Family Owned and Operated

Peaceful.... Beautiful.... Everlasting Whispering Waters Cremation Garden

For families choosing cremation, the extraordinary Whispering Waters Cremation Garden is available, with property including personalized granite pedestals, benches and other cremation memorials. Niches for cremated remains are also available in the Community Mausoleum. Rolling lawns, picturesque statues and well-maintained landscaping contribute to the beauty of Rosehaven Memorial Park. We offer a variety of interment choices, including traditional ground burial, private garden estates and community mausoleums. Rosehaven Memorial Park is a perpetual care cemetery, with trust funds regulated by the state of Georgia. This means that your burial estate and the overall appearance of the cemetery will be properly maintained into the future.

Whitley-Garner at Rosehaven Funeral Home and Memorial Park offers the finest in facilities, service and personalized care. We are proud to offer the convenience of planning all funeral and cemetery arrangements at one location. In addition to a beautiful entry and public gathering area, the funeral home features four large staterooms and a chapel with a cathedral ceiling and seating for 250 guests.

At Whitley-Garner at Rosehaven Funeral Home and Memorial Park, we believe that every life is unique, and every funeral should be too. We offer quality, compassionate care and service you can trust.

Families have come to Whitley-Garner at Rosehaven for 75 years to receive the most compassionate care, the best commitment to quality and excellent service. Thank you for placing your confidence in us.

Advancing Health

WITH **HEART CARE** BEYOND MEASURE.

Who has your heart? Your spouse? Your grandkids? Tanner specializes in your heart, with preventive services to keep you healthy and the region's largest network of primary care providers to quickly catch cardiovascular problems when they begin. Advanced diagnostic care ensures that your heart is working properly, and innovative treatments like angioplasty and cardiac electrophysiology are available should problems occur, including heart attacks or irregular heartbeats. So your heart can be there for the ones who hold it, strong and safe, with **medicine beyond measure**.
