Our Story

The original Kilner® Jar, first invented by John Kilner and Co. in 1842, in England, is as much-loved and successful now as it was 175 years ago. Its long-lasting popularity is owed to its unique pressure seal, iconic design and overall quality. Put simply, households all over the world trust it to successfully preserve and pickle their fruit and vegetables. In the 1900s, Kilner® presented its innovation as 'the original and the best, all other brands are substitutes', a claim which remains as relevant today, and is a testament to its impressive heritage.

A surge in popularity for preserving home-grown fruit and vegetables, and storing food in glass rather than plastic for its health benefits, has catapulted the Kilner® Jar into the limelight in recent times. Not only is the Kilner® Jar essential for the kitchen, but it has become a statement of style around the home.

From New York to Tokyo, Paris to Oslo, consumers around the world love using Kilner®. As a result Kilner® Jars can be found in world-famous department stores and small independent shops around the globe.

Keep checking our social media channels and Kilner® website for lots of inspiring activities from mouth watering vintage recipes to collaborations with bloggers and other influencers.

®

THE ORIGINAL AND BEST

The Kilner® Preserve Jar embodies the traditional Kilner® styling. Featuring a unique pressure seal lid and easy to use metal screw top band, the jars are perfect for preserving fruit, jams, jellies and pickling vegetables.

Kilner® Wide Mouth Preserve Jars

The Kilner® Wide Mouth Preserve Jars are perfect for preserving whole fruits and vegetables as the wider opening allows for easy filling. The jar incorporates an easy to use metal screw top lid made up of two pieces - a replaceable vacuum seal and a metal screw band to secure the seal. Both sizes feature embossed volume indicators on the side of the jar.

Kilner® Anniversary Jars

The Kilner® business was first established by John Kilner® in 1842 in Yorkshire, England and initially produced glass bottles and jars. Towards the end of the 19th century, Kilner® designed and developed a patent for a vacuum seal jar using a glass lid and metal screw band which would revolutionise the way in which food could be made and stored.

This simple but effective system is still used today. The 175th Anniversary Jar mirrors the styling and finish of the original creation.

DRINKING AND ENTERTAINING

The Kilner® drinking range provides a variety of high quality, fashionable items to enjoy and serve drinks. From drinks dispensers to matching handled jars, there is something for every occasion.

Kilner® Fridge Dispenser

The Kilner® 3 Litre Fridge Drinks Dispenser is perfect for keeping drinks cold. From juices to ice cold water, this unique dispenser will help keep drinks fresh and cold for longer.

With a 3 litre capacity (the suggested consumption of water per day) and a helpful measuring scale down the side, this dispenser makes tracking daily water intake simple.

Featuring an easy pour tap that will keep the drinks flowing and an elegant rectangular shape, designed specifically to maximise space on your fridge shelf. The silicone valve regulates the air pressure inside the dispenser allowing an easy pour.

Kilner® 5 Litre Barrel Drinks Dispenser

The Kilner® 5 Litre Barrel Drinks Dispenser is the perfect way to serve beverages with ease, from juices and infused waters to cocktails. The distinctive barrel design features an embossed Kilner® logo and is designed with a wooden lid to keep the contents fresh.

Kilner® Drinks Dispenser Stand

Display the Kilner® Drinks Dispenser with the Kilner® Drinks Dispenser Stand. This practical metal stand elevates the dispenser and makes easy work of filling handled jars. Fits both 5 and 8 litre round and vintage drinks dispensers.

Kilner® Vintage Drinking

The Kilner® Drinks Dispenser and Handled Jars have been given the vintage treatment. The beautiful ribbed styling transforms these Kilner® favourites into elegant but fun party pieces. With its curved shape, the Vintage Drinks Dispenser is ideal for any celebration, from weddings to garden parties. The wide neck opening makes it easy to add ice and fruit, and to refill, keeping the drinks flowing.

Team with the matching Kilner® Mini Handled Jars to complete the look. The unique design with the iconic embossed Kilner® logo make these a must have item. Available in both 5 and 8 litre capacities.

Kilner® Butter Churner

The Kilner® Butter Churner offers everyone an easy way to make homemade butter and makes a stylish addition to the kitchen. Simply place whipping cream into the butter churner, turn the handle and in as little as ten minutes enjoy fresh and delicious tasting butter! Included within the set is easy to follow step-by-step instructions as well as a selection of recipes.

Steps to make homemade butter:

- A 300ml carton of whipping cream makes 110g of butter.
- Prepare ingredients and churn the heavy cream.
- Rinse butter in ice cold water and remove any liquid.
- Flavour butter then store.

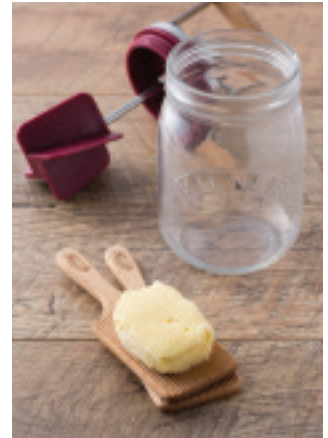

Pour in whipping cream

Churn the cream until it begins to separate

The butter separates from the buttermilk

Use the paddles to shape your butter

- 1 x Airtight Lid

Curve of the head provides protection for your fingers as you twist.

Blade is made of finest Japanese steel for extra durability and lasting sharpness.

Use the lid to seal in freshness.

Kilner® Coffee Grinder Set

The perfect cup of coffee not only starts with the beans, but also the storage. The Kilner® Coffee Grinder helps make a great cup of coffee and comes complete with a Kilner® Jar and airtight lid. The lid will keep the coffee dry and airtight and the glass jar is perfect for sealing in the rich coffee taste and aromas. Once coffee is ground, it can be stored in the fridge for maximum freshness.

The Kilner® Coffee Grinder is made from high quality stainless steel and features an adjustable ceramic grinder mechanism. Grind enough for one cup or for the week ahead.

Kilner® Social Media: We Are Storytellers

People love a human interest story, especially one they can interact with and relate to. By creating stories around our products we can access a younger generation, a generation which has become more conscious of the world around them. Climate change, social media, fashion, and healthy eating are all affecting the way young people live their lives.

The image shows a screenshot of the Kilner website homepage. At the top, there is a navigation bar with the Kilner logo (EST 1842) and the tagline "PRESERVING THE TOP SPOT SINCE 1842". Below the logo is a "KILNER CLUB" badge. The main navigation menu includes "Home", "Kilner Range", "Recipes", "How To", "Stocklists", and "About Us". A social media bar with icons for Facebook, Twitter, YouTube, Pinterest, Instagram, and Email is visible. The central banner features a large glass jar with a tap, surrounded by various drinks and fresh produce, with the text "Perfect for BBQs". Below the banner is a section titled "Kilner® Anniversary Jars" with a detailed article about the 175th anniversary jar design. The article text is as follows:

Kilner® Anniversary Jars

To mark 175 years of producing high quality glass jars, Kilner® have developed a new design which reflects the styling and finish of the original jar.

Towards the end of the 18th century Kilner® designed and developed a patent for a vacuum seal jar which would revolutionise the way in which food could be made and stored. The simple but effective system is still used today.

The 175th anniversary jar mirrors the styling and finish of the original creation from John Kilner from a bygone era.

Blogger Outreach

With access to a number of influential bloggers, we foster relationships and build trust to encourage promotion of our brands to their followers. We send out samples and ask for impartial reviews which translate into shares with their vast networks, driving traffic to our own social media and websites.

Video

Video content is king! When scrolling through the busy world of social media, we need to capture attention and inform, educate and entertain, making followers more likely to remember our brand. Videos are an important way for us to show how to use our products and create brand engagement.

Campaigns: #MyKilnerStory

For our 175th anniversary, we wanted to celebrate with all of our friends worldwide. The Kilner® story is nothing without our creative community that have used our products for generations, often in ways we haven't imagined!

Customer Partnerships: Sarson's

Collaboration is the name of the game! We work with several big brands to create interesting, impactful campaigns which help us tell our story. Our relationship with Sarson's is one which makes perfect sense. We are the original British food preserving brand, and they are the UK's leading producer of speciality vinegars. We are both iconic home-grown brands with centuries of heritage and experts in the world of pickling.

KILNER

Kilner® Quality and Manufacturing

From the start of production to the finish, our experience enables us to select the best quality production techniques, as well as ensuring quality is to the highest standard possible.

Kilner® uses fully automated glass jars for a number of reasons:

- Even thickness of glass ensures there are no weak spots.
- Clarity of glass is clearer.
- We can design our own unique shapes and emboss glass with the Kilner® logo.

Kilner® uses high quality material for its products including:

- High quality stainless steel clips engineered to ensure the clip tension is 100% perfect, ensuring an ideal seal every time.
- Secure seal fitment.
- "A" Grade soda lime glass, the safest option to store food and drink.

Quality is very important to Kilner®:

- All Kilner® Glass Jars are batch tested at source to AQL level 2.
- An additional quality check is also undertaken at our UK warehouse.

We recommend avoiding the use of low quality, inferior glass products, these can lead to injury and food waste. Don't risk your precious preserve by using low quality storage with ill fitting lids. Choose Kilner® as we only use quality food grade materials.

Kilner® have the knowledge and experience to develop and produce high quality glass jars that will last longer and keep your ingredients safe.

Glass is good for your food. It is made from pure, natural elements, so harmful chemicals or toxins do not leak into your food. Glass is also BPA free which means it's the healthier choice for storing, preserving or even transporting your food and drink.

Glass preserves your food, keeping it fresh. It locks in taste and aromas, is easy to clean and doesn't take on residual odours, tastes or stains from food and drink. Not only is it healthier, but also more economical, reusable and recyclable - friendlier on both our pockets and the environment.

Pectin and Acid Chart

When preserving, acid aids the process of extracting pectin from fruit. Pectin is essential to your mixture because it helps you reach the required setting point along with stopping the sugar from crystallizing. You can use this chart to guide you with your recipe ingredients. If you choose a fruit high in pectin you will need to add less commercial pectin to your overall mixture.
