You Need Surge Protection!

Although lightning is the most obvious and dramatic form of an electrical surge, 65-80% of surges are caused by internal events in the home or office, according to a study conducted by General Electric and National Power Labs.

It's much cheaper to protect these items than to replace them!

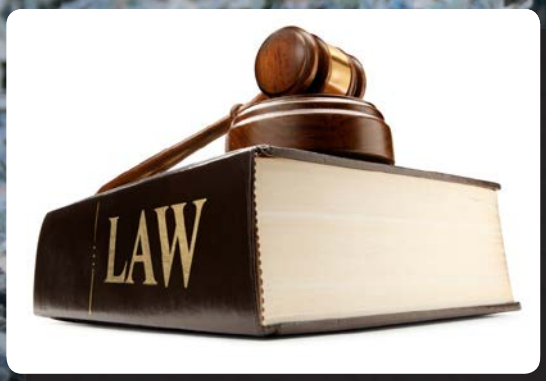
Paper Shredding, It’s The Law!



Privacy protection is a matter of law. Every business is required by federal law, as well as various state and local mandates, to protect certain types of information. Secure, on-site document destruction allows you to be compliant with these laws.

In the United States, at the federal level, four important laws or regulations require specific safeguards to ensure confidentiality…

Health Insurance Portability and Accountability Act (HIPAA)
http://www.hhs.gov/ocr/privacy/

Gramm Leach Bliley Act, also known as the Financial Modernization Act of 1999
https://www.ftc.gov/tips-advice/business-center/privacy-and-security/gramm-leach-bliley-act

The Fair and Accurate Credit Transactions Act of 2003 (FACTA)
https://www.irs.gov/Businesses/Corporations/Foreign-Account-Tax-Compliance-Act-FATCA

Red Flags Rule
http://www.ftc.gov/redflagsrule

All four areas provide for stiff penalties for companies found to be in violation

My Daily Creed

Let me be a little kinder,

Let me be a little blinder

To the faults of those about me;

Let me praise a little more;

Let me be, when I am weary,

Just a little bit more cheery;

Let me serve a little better

Those that I am striving for.

Let me be a little braver

When temptation bids me waver;

Let me strive a little harder

To be all that I should be;

Let me be a little meeker

With the brother that is weaker;

Let me think more of my neighbor

And a little less of me.
