AND THE ENVIRONMENT

IN 2014, DOMTAR PERSONAL CARE BENEFICIALLY REUSED 81% OF TOTAL MANUFACTURING BYPRODUCTS, INCLUDING GENERAL TRASH.

Our production is engineered with highly efficient material cutting patterns to minimize waste. We also phased out in-house raw material reclamation. Instead of sending this waste to the landfill, we partnered with companies to use our scrap as their raw materials. It's better for our processes – and for the planet.

Attends® catalog is printed on 100 lb. Cougar® Opaque Smooth Cover and 100 lb. Cougar® Opaque Smooth Text. Cougar is a premier member of the Domtar EarthChoice® family of products. All Cougar paper is FSC® Certified, SFI® Certified Sourcing and Rainforest Alliance Certified™. Featuring 10% post consumer recycled content and certified fiber, it's the optimal environmental choice. This catalog and additional Attends® literature is available online. Access our literature and other valuable tools at www.Attends.com.

Domtar is pleased to make an annual contribution of \$350,000 to WWF from the sale of EarthChoice® products.
