the next step to building your future

Message from the Vice Chancellor

Dear Bobcat,

I want to take a moment to personally congratulate you on your admission to the University of California, Merced.

This year, we received more than 22,000 applications, making our entering class the most selective to date. I want to commend you for your accomplishment in being selected to be part of this distinguished group of scholars.

UC Merced's increasing renown has not only been reflected in the excellence of our student body but also by regional, national and international recognition. In 2016, only ten years after admitting our first class of undergraduate students, the campus became the 107th university in the United States to earn a prestigious R2 designation from the Carnegie Classification of Institutions of Higher Education, based on the high level of research produced by our distinguished faculty.

Once you arrive on campus, you will be immersed in the culture and opportunities that exist as a part of a premier research university and I look forward to seeing the innovations and achievements with which you and your colleagues will make your own unique mark on our institution.

Your academic experience at UC Merced will also be complemented by the vibrant and immersive student-focused environment on campus. With more than 200 clubs and organizations, opportunities exist to support nearly every interest and students just like you are creating new opportunities for engagement with each passing year.

I encourage you to become immediately involved in the wealth of opportunities during your time here at UC Merced because, beyond the strong correlation between student engagement and student success, the friends and experiences you gain as part of your collegiate experience will shape your future for years to come.

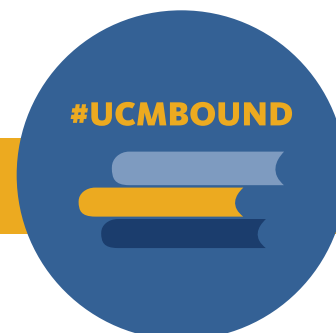

I am tremendously honored that you have chosen to be a UC Merced Bobcat and I look forward with great enthusiasm to welcoming you to our campus and community.

Go Bobcats!

Sincerely,

A handwritten signature in black ink, appearing to read 'CNies', with a long horizontal line extending to the right.

Health Services

Student Health Insurance: **MORE INFORMATION:** health.ucmerced.edu

UC SHIP provides accessible and affordable coverage that protects you from unexpected health care costs that could affect your future success graduation and beyond.

How does UC SHIP work?

All registered students are automatically enrolled in UC SHIP and charged a health insurance premium on their tuition bill, unless they waive enrollment by showing they have coverage that meets UC's required criteria. Note that not all Covered California plans will meet UC's health insurance benefit requirements. For more information visit: <http://health.ucmerced.edu/insurance>.

Can I waive enrollment in UC SHIP coverage?

Yes. You may provide evidence of health coverage through another plan, including those in Covered California with an effective date prior to the UC SHIP coverage start date, and apply to waive enrollment in UC SHIP. To qualify for a waiver, your coverage must meet the benefit criteria established by the University of California. Please see health.ucmerced.edu/insurance for criteria.

Complete the Waiver Criteria Worksheet (<http://health.ucmerced.edu/waiverworksheet.pdf>) to help you gather the information you will need prior to completing the application.

2016-17 Enrollment and Waiver Deadlines

All registered students will be enrolled in UC SHIP unless a completed waiver application was received prior to the waiver deadline.

Using the Student Health and Counseling Services (SHS) after Waiving

All students who pay full registration fees are entitled to use SHS even if they waived out of UC SHIP. However, SHS does not directly bill insurance plans other than UC SHIP.
