**New!** Premium Magnetic Phone Holder!

# MagPhone

MagPhone

1. The elegant phone holder with magnet is universally usable e. g. for the dashboard, the desktop, in the kitchen, in the bathroom etc.
2. With the 3M adhesive under the ball bracket the mobile phone holder can be stick at any place. The enclosed metal plate needs to be stick in the middle of the mobile phone or tablet. Place the backside of your phone over the magnetic disc and your phone will hold strong. The magnet will not harm your phone or tablet because these devices contains no magnetic storage media.
3. Because of the ball bracket the phone holder is able to rotate 360 degrees to adjust the phone to your most comfortable angle.
4. Inside the magnetic disc is a powerful neodym-magnet located so that the phone is holded safe in position during vibrations.
