Durite Telematics

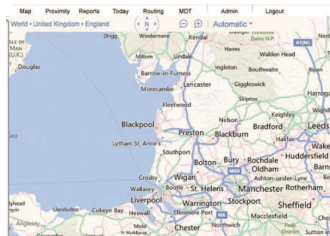

VEHICLE SAFETY & TELEMATICS

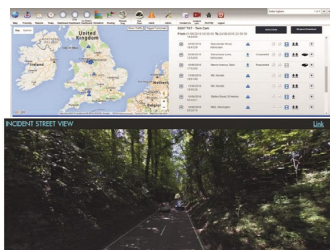

LIVE LOCATION & GPS JOURNEY

- Track your vehicles wherever they are 24/7
- View live road traffic & adjust your journey
- Track parked and moving trailers
- Easily access private/business mileage reports

LIVE STREAMING & VIDEO ON DEMAND

- Watch vehicle cameras live from your PC/device
- Clearly read number plates with Super HD
- Remotely download videos with audio
- Record up to 16 cameras simultaneously
- Recording watermarked with vehicle ID, date and time

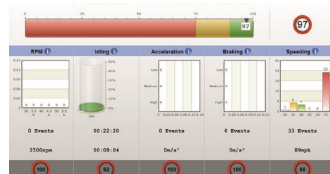

INCIDENT DETECTION

- Receive incident alerts with full video footage (location, street view, impact severity, direction)
- Check your driver's wellbeing and reassure them
- Use video footage as evidence in case of incident
- View all incidents from your head office

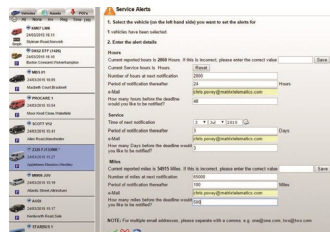

DRIVER BEHAVIOUR

- Monitor drivers to improve driving habits & driver safety
- Better driving helps reduce insurance premiums
- Lower fuel consumptions & carbon emissions
- Reduce vehicle wear and tear

VEHICLE HEALTH

- Set up maintenance reminders and receive service alerts
- Drivers complete checklist on vehicle inspection app before shift
- Read the tacograph mileages of your fleet from your PC
- Monitor CO² emissions

INDUSTRY-LEADING TELEMATICS PORTAL

- ⇒ Telematics tracking and live view on one platform
- ⇒ Intuitive, secure and easy to use
- ⇒ Customisable reporting system
- ⇒ Instant or scheduled alerts and reporting
- ⇒ Latest mapping and satellite imaging

KEY BENEFITS

Live streaming and monitoring of your vehicles 24/7 with secure, easy to use, web-based Telematics portal

- ⇒ Live 3G super HD video streaming from vehicle cameras
- ⇒ Incident 3G dashcam with automated alerts and video sent to the CLOUD
- ⇒ Tamper-proof data secured to the CLOUD

You will need the Durite HD incident cam kit which includes the incident camera, wiring loom power control with mini USB, wi-fi dongle, panic button and the Telematics tracker with subscription.

Kärcher Puzzi 100 Spray Extraction Carpet Cleaning Machine

£399 + VAT

Ergonomically designed for easy carrying and use
Compact for easy manoeuvrability
Complete kit with changeable tools
Carpets and rugs gradually build up dirt and debris and, despite regular vacuum cleaning, they should be given a deep clean periodically to remove the dirt that lies deep down in the pile. With this compact and easy-to-use carpet cleaner, it's easy to do a thorough and highly effective clean on all your carpets.

The cleaner is designed for a complete all-in-one assembly, with optional tools included to help you perform the best clean for a particular carpet or rug. It's easy to manoeuvre, making the job quicker and relieving the strain involved with moving heavier equipment about. The removable container lets you see the water inside the machine, so you can easily keep an eye on its colour and change it as soon as necessary, for the most effective performance.

Additional Information

| | |
|-------------|-------------------------------------|
| Application | Deep cleaning carpets & accessories |
| Brand | Kärcher |
| Capacity | 9 Litre |
| Description | Spray Extraction Cleaner |

Kit Contains

Standard Accessories:

Spray extraction hose - 2.5m, Floor tool - 230 mm wide, Suction tube, Trigger gun, Hand tool - 110 mm wide

| | |
|------------------|--------------------|
| Power Supply | Mains |
| Range | 220-240 Volts |
| Size (H x W x L) | 435 x 320 x 665 mm |
| Voltage | 240 V |
| Weight | 10.3 kg |

KÄRCHER

The Kärcher HD 6/13 C Plus Cold Water Pressure Washer

£425 + VAT

The Kärcher HD 6/13 C Plus is Ideal for a variety of situations on farms, in workshops, company fleets & machinery and commercial cleaners.

Kärcher have incorporated controls on the unit for variable adjustment of pressure & water flow rate, to suit all applications.

Also included - Dirt Blaster nozzle giving high cleaning power & area coverage. Pivoting stainless steel spray lance can be turned under pressure. Power cable & nozzles are stored on the unit

When purchasing this machine you can also now experience the new dimension of ergonomics in high-pressure cleaning with Kärcher's new EASY!Force HD trigger gun. You need zero holding force & can clean effortlessly with less stress.

Constantly holding the trigger of conventional HD trigger guns soon leads to tiredness, painful hands & a cramped working posture. Extensive cleaning is difficult without taking frequent breaks or even changing operators. Kärcher's EASY!Force technology changes this once & for all. Requiring no more holding force it has never been so easy to clean with high pressure.

When high-pressure guns fail it's largely due to faulty valves damaged by particles. Kärcher's EASY!Force system also puts an end to this. The valve consists of a ceramic ball with ceramic sealing seat that is resistant to any particles liable to cause potential damage. This gives the handgun a lifetime 5 times longer than trigger guns with a conventional valve.

The trigger safety of the new EASY!Force trigger gun also prevents unintentional operation & offers maximum safety during use - without compromising on ease of use. You only need to press the trigger once to release the high-pressure jet - intuitive & simple. The EASY!Force trigger gun remains open as long as the trigger is pressed. When you release the trigger, the trigger gun immediately switches off.

In addition the machine also features Kärcher's patented EASY!Lock quick locks, connection is quick and easy. Unbelievably 5 times faster compared with conventional screw connections whilst remaining just as durable & robust.

Audio Special Offers

£49.50 + VAT

Pioneer DEH-150MP Front AUX input CD/MP3 player

Pioneer

Enjoy music at its best with the Pioneer DEH 150MPG CD/Radio Receiver. With MP3/WMA and WAV playback support you can play any CD in the compact CD player or plug in your music device through the front AUX-in jack.

TEC→STOP

WIRING

The Tec-Stop wiring division is expanding rapidly - we have invested in machinery and tooling as well as expanding the workforce.

From one off single wire assemblies to high volume complex harnesses - whatever you need we can make.

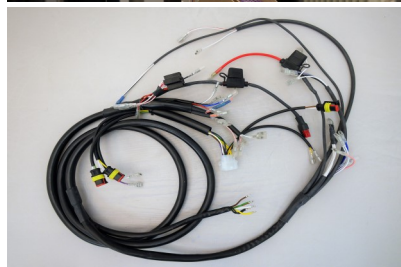

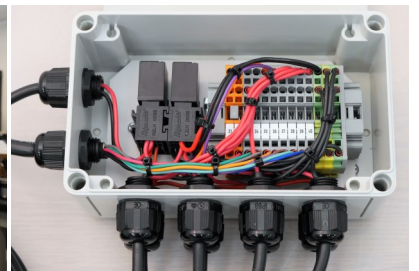

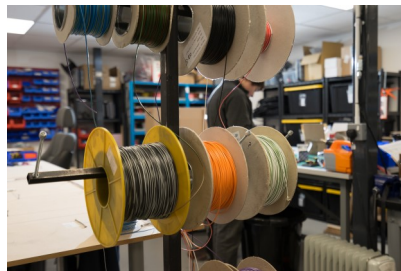

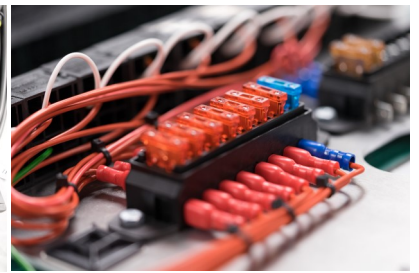

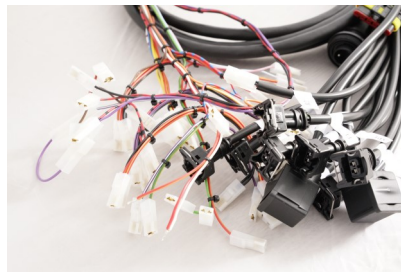

No project is considered too small or too large. All looms are assembled by our experienced team in the manufacturing facility based within our Truckstop Worcester branch.

'Plug & Play' solutions for all areas of the automotive industry: Buses, Trucks, Agricultural Vehicles, Motorhomes, Recovery Vehicles etc.

Harnesses can be assembled in a variety of different finishes ranging from tape, pvc tube, conduit sleeving through to high wear resistance plastic braid.

From design to drawing to the finished product. Tec-Stop Wiring will provide the perfect quality wiring harness to suit your needs.

If you have any wiring projects on the horizon or are just interested in what we can offer please contact: andy@tec-stop.co.uk or call the Worcester branch on **01905 758600**.

All Prices Listed Subject To VAT - All Offers Available Until The End Of October Or While Stocks Last
