SNOW SOCKS SNOW CHAINS

ISSE Tribologic Textile Snow Chains

ISSE Textile Snow Chains provide excellent winter traction on icy or snow covered roads. Also called "snow socks" because of the way they easily slip over your drive-wheel tyres. Install them anywhere.

No special tools or skills required for fitting. Made of a special (and incredibly durable) fabric, they fold flat for easy storage in your boot, so you can carry them all the time for added peace of mind. Machine washable. Textile Snow Chains run quiet, and will not damage wheels, tyres, your driveway or garage floor.

Each kit is packaged in a clear plastic carry case that includes two Textile Snow Chains and utility gloves. Purchase two kits for four wheel drive vehicles.

Available in sizes to fit all tyres.

£57.99

PAIR ALL SIZES

NEW

**FOR INTENSIVE USE
IN SNOW AND ICY
CONDITIONS**

ISSE®

12mm Snow Chains

Every day chain for small, medium and large cars. The curved shaped chain gives maximum strength whilst keeping the wheel as low profile as possible.

Constructed from flexible thick galvanised steel cable.

The diamond cross directional pattern provides maximum traction, excellent control and shorter braking distances particularly on steep terrain.

Easy to fit

£15.99

PAIR ALL SIZES

AutoSock Snow Socks

AutoSock are textile 'socks' which you slip over the driving wheels when you need extra grip on ice or snow. Available to fit most car, van and truck tyre sizes. There is only one possible way to fit them, so no practice is needed.

AutoSock are reusable time and again and take up minimal space. They work well in all snow conditions, including wet snow, and are therefore particularly appropriate for the UK where snowfall is sporadic and very few people use winter tyres.

PAIR FROM ONLY

Quick fitting

AutoSock £38.45

THERMOBILE HEATING

HITON UNIVERSAL HEATERS

AT500
Waste Oil Heater with Flue Kit,
123,000-210,000 Btu/hr
594 77 1360
Only £2,595.00
Weekly From: £13.08

Very high-efficiency heater with built-in large surface heat exchanger. Enclosed flame combustion combined with a THERMO blower. Combustion can be ducted from outside for a vapour-free clean air supply. Ignition drawer system as standard for easy lighting and maintenance. Up to 210,000 Btu/hr.

AT400
Waste Oil Heater with Flue Kit,
85,000-143,000 Btu/hr
594 77 1350
Only £2,095.00
Weekly From: £10.56

High-efficiency heater with built-in large surface heat exchanger. Enclosed flame combustion combined with a THERMO blower. Combustion can be ducted from outside for a vapour-free clean air supply. Ignition drawer system as standard for easy lighting and maintenance. Up to 146,000 Btu/hr.

AT307
Waste Oil Heater with Flue Kit, 68,000-102,000 Btu/hr
594 77 1340
Only £1,495.00
Weekly From: £7.53

Enclosed flame combustion combined with a THERMO blower. Combustion can be ducted from outside for a vapour-free clean air supply. Up to 102,000 Btu/hr.

FREE SPARES PACK WHILST STOCK LAST!

AT306 THERMO
Thermo Waste Oil Heater with Flue Kit, 68,000-102,000 Btu/hr
594 77 1750
Only £1,195.00
Weekly From: £6.02

Radiant Heat, open flame combustion combined with a 'THERMO' blower, recommended only for workshops where no explosive vapours are present. Up to 102,000 Btu/hr.

AT306
Waste Oil Heater with Flue Kit, 68,000-102,000 Btu/hr
594 77 1330
Only £1,095.00
Weekly From: £5.52

Radiant Heat, open flame combustion, recommended only for workshops where no explosive vapours are present. Up to 102,000 Btu/hr.

PRICE INCLUDES STANDARD FLUE KIT!

HP145 FAN ASSISTED

Hiton heaters are truly multi fuel and can burn fresh diesel oil only or they feature a switch to alternatively burn waste oil products ensuring they operate at optimum levels (they will also burn fresh bio or vegetable oil).

Suitable for heating large buildings without central heating Hiton multi fuel heaters are an affordable alternative to gas and electric options and usually pay for themselves within two seasons.

- Switchable Multi Fuel mode – Clean diesel oil (red) / waste fuels
- Works on Waste Engine Oil, Hydraulic Oil, Diesel/Red Diesel & Bio Fuel.
- Built in overflow protection of oil in the burner
- Adjustable output - two heat settings
- Up to 90% efficiency with Heat Booster for maximum heat.
- Easy to use - Flue kit supplied for easy installation.

HEAT BOOSTER

Increase Oil Heater efficiency by up to a massive 91%. Fits straight onto your 150mm Flue.

- XL MIL 433 776

RED

- M MIL 443 817
- L MIL 443 820
- XL MIL 443 823

This premium quality jacket is wind and water resistant, the versatile soft shell construction keeps weather out while high-loft insulation and a thermal fleece lining hold heat in to maximize warmth and reduce the number of layers needed in cold weather conditions.

- Superior runtime - up to 8hrs of run-time on M12™ REDLITHIUM 2.0 Battery
- 3 heat settings: High, Medium, Low
- M12™ battery holder - sleek pocket design for minimal user interference
- USB power port to charge electrical devices - phones/MP3 players
- Hand pockets and additional chest pocket - ideal for phone, iPOD, MP3 player
- Compatible with all Milwaukee m12 batteries
- Price doesn't include batteries or battery charger, both need to be ordered separately
