2019 CATALOG
CounterArt®
Highland home®
Highland Woodcrafters®

WE'VE GAINED WEIGHT... CATALOG-WISE THAT IS.

In 2019, we intertwine three of our brands, CounterArt®, Highland Home® and Highland Woodcrafters®, into one strong company. We're building upon the strengths of our brands for both your benefit and ours. With three consistent selling product brands under one roof, and one central shipping location, we are able to offer improved shipping lead time, more product variety and excellent customer service.

For 2019, CounterArt® features 11 new collections. Expanded categories include anti-fatigue floor mats, with over 80 new designs, and glass, with over 100 new designs of small and large glass counter savers and over 50 designs of a new cheese board and spreader gift set.

Highland Home® offers improved packaging and new display options for best-selling absorbent stone coasters. All coasters are now packaged in a clear box for maximum image and product presentation. New for 2019 are wood Pop-a-Top coaster collections and wall bottle openers. We also introduce 14 new additions to our top-selling single coaster collections.

Highland Woodcrafters® features a variety of wood signs and products with attractive display options. Our best-selling 41 wood sign series leads with over 90 new designs along with more than 30 new designs in our 46 series slatted pallet wood signs. Be sure to see the new pallet coaster collections and Barn Quilt signs.

We are proud that many of our products are made in the USA or printed in the USA. Being able to offer American made products helps our economy and enables us to offer custom products and respond with faster delivery.

CounterArt®, Highland Home® and Highland Woodcrafters® are brands of Conimar Group LLC, a family owned business that has manufactured and marketed quality tabletop, gift and housewares products since 1976, offering art for every lifestyle.
