDELINES FOR FULL MEMBERS' USE OF LITTLE SHIP CLUB SWING MOORINGS

1. Use of moorings is STRICTLY for current Full financial Members of the LSC.
2. Members using the moorings must display the club's burgee.
3. Bookings of moorings are required and vessels that have booked must be on the mooring by 1300 hrs on the day of the booking.
4. Failure to tie up by that time means that the mooring is vacant and then it is on a first come first served basis. In other words it is declared vacant after 1300 hrs. However after tying up, in all circumstances Members must report their presence to the club's Manager.
5. Members arriving before 1300 hrs and seeing a vacant mooring need to check with the Manager to ascertain if it is free.
6. Bookings can be made for a maximum of 2 nights and must be confirmed by contacting the Manager 24 hours before the date required. Failure to confirm the booking means that the booking is cancelled and the mooring is open for use by other members.
7. Members using the mooring must vacate by 1200 hrs unless booked for use on that day.
