**“We have to continue to make a difference”**

**Vision Statement: Hiram High School focuses on academic excellence and develops citizens who will make a living, a life, and a difference.**

**Mission Statement: Hiram High School sets high expectations for academic and personal growth for all students based on the rigorous curriculum. All students will have multiple opportunities to demonstrate high performance mastery in a safe and orderly environment.**

**Belief Statement: Students learn in different ways and should be provided with a variety of instructional approaches to support their learning.**

**A student should have positive relationships and mutual respect among and between students and staff.**

**A safe and physically comfortable environment promotes student learning. The commitment to continuous improvement is imperative if our school is going to enable students to become confident, self-directed, lifelong learners.**

Welcome to the 2016-2017 Hiram High School athletic season. We are excited to have you joining us as part of our Hornet family. Hiram High School focuses on academic excellence AND developing citizens who will make a life, a living, and a difference. We believe that our Hiram athletic programs are a positive influence on our students' growth into responsible community members. As I begin my tenth year as a Hiram Hornet, I challenge you to work with us as we reach our greatest expectations as Hiram Hornets!

Our coaches are some of the most committed I have ever worked with when it comes to developing winning programs and growing students into young adults. They work many long hours over the summer and off-season to develop and implement their plans to build character and positive attitudes within all of our student athletes. These coaches challenge their players to push beyond their perceived limits and to embrace the philosophy of working together that is essential to their success in athletics and most importantly in life. Please join us in this commitment of encouraging high expectations, teamwork, and pride within our school, our community, and our Hiram Hornet athletic programs.

My husband Len, my son James, and my daughter Gracie join me in wishing all of our student athletes, families, and coaches the very best in 2016-2017. We ask that you join us in the support and dedication of all of our programs at Hiram High School as we strive to be the best as Hiram Hornets.

-Misty Cooksey

Welcome to the 2016-17 football season! Friday nights in the fall are always exciting! Although academics are our #1 priority, extracurricular/athletic activities assist in building teamwork, fair play, sportsmanship, self-esteem and school morale. These activities provide our students with a well-rounded high school experience.

As parents of a student-athlete in our schools, I challenge you to:

- Realize that athletics are part of the educational experience, and the benefits of involvement go beyond the final score of a game;
- Encourage our students to perform their best, just as we would encourage them with their classwork;
- Participate in positive cheers that encourage our student-athletes; and discourage any cheers that would redirect that focus - including those that taunt and intimidate opponents, their fans and officials;
- Learn, understand, and respect the rules of the game, the officials who administer them, and their decisions;
- Respect the task our coaches face as teachers; and support them as they strive to educate our youth;
- Respect our opponents as student-athletes, and acknowledge them for striving to do their best; and
- Develop a sense of dignity and civility under all circumstances.

You can have a major influence on your child's attitude about academics and athletics. The leadership role you take will help influence your child and our community in the future.

A special thank you to our coaches, parents, boosters and community members who support our schools and programs. Without the support of everyone working together, we would not have quality facilities and programs.

I wish our teams much success this season!

Cliff Cole  
Superintendent

Welcome to Hiram High School, Home of the Hornets, and the 2016-17 school year. The student/athletes at Hiram along with the coaches, directors and boosters have worked extremely hard to prepare for their respective season and competitions, and we are very proud of them.

Hiram High School has many wonderful sponsors who have given financial contributions and without their sponsorships HHS would not be able to provide for their athletes in a first class manner. Please make sure you thank and patron the sponsors of HHS and those who make it possible for Hiram to run their athletic programs.

I do hope you enjoy the game tonight and ask that you support your team and their efforts. I also ask that you refrain from using poor sportsmanship in any manner toward the players, coaches and officials. Hiram High School along with the Paulding County School District and Georgia High School Association request that you display good sportsmanship at all times. It is our goal to have a very positive environment where competition and effort is the focus.

Thank You for your support

Don Breedlove  
Athletic Director  
Paulding County School District

“Every patient is an athlete at some level.”

- Donald E. Fowler, M.D.

Donald E. Fowler III, M.D. is a board eligible, orthopaedic surgeon who completed his fellowship at the prestigious Hospital for Special Surgery in New York, New York. He sees patients in Austell and Hiram, Georgia. His specialties include Knee, Shoulder, Elbow and Ankle Arthroscopy, Sports Medicine, Total Joint Replacement Surgery, General Orthopedics and Fracture Care.

Dr. Fowler has extensive experience with athletes at the professional, college, high school, and recreational levels. He currently serves as a Medical Consultant and Atlanta Affiliate physician for the New York Mets Professional Baseball Team. During his sports fellowship, he was Team Physician for the New York Mets, and assisted in care for the New York Giants, New York Knicks, and Brooklyn Nets. While in residency, Dr. Fowler served as Team Physician for both the Duke University Blue Devils Basketball and Football teams. He has covered High School football games for the last six years and currently is the team physician for Paulding County and Hiram High Schools.

Dr. Fowler looks forward to becoming active in the greater Atlanta community and growing his practice. A former track athlete at Duke, he still enjoys running as well as basketball and other sports. He remains active in research particularly in the fields of ACL reconstruction and meniscal transplantation.
